VACUUM SEALER & SOUSVIDE COOKER

More pleasure & joy from your food

With its innovative system and variety of models the CASO Design vacuum sealer offer a wide range of options to redefine enjoyment and freshness.

BAR VACUUM SEALER

VRH 690 advanced

ART. 1527

- + **Versatile functions:**
  - Two vacuum levels (gentle and normal)
  - Automatic vacuuming and welding
  - Manual welding
  - Vacuum container and marinating function\*
- + **Durable double piston pump with up to 20 liters / min and a maximum negative pressure of -0.9 bar**
- + Convenient one-hand operation by foldable locking handle
- + Removable vacuum chamber for easy cleaning
- + Electronic temperature monitoring
- + For a particularly stable, 2.5 mm thick double weld seam up to 30 cm width
- + **Multi cycle: Up to 150 cycles non-stop possible**
- + **Individually adjustable welding time:** (dry, moist, extra long)
- + Integrated cutter for trimming the bags
- + Integrated foil box
- + Practical progress display
- + Incl. 1 foil roll 20 x 300 cm, 1 roll 28 x 300 cm, 1 vacuum hose

Product data			
EAN	4038437015270	Packing unit	1
Measures	400 x 120 x 195 mm (WxHxD)		
Weight	2,8 kg	Pump	ca. 20 liters/min
Power	130 Watt	Voltage	220-240V/ 50 Hz

\*Vacuum containers not included

# PREMIUM PROFESSIONAL DEVICES

## One platform – Many functions

Marinating made easy:  
A vacuum sealer is the perfect way to achieve intensive marination of meat and fish in a very short space of time. The automatic sealing process opens and closes pores multiple times.

Double weld seam  
Two things are key for perfect storage and optimum protection of food items – a tightly welded seam and a high quality vacuum bag. A double weld seam seals the vacuum bag with two parallel welds in one sealing process. This ensures that the contents is perfectly protected.

### BAR VACUUM SEALER

#### FastVAC 500

ART. 1409

- + **Versatile functions:**
  - Two vacuum levels (gentle and normal)
  - Pulse and vacuum container function\*
  - Automatic vacuuming, marinating and welding
- + **Durable double piston pump with up to 20 liters / min and a maximum negative pressure of -0.9 bar**
- + **Individually adjustable welding time:** (dry, moist, extra long)
- + Practical locking handle for one-hand operation
- + Integrated cutter for trimming the bags
- + Integrated foil box
- + Secure sealing with double weld seam for bags up to a width of 30 cm
- + Practical progress display and soft touch operation
- + Incl. vacuum hose for vacuum containers
- + Incl. 2 foil rolls: 1x 20x300 cm, 1x 28x300 cm

Product data			
EAN	4038437014099	Packing unit	1

# CHAMBER VACUUM SEALER

## Professional vacuum sealers

Whether soups, sauces or meat, when vacuum sealing moist foods the process must be particularly gentle. Chamber vacuum sealers include this option and are an easy way to keep moist and also dry foods fresh for longer.

The hermetically sealed vacuum chamber extracts air from containers and bags, creating an almost 100% vacuum.

Bags are then securely welded shut, creating a permanent hermetic seal.

### CHAMBER VACUUM SEALER

VacuChef 40

ART. 1417

- + **Versatile functions:**
  - Combined vacuuming and sealing with individual settings for hard and soft, as well as dry and moist foods
  - Manual sealing
  - Automatic marinating in the bag
- + **Chamber size (WxHxD): 260 x 45 x 260 mm (approx. 3 liters)**
- + **Durable quadruple piston pump (70 l/min.) and powerful motor, suitable for heavy duty continuous operation, maximum vacuum: -0.95 bar**
- + Secure sealing with double weld seam for bags up to a width of 25 cm
- + With integrated clamping bracket for a firm hold of the vacuum bags
- + Practical progress display and intuitive touch control panel
- + Vacuum outside of the device also possible with structured bags
- + Easy vacuuming of vacuum containers
- + **High-quality vacuum sealer: housing made of stainless steel and glass lid made of tempered glass**
- + Removable sealing bar
- + Incl. vacuum hose for vacuum containers
- + Incl. 20 foil bags 25x28 cm

Product data			
EAN	4038437014174	Packing unit	1
Measures	320 x 175 x 355 mm (WxHxD)		
Weight	ca. 8,4 kg	Pump	70 liters/min
Power	280 watt	Voltage	220-240V/ 50 Hz

### CHAMBER VACUUM SEALER

VacuChef 70

ART. 1418

- + **Versatile functions:**
  - Manually adjustable vacuuming and sealing time, perfect for dry or moist foods
  - Manual sealing
  - Practical marinating function
- + **Chamber size (WxHxD): 305 x 322 x 100 mm (approx. 8 liters)**
- + **Durable quadruple piston pump (70 l/min.) and powerful motor, suitable for heavy duty continuous operation, maximum vacuum: -0.95 bar**
- + Secure sealing with double weld seam for bags up to a width of **30 cm**
- + With integrated clamping bracket for a firm hold of the vacuum bags
- + High quality manometer for displaying the current pressure
- + Adjustable vacuum time from 30-99 seconds and sealing time from 3-9 seconds
- + Practical digital process display
- + Easy vacuuming of vacuum containers
- + **High-quality vacuum sealer: housing made of stainless steel and glass lid made of tempered glass**
- + Incl. 30 foil bags 20x30 cm

Product data			
EAN	4038437014181	Packing unit	1
Measures	365 x 235 x 410 mm (WxHxD)		
Weight	12 kg	Pump	70 liters/min
Power	350 watt	Voltage	220-240V/ 50-60 Hz

CHAMBER VACUUM SEALER

VacuChef SlimLine

ART. 1419

- + **Versatile functions:**
  - Manually adjustable vacuuming and sealing time, perfect for dry or moist foods
  - Manually sealing
  - Practical marinating function
- + **Chamber size (WxHxD): 300x90x290 mm (approx. 8 liters)**
- + **Durable quadruple piston pump (70 l/min.) and powerful motor, suitable for heavy duty continuous operation, maximum vacuum: -0.95 bar**
- + Secure sealing with double weld seam for bags up to a width of **30 cm**
- + With integrated clamping bracket for a firm hold of the vacuum bags
- + Ultra flat design / perfect for using in the extracts of your kitchen
- + High quality pressure gauge to display the current pressure
- + Digital process display of the vacuum and welding function
- + Easy vacuuming of vacuum containers
- + Adjustable vacuum time from 20-99 seconds (in steps

- of 5) and welding time from 3-9 seconds
- + High quality stainless steel housing
- + Incl. vacuum hose for vacuum containers
- + Incl. 30 professional foil bags 20x30 cm, 1 welding bar

Product data			
EAN	4038437014198	Packing unit	1
Measures	500 x 170 x 415 mm (WxHxD)		
Weight	13,5 kg	Pump	70 liters/min
Power	400 watt	Voltage	220-240V/ 50-60 Hz

CHAMBER VACUUM SEALER

VacuChef 77

ART. 1420

- + **Versatile functions:**
  - Manually adjustable vacuuming and sealing time, perfect for dry or moist foods
  - Manually sealing
- + **Chamber size (WxHxD): 300 x 115 x 350 mm (approx. 11 liters)**
- + **Durable quadruple piston pump (77 l/min.) and powerful motor, suitable for heavy duty continuous operation, maximum vacuum: -0.95 bar**
- + Secure sealing with double weld seam of up to **30 cm**
- + With integrated clamping bracket for a firm hold of the vacuum bags
- + Adjustable vacuum time from 5-60 seconds and welding time from 3-9 seconds
- + **High quality pressure gauge to display the current pressure**
- + Digital process display of the vacuum and welding function
- + Easy vacuuming of vacuum containers
- + Removable sealing bar
- + High quality stainless steel housing with domed and obscured plexiglass

Product data			
EAN	4038437014204	Packing unit	1
Measures	360 x 360 x 430 mm (WxHxD)		
Weight	24 kg	Pump	77 liters/min
Power	630 watt	Voltage	220-240V/ 50 Hz

# The CASO FOOD MANAGER APP

The app that organizes your food – waste less food, save more money.

## CASO FOOD MANAGER APP

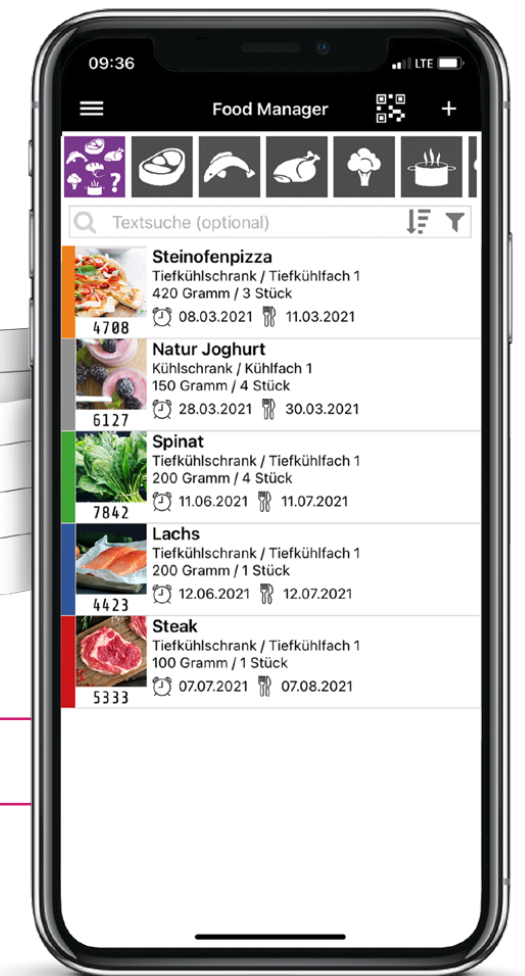

F.A.Z. - Institute

Germany's  
best Apps

FREE

## The "food alarm" app – Keep track of your food items at a glance

The CASO® food manager app provides a perfect overview of what food items and dishes you have on hand. It is the perfect way to digitally archive your food, ensuring that you have a better overview of shelf lives and use-by dates. An "alarm system" reminds you when items need to be used soon. The CASO Design food manager app provides you with a perfect overview of your store cupboard items at all times.

Practical quick scan - The app can be used to scan QR code stickers which are attached to food items and then add them to your food list (also QR and commodity code lists). This ensures that you always have an overview of

the items in your fridge or freezer and can check which ones are available; need to be replaced or need to be used. Find out more about the app and its practical features to start using your food items more sustainably today. The CASO food manager app is perfect for use in combination with CASO Design vacuum sealers since vacuum sealed items have longer shelf lives. The app also works fully independently.

BOXES

VacuBoxx Eco-Set

- + **Stackable glass vacuum container set** made from robust borosilicate glass with plastic lids for space-saving storage
- + For a longer shelf life of your food with the help of your vacuum sealer
- + **Particularly suitable for items which are pressure-sensitive and for liquids**
- + Set comprises:
  - 1 container with 1500 ml capacity
  - 2 containers, each with 500 ml capacity
  - 1 vacuum hose with adapter
- + **Date display (day and month) integrated into the lid**
- + Perfect for transporting and serving foods
- + Versatile use thanks so microwaveable, heat-resistant (up to 350°C) glass bodies
- + Glass bodies and lids can be used in the freezer (up to -18°C) and are dishwasher safe
- + BPA-free: Particularly suitable for baby food
- + optional use with hand pump art.no. 1178 (instead of vacuumizer)

Tips for use

CASO professional foil bags and rolls are made from material which can be boiled (in water at 100°C for max. 8 hours) and is also microwaveable. In addition to optimum storage they thus also offer the option of thawing or warming up items while still in the foil bag.

# SOUSVIDE- COOKER

## The future of cooking melts in your mouth!

Food which is cooked in a vacuum retains its natural flavour; meat becomes tender and juicy while nutrients, vitamins and trace elements are preserved. A highlight for any passionate professional cook.

CASO Design offers all the system components – boilable foil, high-quality sous vide centres and practical sous vide sticks.

### SOUSVIDE-CENTER

SV 900

ART. 1306

- + **The star awarded cuisine: Perfect SousVide cooking for an aroma-intensive cooking**
- + Perfect for SousVide cooking, preparation yoghurt, heating baby food in the glass, tempering couverture in a vacuum bag and much more
- + **Professional water circulation technology for an even vacuum cooking in a water bath**
- + **FINETEMP – temperature accuracy in steps of 0.1° C in the temperature range from 30 - 90° C**
- + Rapid water heating of up to 9 litres
- + Easy operation with digital display
- + **Timer function up to 99 hours**
- + **Incl. 2 stainless steel racks for up to 5 SousVide bags**
- + **With lid for a perfect insulation**
- + **With filter system**
- + Incl. practical water draining hose

Weight	5,2 kg	Capacity	Up to 9 liters
Power	2000 watt	Voltage	220-240V

Sous vide – Stress-free preparation for restaurateurs and caterers

It has been common knowledge for many years now that cooking food at low temperatures is the best way to preserve flavour and nutrients. Sous vide pioneers Pralus and Goussault began using the method back in the mid-1970's.

Today the term “sous vide” is firmly established in professional food circles. The translation is simple – “without air / under a vacuum”. In Germany the term “Thermalisieren” (thermalisation) is colloquially used to describe this method of cooking. The food to be cooked is placed in a bag which is vacuum sealed and, ideally, cooked in a water bath with circulation technology.

The secret of the “sous vide” method's success lies in the fact that nutrients are not leached out of food but instead remain in the cooking juices in the bag. Since ingredients marinate in their own juices less seasoning is required. This makes it possible to reduce the amount of salt and other seasonings used. Fruit and vegetables no longer oxidise but instead remain crisp, fresh and retain their original colour. Another benefit is the preservation of the majority of vitamins and minerals in the items being cooked. Instead of being leached out they remain in the products. Studies show that 40 % more nutrients are preserved in vegetables which are cooked using the sous vide method than when conventional cooking methods are used.

SOUSVIDE-COOKER

SV 1200 Smart SousVide Sticks

- + Rapid of heating of water due to powerful 1200 watt up to **90°C (194° fahrenheit)**, in 0,5°C steps individually adjustable
- + Perfect for meat, fish and vegetables also suitable for heating baby food in the glass, for tempering of couverture in a water bath, the preparation of yoghurt and for the gentle thawing of frozen products
- + **Suitable for virtually all heat-resistant vessels**
- + **Precise temperature control up to 90°C (194° Fahrenheit)**
- + Timer function – can be precisely set in 1 minute increments up to 99 hours 59 minutes
- + **Appliance is complete water-resistant according to IPX7 standard**
- + **Smart Control** – SousVide Stick can be controlled and read with the CASO Controll App
- + Simple operation of the LED Display using a sensor-Touch control panel
- + **3D-circulation – Constant temperature due to water circulation**
- + Compact SousVide cooker – space-saving storage and easy to clean

SV 1200 Smart

- + **Heats up to 20 liters water to precisely 0,5°C in 0,5°C-steps**
- + Minimum height of the heat resistant vessel: 12 cm
- + With simple clamp mounting for flexible SousVide cooking

SV 1200 Smart Pro

- + **Heats up to 30 liter water to precisely 0,5°C in 0,5°C-steps**
- + Minimum height of the heat resistant vessel: 19 cm
- + With practical suspension device

# THE FAST AND DIRECT WAY TO COOK

## MOBILE INDUCTION

## Smart induction for perfect results

Perfect results thanks to precise control. Induction is fast, safe and energy-saving. The practical thermometer allows you to precisely control the hob's temperature for a guaranteed perfect result.

CASO Design mobile hobs can be used flexibly. Induction hobs are suitable as full-function hobs, as heat retention hobs, for cooking events or for use in mobile catering. A standard plug socket is all that is required for full power!

### MOBILE SINGLE HOB

Maître 2400

ART. 2230

- + Particularly fast and powerful – max. 2400 watt
- + Temperature precisely adjustable from **60°C to 240°C**
- + Precise cooking with Smart Control on 12 temperature and power levels
- + Sensor-touch control
- + Large digital display
- + **Timer function 1 - 180 minutes with 1 minute interval**
- + Modern design with easy to read, beveled control panel
- + Very simple and easy cleaning

### MOBILE DOUBLE HOB

Maître 3500

ART. 2231

- + Particularly fast and powerful – max. 3500 watts in total, max. 2400 watts for one-sided use
- + Temperature precisely adjustable from **60°C to 240°C**
- + Precise cooking with Smart Control on 12 temperature and power levels
- + Sensor-touch control
- + Large digital display
- + **Timer function 1 - 180 minutes with 1 minute interval**
- + Modern design with easy to read, beveled control panel
- + Very simple and easy cleaning

MOBILE SINGLE HOB THERMOCONTROL

TC 3500 ThermoControl

Precise cooking and roasting with Core Temperature Sensor!

ART. 2371

Perfect control is the basis for optimum cooking results. The innovative temperature control feature adds this dimension to induction cooking, making it fast, safe, energy-saving and perfectly controlled.

The combination of induction hob with CASO ThermoControl technology offers endless options.

Whether fish, meat or vegetables, many recipes require precise temperature control to achieve perfect results. This is usually only possible with very fine heat gradation.

CASO Thermo-Control thermometers with FineTemp allow you to set precise temperatures to within 1°C of the required heat, guaranteeing that every recipe is a success.

- + Particularly fast and powerful – max. 3500 watts
- + Temperature precisely adjustable from **60-240°C (up to 100°C in 10°C-steps, from 100°C in 20°C-increments)**
- + Degree-accurate frying and cooking thanks to precise ThermoControl thermometer for exact temperature control
- + Perfect for pinpoint roasting of steak or roasted beef, for sousvide cooking and to keep fod warm
- + Adjustable temperature range from 40 - 160°C, accurate to within 1°C thanks to **FineTemp**
- + Incl. practical holder for the thermometer
- + Cooktop can also be used without ThermoControl thermometer
- + Automatic pan detectionfor pans from 12-28 cm Ø
- + Intuitive sensor-touch control
- + Precise cooking with Smart Control on 12 power levels
- + **Timer function from 1 minute to 23 hours and 59 minutes**
- + High quality stainless steel and Glass ceramic glossy glass surface
- + Overheating protection

Power	3500 watt	Voltage	220-240V/ 60 Hz

- + Secure positioning due to non-slip feet

# PURE POWER FOR CLEAN PROFESSIONAL HANDLING

## KITCHEN APPLIANCES

### Simple, clean, precise, easy & fast

Thanks to their intuitive operating controls our kitchen aids simplify many stages of the cooking process, ensuring everything goes smoothly in professional kitchens.

We offer a wide range of traditional equipment such as food processors and stick blenders, citrus presses and kitchen scales,

guaranteeing effortless, precise, clean working processes.

Smart functionality, top quality and high performance deliver fast, efficient results, also when handling meat, BBQing food or making ice cream.

## HAND BLENDER

### HB 2400 Pro XL

ART. 3604

- + Powerful, quiet stick blender for mixing, stirring, whisking, pureeing and chopping
- + **High-performance 24.000 rpm for a wide range of uses such as preparing smoothies, soup, purees, egg whites, baby food, mince, etc.**
- + Durable 350-watt AC motor for a consistent speed, high effectiveness and energy efficiency
- + Extra-long stainless steel shaft (29 cm) for easy processing of up to 20 litres of liquid
- + Simple, fast cleaning of individual parts
- + Easy changeover of attachments in just a few seconds
- + Overheating protection
- + **With extra long cable (180 cm)**
- + Versatile accessories:
  - multi knife (titanium coated)
  - stainless steel whisking disk
  - stainless steel meat cutter
  - stainless steel

#### Product data

EAN	4038437036046	Packing unit	4
Measures	65 x 510 x 110 mm (WxHxD)		
Weight	1,1 kg	Rotation	24.000 r/min
Power	350 watt	Voltage	220-240V/ 50-60 Hz

BLENDER

B 1800 PowerBlender Set

ART. 3618

- + Multifunctional – ideal for preparing smoothies, milk shakes, baby food, soup, crushed ice, long drinks, etc.
- + **Stron 1800-watt motor with an infinitely variable speed of up to 28.000 rpm**
- + **Robust 6-blade cutter with gold titanium coating**
- + Quick preparing thanks to pre-set extra programmes: Smoothie / Crushed ice / Aut pulse
- + With seperate auto pulse
- + **High-quality large glass mixing jug (1.75 l)**
- + **High-quality stainless steel housing**
- + Safe stand thanks to non-slip rubber
- + Easy clean because dishwasher-proof and knife attachments is simple to dismantle
- + Accessories:
  - Stainless steel chopper with stainless steel rotating blade for coffee beans, nuts, pesto, baby food and dried herbs / spices
  - Measuring cup integrated in the lid
  - "Mix & go" drink bottle (700 ml)
  - Pestle

Product data			
EAN	4038437036183	Packing unit	1
Measures	220 x 435 x 190 mm (WxHxD)		
Weight	4,1 kg	Rotation	28.000 r/min
Power	1800 watt	Voltage	220-240V/ 50-60 Hz

CITRUS JUICER

CP 330 Pro

ART. 3560

- + **Powerful electric designer citrus juicer with stainless steel case**
- + **Universal pressing cone made of stainless steel:**
  - For all common citrus fruits from lime to grapefruit
  - High juice yield
- + **Easy handling with little effort by lever pressing arm**
- + Juice spout directly into glass
- + No dripping thanks to fold-up spout
- + Soft touch handle with practical automatic stat-up
- + Very easy cleaning due to removable and dishwasher-safe components
- + Suction feet to secure stability
- + Low noise motor

Product data			
EAN	4038437035605	Packing unit	2

# ICE CUBES & ICE CREAM

## Perfectly cooled and served fresh

An ice cold drink, creamy ice cream dishes for the summer season or a healthy home-made yoghurt – keep a cool head on hot days with CASO Design ice cube and ice cream makers.

### ICE CUBE MAKER

IceMaster Pro

ART. 3301

- + Produces approx. 500 g ice cubes/h\*.
- + Quick ice cube production in 6-13 minutes
- + Two ice cube sizes, small & big
- + Good insulation
- + Compact, elegant design made of high-quality stainless steel
- + Powerful compressor technology
- + Lid with viewing window for easy control
- + Practical water level indicator
- + Automatic shutdown for energy saving use
- + **Large water tank capacity of 2.2 liters**
- + Inkl. handlicher Eisschaufel für einfache Portionierung

Product data			
EAN	4038437033014	Packing unit	1
Measures	240 x 320 x 360 mm (WxHxD)		
Weight	9,4 kg	Capacity	2,2 liters
Power	90 watt	Voltage	220-240V/ 50 Hz

\* Average value after 3 h runtime

### ICE CREAM AND YOGURT MAKER

IceCreamer

ART. 3298

- + Produces 2 litres of ice cream or yoghurt
- + 4 programmes for the fully automatic production of ice cream or yoghurt
- + Fast, delicious and individual:
  - Creamy ice cream creations in max. 60 minutes
  - Finest yoghurt in 5-8 hours
- + **No precooling necessary thanks to powerful compressor technology and 1800 watts cooling capacity**
- + Suitable for cow and plant milk
- + Intuitive and clear operation
- + Removable ice cream container
- + Incl. ice cream scoop and measuring cup
- + Housing made of high quality stainless steel
- + Ingredients can be added during operation via the refill flap
- + **With practical aftercooling function up to 60 min**

Product data			
EAN	4038437032987	Packing unit	1
Measures	430 x 280 x 285 mm (WxHxD)		
Weight	11,8 kg	Capacity	ca. 2 liters icecream
Power	180 watt	Voltage	220-240V/ 50 Hz

# HOT WATER DISPENSER

## Next generation hot water

The CASO Turbo hot water dispenser heats the desired amount of water to the desired temperature in a very short space of time. Long waits, as is the case with electric kettles, are a thing of the past. Ideal for uses such as breakfast buffets, mobile catering, hotels, conference rooms, office kitchenettes and much more besides.

HOT WATER DISPENSER  
HW 1000

40 - 100 °C

ART. 1867

- + Ideal for breakfast buffets, mobile catering, hotels, meeting rooms, office kitchens etc.
- + Hot water in a few seconds thanks to powerful 2600 watts
- + Energy saving and more economical than commercially available kettles
- + **7 selectable temperatures:** 40 - 100°C (in 10°C steps)
- + Practical sensor touch control
- + Needs-based cover: 100 / 200 / 300 ml and permanent
- + **Large 4 liter water tank** - removable, easy to fill and clean
- + Compact, elegant design made of high-quality stainless steel

Product data			
EAN	4038437018677	Packing unit	1
Measures	195 x 340 x 305 mm (WxHxD)		
Weight	3,2 kg	Capacity	4 liters
Power	2200 - 2600 watt Voltage 220-240V/ 50-60 Hz		

HOT WATER DISPENSER  
PerfectCup 1000 Pro

70 - 100 °C

ART. 1878

- + Ideal for breakfast buffets, mobile catering, hotels, meeting rooms, office kitchens etc.
- + Hot water in a few seconds thanks to powerful 2600 watts
- + Practical sensor touch control
- + **4 selectable temperatures:** 40 - 100°C (in 10°C steps)
- + Individual key assignment: Two different output quantities can be set depending on cup sizes
- + Water draw-off quantity selectable up to infinity
- + **Large 4 liter water tank** - removable, easy to fill and clean
- + Incl. water filter for perfect water quality
- + Perfect for the preparation of tea and instant coffee
- + Compact, elegant design made of high-quality stainless steel

Black	Art. 683	EAN	4038437006834
Edelstahl	Art. 694	EAN	4038437006940
Black	Art. 695	EAN	4038437006957
Maße	430 x 690 x 540 mm		
Gewicht	31,4 kg	Volumen	ca. 63 Liter
Leistung	60 Watt	Spannung	230V/ 50 Hz
VPE	1		

COOLING OUTDOOR

Counter & Cool

0 - 10 °C

ART. 681

- + Stainless steel trolley for CASO Barbecue Cooler with removable side shelves
- + High quality stainless steel design
- + **Ideal for covered terraces etc. thanks to splash water protection (according to IPX-4)**
- + Drawer with self-closing mechanism
- + **Side parts up to 25 kg loadable**
- + Easily washable and very hygienic
- + With four stable swivel castors for easy transport
- + Front castors with parking brake

Product data			
EAN	4038437006810	VPE	1
Maße	1010 x 985 x 600 mm		
Gewicht	59,2 kg	Volumen	ca. 63 Liter
Leistung	60 Watt	Spannung	230V/ 50 Hz

# DRYAGED COOLER

NEW

## The special way to age meat

This special way of aging meat makes it particularly tender and aromatic. Dry aging is the oldest known process for maturing meat and involves aging it on the bone for a certain length of time at a controlled temperature and humidity.

DRYAGED COOLER

DryAged Master

2 - 14 °C

- + High quality maturing cabinet with compressor technology
- + **For storing, presenting and maturing high quality meat**
- + In different sizes: 63, 125, 380 liters (usable volume)
- + **Temperature electronically adjustable from 2-14°C\* (in 1°C-steps)**
- + **Indoor humidity adjustable from 50-85 %**
- + Active fans for a very even temperature
- + Intuitive operation using the touch control panel
- + **3-layer UV glass**
- + Lockable with an integrated lock
- + Socket ventilation (690 and 691 only)
- + **Switchable interior lighting**
- + **Switchable, antibacterial UV light**
- + With built-in activated carbon filter
- + Incl. racks and hangers with meat hooks (made of stainless steel)

\* The achievable value in the interior cannot be higher than the ambient temperature in the installation site
