INNOVATIVE KITCHEN TECHNOLOGY

COMPETENCE BOOK WINE COOLERS

No.3

IT DEPENDS ON THE TEMPERATURE

Whether red wine with an aromatic bouquet; a crisp white wine; a well-chilled beer or cool summer drinks, CASO Design wine and barbecue coolers ensure maximum enjoyment.

Ice cube makers and ice cream machines deliver that extra helping of coolness. If you like tasty, tender meat, you will love the CASO Design Dry Aged Cooler. There is no better way to get the best out of your meat!

Enjoy with

Enjoy wine with your meal

Stable temperatures thanks to CASO Design

For many connoisseurs, gourmet cuisine must be accompanied by a great white or red wine, depending on what they are eating.

Without a doubt, the perfect wine rounds off a good meal. Achieving the ideal drinking temperature is an essential element of this. Wine coolers are a great way to keep wine that has been stored in a CASO Design wine refrigerator at a desired temperature ranging from 5 to 18 °C when served at the table.

Other drinks such as mineral water, lemonade or sparkling wine can also be chilled and kept cool.

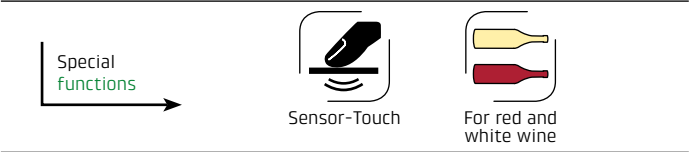

Wine Cooler for one bottle

VinoCase Black

Item 615

- + Modern table-top wine cooler, ideal to maintain the temperature of an already chilled bottle of wine, champagne, sparkling wine, etc.
- + **Suitable for all bottles with a diameter up to 9 cm**
- + High-quality, elegant matt black housing – enables you to perfectly stage your favourite wine on any table/ sideboard
- + **Temperature electronically adjustable from 5 to 18 °C* in 1 °C - increments (or 41 to 64 °F in 1 °F increments) – for the optimum drinking temperature**
- + White LED temperature display with practical sensor touch controls
- + **Quiet operation**
- + Compact size for space-saving storage

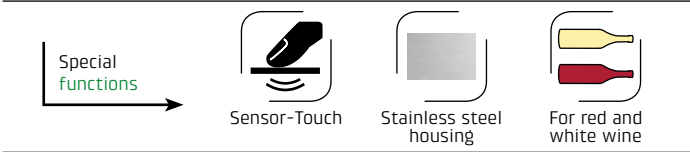

Wine Cooler for one bottle

WineCase One Inox

Item 611

- + High quality wine cooler for one bottle (up to 9 cm Ø)
- + **Ideal for maintaining the temperature of an already cooled bottle of wine, champagne, sparkling wine, etc.**
- + Put your favourite wine in the limelight
- + Noble design with stainless steel housing
- + Compact size – perfect on every sideboard
- + **Temperature electronically adjustable from 5 - 18 °C* in 1 °C steps (or 41 - 64 °F in 1 °F steps)**
- + White LED temperature display
- + Practical sensor touch operation

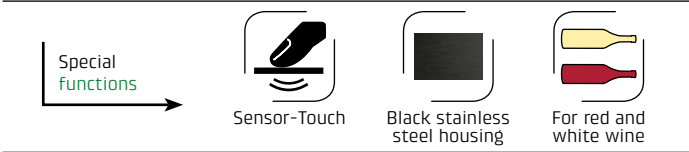

Wine Cooler for one bottle

WineCase One Black

Item 614

- + Like WineCase One Inox, but with black stainless steel housing

* The achievable value in the interior can not exceed the ambient temperature at the installation site.

+ Switchable interior lighting

+ Timeless design and elegant handle

+ Five wood storage shelves

+ Lockable door

* Bottle size based on a standard Bordeaux bottle (max. Ø 75 mm)

** The achievable value in the interior can not exceed the ambient temperature at the installation site

Smart Kitchen

Temperature control easily via the CASO Control app

Every wine has its own character which becomes more pronounced as it ages. CASO Design wine refrigerators provide the ideal conditions required for this process. Our Wi-Fi-enabled appliances can also be easily controlled using a smartphone – even if you’re not at home. The free CASO control app is essential for this and can be used to check and control your wine refrigerator’s storage temperature and lighting.

NEW: Temperature Profiles in the App Portal
Our latest enhancement allows you to select custom temperature profiles online. They include both the pre-set profiles “Standard Celsius” and “Standard Fahrenheit” as well as energy-saving profiles “Eco Celsius” and “Eco Fahrenheit”. To get even more enjoyment out of your wine cooler you can also create your own profiles – perfectly customised to suit your life.

NEW: LED light strips dimmable via smartphone
The built-in appliances in the WineDeluxe WD series have dimmable LED light strips to create a special atmosphere. You can now easily control the 4 light intensity levels via the app.

Summary:

- Perfect temperature and light control from virtually anywhere
- App development “Made in Germany”
- Monitors your wine cooler
- Easy light control from almost anywhere
- NEW! Enhanced features in the app portal: Choose pre-set (Standard/Eco) or custom temperature profiles
- NEW for all WineDeluxe WC built-in wine coolers – LED light strips with 4 dimmable light intensity levels
- Free for Android and iOS

Dry aging cabinet

DryAged Master 380 Pro

Item 691

freestanding
and convertible

The special way to age meat

Fancy a Galician beef sirloin steak? An absolute dream for meat lovers. Thanks to its strong marbling this cut is extra tender and aromatic and can achieve its full potential in the CASO DryAged maturing cabinet.

This special way of aging meat makes it particularly tender and aromatic. Beef aged meat on the bone has been a sensation in the USA for decades now.

Dry aging is the oldest known process for maturing meat and involves aging it on the bone for a certain length of time at a controlled temperature and humidity.

CASO DryAged coolers include finely adjustable air conditioning technology and a high-quality finish. A “must-have” for meat lovers who want ultimate enjoyment.

Dry aging cabinet

DryAged Master 63
