INNOVATIVE KITCHEN TECHNOLOGY

COMPETENCE BOOK

COMPETENCE BOOK – FOR TRUE CONNOISSEURS

Get inspired. We invite you to discover CASO Design themes – right now, in our latest competence book.

Its seven chapters present products that meet high design standards; use innovative digital technology to open up new application possibilities and deliver fantastic gourmet moments.

Enjoy your time with CASO Design.

Innovative kitchen technology – for true connoisseurs

WHAT MOTIVATES US

CASO Design is one of the first brands to address the fusion of kitchens with daily living spaces through mobile appliances. In recent years, we have continuously developed this basic idea and made it our mission to design products that positively affect your daily life.

Through innovative functions, aesthetic shapes and ideas that are simply good.

We have entered many new areas and sustainably positioned ourselves as an innovative brand. Modern technologies, a consistent design strategy and intuitive operating concepts make this possible.

Peter Braukmann, Bernd Braukmann

CONTENTS

Chapter 1	Microwaves, ovens, air fryers & more	8
	Steam cookers, microwaves, mini-ovens, air fryers, waffle makers and crêpe makers	
Chapter 2	Induction	48
	Single and double induction hobs	
Chapter 3	Vacuuming & sous vide	62
	Vacuum sealers for all requirements, sous vide cookers and a wide range of accessories	
Chapter 4	Coffee & tea	98
	Fully automatic coffee machines and coffee makers, milk frothers, coffee grinders, hot water dispensers and electric kettles	
Chapter 5	Juicers & blenders	126
	Stick and normal blenders, slow juicers and citrus presses	
Chapter 6	Kitchen & household appliances	144
	Food processors, choppers, toasters, egg boilers, kitchen and bathroom weighing scales and much more besides	
Chapter 7	Cooling & dry aging	180
	Wine, BBQ and drink coolers, dry aged coolers, ice cream makers and ice cube makers

Chapter 1

Microwaves, ovens, air fryer & more

Intelligent functions in compact devices

What is CASO Design? The best preparation methods, such as steam cooking, microwaves with inverter technology, true convection or grilling, and products ranges that provide state-of-the-art user convenience.

CHOOSE THE BEST COOKING METHOD

High convection for cakes and pastries, steam cooking for vegetables that are rich in vitamins or a grill for crispy fried chicken?

CASO Design microwaves, ovens, steam cookers and air fryers have a range of different technical functions, allowing you to choose the right cooking method for your recipe.

A variety of design and product lines with innovative technical functions.

Our Cooking & Baking series presents comprehensive, modern product lines with functions such as hot air, steam cooking and grilling.

Discover the various operating options, from analogue to digital, and let CASO Design expand your range of options.

12

CASO Design Steam oven

Gentle cooking for savoury, vitamin-rich enjoyment.

- Modern steam cooker with touch control for savoury dishes that are rich in vitamins
- Extra-gentle food preparation

14

Microwaves, ovens, air fryers & more

CASO Design Mini ovens

Modern compact ovens with touch control function and a wide range of accessories.

- Five functions for the perfect cooking method
- Tasty baked goods from pizza and cake to roast chicken

18

CASO Design Air fryer, waffle maker & crêpe maker

Air fryers for healthy food preparation

- High speed convection function
- Ideal for lower fat food preparation

Designer waffle and crêpes makers

- For tasty treats just like fresh from the fair

26

CASO Design Microwaves

CASO Design multifunctional devices offer numerous cooking functions and intuitive operation.

- Modern microwave technology for even cooking
- Convection function for baking
- Grill function

Design **built-in** oven with steam (45 niche)

SteamMaster E 56

Item 7420

- + High-quality, multifunctional steam oven with a powerful 3000 watts for gentle cooking, roasting, baking and steaming
- + The right setting for any dish, thanks to the combination and diversity of heating and steaming functions
- + Additional functions for the best results:
 - **Steam assistant:** Enables an additional supply of steam to the normal heating functions
 - Practical **keep-warm function**
 - Gentle **defrosting function** with the help of a steam supply
 - **COMBO function:** Practical combination of 2 cooking programmes
- + **Temperature settings:**
 - **Normal functions: 50 – 250 °C (in 5 °C increments)***
 - **Steaming function: 50 – 100 °C (in 1 °C increments)**
 - **Steaming PLUS: 101 – 250 °C (in 1 °C increments)**
- + Precision timer up to 23 hours, 59 minutes
- + Easy and intuitive operation thanks to LED display and sensor-touch control panel
- + **High-quality stainless steel oven interior with 45 litres of useable volume**
- + **Removable water tank with 1.2 litres capacity**
- + Switchable interior lighting
- + **A variety of accessories:**
 - universal baking pan (can be used as a baking tray and grease drip collector)
 - perforated metal sheet
 - cooking grate
 - oven glove

Accessories:

Universal baking pan

Cooking grate

Perforated metal sheet

Oven glove

Design oven

TO 32 Electronic

Item 2973

Special functions

CASO-Clean interior

With rotisserie

Multifunctional

Incl. pizza stone

The extra large cooking chamber with 32 litre capacity means that preparation of large portions is no longer a problem. Or what about a crispy spit-roast chicken?

- Description like TO 26 Electronic, additionally:**
- + **32 liter volume**
 - + **Power up to 1870 watt**
 - + **Equipped with 4 shelf levels**

Air fryer

AF 250

Item 3171

Air fryer & barbecue accesories

AF 255 (Set)

Item 3179

- + Fat-reduced preparation of any kind of food for a crispy, uniform appearance on the outside and a juicy interior at the same time
- + **Perfect and fast baking results by virtue of the innovative CASO airflow technology - for improved and more efficient heat distribution**
- + Temperature can be precisely controlled in 5 °C increments of 60 - 200 °C
- + Timer can be precisely set from 1 to 60 minutes in 1 minute increments
- + High-quality stainless steel interior
- + **Large frying basket with 3 litre net capacity**
- + Diverse application options: Heating, frying, roasting, toasting, grilling, backing and keeping the food hot
- + **4 selectable programmes: Preheating, warming up food, keeping food warm, thawing food**
- + **Simple and intuitive operation using a sensor-touch control panel**
- + Safety lock for the removal of the frying basket

- + Air fryer AF 250 and barbecue accesories in a practical combination set

Air fryers – Mini all-rounders

Even though their name implies that they have something to do with frying, air fryers are actually more like small-format convection ovens and are true all-rounders.

French fries are just a tiny part of what these efficient kitchen aids can deliver. Meat, fried chicken, fish, vegetables, muffins, sausages, frozen bread rolls, crisps – the list is endless! In addition to this, air fryers are not only economical and environment-friendly, they also cook food in minutes.

Whatever your oven can do, an air fryer can do better!

Accessories for AF 250

Barbecue accesories

- + Accessories available individually
- + Perfect in combination with the AF 250 air fryer
- + For easy grilling, cooking and baking
- + **Large frying tray for preparation of steak, kebabs, fish, burgers, etc.**
- + Practical wire shelf and three large meat skewers

Item 3169

Design air fryer

AF 600 XL

Item 3180

- + **Modern XL AirFryer with extra-large basket with 6 litre capacity – also for large portions such as whole fried chicken and up to 1.2 kg French fries**
- + **Even PowerConvection** – even heat distribution throughout the cooking chamber
- + **Rapid HeatControl** – immediately ready for use, no warming up required
- + Temperature adjustable from 50 - 200 °C – in 5 °C increments (40 - 70 °C for Dehydrate programme)
- + **Direct selection from 12 automatic programmes for fish, vegetables, Pastry and much more besides**
- + Healthy, low fat preparation of all kinds of food – juicy on the inside, crispy on the outside
- + Black design with intuitive sensor touch operation
- + **SHAKE Reminder** – for even, extra crispy results
- + Safe removal of food thanks to cool touch handle and nonslip feet
- + Timer adjustable from 1 - 60 minutes with acoustic signal when the time is up (1 - 480 minutes for dehydrate programme)
- + Easy cleaning thanks to removable frying basket (and dishwasher-proof accessories)

Design air fryer

AF 660 Duplex

- Description like AF 600 XL, additionally:**
- + Frying basket including duplex divider for baking or frying two different foods at the same time

Air fryer and steam oven all in one

AirFry & Steam 700

NEW

Item 3182

Special functions

Baking & frying

Steam function 100 °C

High volume (7 l)

Particularly quiet

Even heat distribution

- + **Modern steam and hot air fryer with extra large 7 l basket volume – also for large portions such as a whole grilled chicken or up to 1,5 kg French fries**
- + **Even PowerConvection – even heat distribution throughout the cooking chamber**
- + **Rapid HeatControl – immediately ready for use, no warming up required**
- + Healthy, low-fat preparation of all food thanks to steam function – crispy on the outside, juicy on the inside
- + Large 1,5 l water tank
- + Intuitive sensor touch control panel for easy operation
- + Transparent viewing window with interior lighting which can be switched on as required – enables monitoring of cooking progress at all times
- + **3 in 1 air fryer:**
 - Air fryer function (60 - 200 °C)
 - Steam function (100 °C with steam)
 - Air fryer & steam function (140 - 200 °C)
- + Timer adjustable from 1 - 60 minutes with acoustic signal when the time is up
- + **10 pre-set programmes in 2 categories (air fry and steam)**
 - Air fry programmes: Air frying, baking, frying, reheating, keeping warm
 - Steam programmes: Steam cooking, steam baking, regeneration, steam cleaning
- + Easy cleaning thanks to dishwasher-proof basket, rack and removable drip tray

*iterated basket volume

- + Elegant “black design” with large viewing window
- + 3 slot levels for the rack and tray + rotating roasting spit and frying basket
- + Including removable crumb tray for easy cleaning
- + Adjustable timer from 1 to 120 min / Dryfruit 240 min (in 1-minute increments)
- + Temperature adjustable from 40 °C to 230 °C (in 5 °C increments)
- + Interior lighting can be switched on as required
- + 6 long-lasting stainless steel heating elements (4 at the top, 2 at the bottom)
- + Powerful 1700 watt performance
- + **Accessories: Extra large frying basket, frying drum, baking tray, grill rack, rotisserie, 2 removal assistances**

Crêpe Maker

CM 1000

Item 2930

Special functions

ILAG NON STICK
SWISS TECHNOLOGY
CORFLON ULTRA

Even heat distribution

- + Design Crêpes Maker with brushed stainless steel housing
- + **Extra large cooking surface 33 cm in diameter**
- + Modern cylinder design
- + Output: approx. 1300 Watt
- + **High-quality ILAG non-stick coating**
- + **Even heat distribution through sub-soldered heating element**
- + Colour-changing LED to display temperature reached
- + 8 heat stages with practical slide control
- + Batter spreader and wooden crêpes turner included

Design waffle maker

WaffleUp

- + **Classic, sweet waffles**
- + **Potato waffles**
- + **Vegetable waffles**
- + **As a side dish, dessert or a full meal**

Item 2932

Special functions

Particularly thick waffles

Particularly clean work

Vertical design

- + **Vertical baking system for perfect Belgian waffles (18 cm ø and 2.5 cm thick), sweet and savoury variations of all kinds and much more besides**
- + An eye-catcher in any kitchen thanks to the modern, vertical design in polar silver and stainless steel
- + **Batter can be poured in from the top for even distribution and optimum baking results**
- + **No-mess preparation thanks to the drip container for excess batter – batter doesn't stick to the device and is collected for re-use**
- + Control knob with 5 selectable settings for the optimum degree of browning from light and fluffy to golden brown and crispy Belgian waffles
- + **Easy removal of waffles thanks to double non-stick coating**
- + **With practical baking light:**
 - Red light: Pour the batter into the device and bake
 - Green light: The waffle is done
- + **Acoustic signal when the baking time is over**
- + Integrated cord winder
- + Incl. ladle for easy batter pouring

Packing unit	1	1

CASO Design microwaves

Whether analogue operation or touch control; classic turntables or innovative bases made from robust borosilicate glass; whether small, medium or large cooking chambers; a silver, black or playful design; whether a straightforward microwave or with a grill function and true convection, we have the microwave for every personal preference.

The following is an overview and description of all the microwave functions that we offer.

Microwaves with an innovative CASOTEK® borosilicate glass base

The borosilicate glass base with microwave reflector ensures even distribution of microwaves so that food is perfectly cooked from all sides. The flat base is very easy to clean and enables you to use large rectangular casserole dishes and plates.

The advantages:

- High high-quality, heat-resistant borosilicate glass
- Optimum heating thanks to even distribution of microwaves
- No turntable – significantly more usable space, e.g. for large rectangular casserole dishes
- Smooth surface for easy cleaning

Power control using time periods and standard microwave technology. Example: 50 % performance (approx. 450 watts)

Linear power control using new microwave inverter technology. Example: 50 % performance (approx. 450 watts)

Inverters

Inverter = “Real power control”

Inverter technology enables continuous control of microwave power; in other words, it is linear. Until now microwave power was primarily controlled using time periods. A low power level is achieved by interrupting the non-adjustable maximum power.

Gentler & more precise

Inverter technology makes it possible to defrost food more gently and to heat it more evenly. This preserves its flavour.

Grill function

Some CASO Design microwaves have a grill function, but not all grills are the same. Some of our microwaves are fitted with a high-quality quartz grill that delivers fantastic results.

High convection / True convection

CASO Design stands for innovative kitchen technology. This vision resulted in this high-performance convection technology. Up until now, ovens and microwaves have been used separately.

“High convection” technology makes it possible to achieve cooking temperatures up to 240 °C. The true convection function included in this combined appliance allows you to prepare perfect moist cakes or crispy pizza bases. True to the CASO principle ‘A genuine alternative to an oven, just smaller and mobile.’

CASO clean protective coating

The special non-stick coating makes the surface very easy to clean and any residues can be quickly removed.

CASO Clean protective coating is available for a range of models (see description).

Item 3321

- + Microwave 700 Watt
- + **5 power levels**
- + **Interior with high-quality CASO-clean protective coating for easy cleaning**
- + Easy, manual operation, only two control knobs
- + **Approx. 20 liter capacity***
- + 25,5 cm Ø glass turntable
- + 35 min. timer and defrost function
- + Cooking chamber lighting

- + Microwave 700 Watt
- + **5 power levels**
- + **Interior with high-quality CASO-clean protective coating for easy cleaning**
- + Easy, manual operation, only two control knobs
- + **Approx. 20 liter capacity***
- + 25,5 cm Ø glass turntable
- + 35 min. timer and defrost function

- + High-quality, elegant designer microwave (capacity: approx. 20 litres*) in polar silver
- + **Gentle defrosting, even warming and ideal for cooking food**
- + 800 watt microwave and 5 power levels deliver optimum results
- + 35 minute timer with acoustic signal when the time is up
- + Simple and intuitive, manual control using two control knobs
- + **Cooking chamber with CASO-clean protective coating**
- + White interior LED lighting for optimum illumination of the cooking chamber
- + Large 25,5 cm Ø glass turntable

- + High-quality, elegant designer microwave (capacity: approx. 20 litres*) in polar silver
- + **Gentle defrosting, even warming and ideal for cooking food**
- + **Innovative CASOTEK® base with microwave reflector**
 - Made from high-quality, heat-resistant borosilicate glass
 - Optimum heating thanks to even distribution of microwaves
 - **No turntable – significantly more usable space - e.g. for large square casserole dishes**
 - Smooth surface for easy cleaning

- + **With diamond-shaped back wall for even more efficient heat distribution**

- + 700 watt microwave and 5 power levels deliver optimum results
- + Precise 95 minute timer with acoustic signal when the time is up
- + **Incl. 8 automatic cooking programmes and a defrosting function**
- + **Multi-stage cooking:** individual combination of two cooking settings
- + Simple, intuitive control using control knob, but tons and white LED display with clock
- + White interior LED lighting for optimum illumination of the cooking chamber
- + **Cooking chamber with CASO-clean protective coating**
- + Key sound On/Off and child safety lock

CASO Design analogue microwaves

CASO Design microwaves with analogue operation deliver maximum user convenience. All their functions can be selected simply and directly using large turning knobs with easy-to-read lettering.

The large handle makes it easy to open and shut the door.

Microwave analogue

M 20 Ecostyle Pro

Item 3311

- + 800 watt microwave output
- + Approx. 20 liter capacity*
- + Glass turntable with 24,5 cm Ø
- + **6 power levels**
- + Intuitive control using rotary knobs
- + Elegant look with silver housing
- + **Interior with high-quality CASO-clean protection coating for an easy cleaning**
- + Precise 30 minute timer with final signal

Microwave analogue + grill function

MG 20 Ecostyle Ceramic

Item 3316

- + 700 watt microwave output
- + Approx. 20 liter capacity*
- + 5 microwave levels and grill function
- + Quarz grill 1000 watt
- + **Innovative CASOTEK® base with microwave reflector**
 - Made from high-quality, heat-resistant borosilicate glass
 - Optimum heating thanks to even distribution of microwaves
 - No turntable – significantly more usable space - e.g. for large square casserole dishes
 - Smooth surface for easy cleaning
- + **Interior with high-quality CASO-clean protection coating for an easy cleaning**
- + Cooking on up to 2 levels by sliding rack
- + Precise 30 minute timer with final signal
- + Elegant look with silver housing

Microwave analogue + grill function

MG 25 Ecostyle Ceramic

Item 3329

- + 900 watt microwave output
- + Approx. 25 liter capacity*
- + **Incl. Quartz grill with powerful 1000 watts for even tanning without preheating**
- + **Innovative CASOTEK® base with microwave reflector**
 - Made from high-quality, heat-resistant borosilicate glass
 - Optimum heating thanks to even distribution of microwaves
 - No turntable – significantly more usable space - e.g. for large square casserole dishes
 - Smooth surface for easy cleaning
- + Intuitive control using rotary knobs
- + Elegant look with silver housing
- + Cooking on up to 2 levels by sliding rack
- + Precise 30 minute timer with final signal
- + 5 microwave levels
- + 3 combination programs (microwave + grill)
- + 1 grill program
- + **Interior with high-quality CASO-clean protection coating for an easy cleaning**

MCG 30 Ceramic Chef

Item 3371

- + **Stainless steel interior with approx. 30 litres capacity* and cooking chamber lighting**
- + Rack for simultaneous thawing and cooking on two levels and with baking tray
- + **Even borosilicate glass with microwave reflector: Easy to clean and ideal e.g. for large square casserole dishes**
- + **Rear mounted convection for a perfect baking result**
- + Microwave 900 watt, grill 1100 watt, real oven convection 2100 watt
- + Pre-heating function - for even more accurate microwave cooking and baking
- + 5 microwave power levels
- + **10 convection temperatures 110 - 200 °C**
- + **9 automatic cooking programs for an easy microwave cooking**
- + 4 combination programmes microwave and convection
- + 2 combination programmes microwave and grill
 - 1 combination programme 30% microwave & 70% grill
 - 1 combination programme 45% micorwave & 55% grill
- + 95 minute timer with end signal
- + Sound on/off – individually adjustable

*according to manufaturer

Microwave + grill function

SMG 20

Item 3324

- + Perfect for defrosting, heating and gratinating
- + Approx. 20 litres cooking chamber*
- + Microwave 800 watt
- + Grill 1000 watt
- + **High quality stainless steel interior**
- + Noble front with brushed stainless steel and mirror glass
- + Glass turntable with 25,5 cm Ø
- + **Cooking on 2 levels thanks to the standing grill rack**
- + Intuitive operation thanks to easy-to-understand pictograms
- + 5 microwave levels
- + 8 automatic cooking programmes
- + 2 defrost programmes
- + 2 combination programmes
- + 95 minutes timer with end signal

High Convection

HCMG 25

Item 3354

- + Perfect for defrosting and reheating, cooking and baking, roasting and grilling
- + Approx. 25 litres cooking chamber*
- + Microwave 900 watt
- + Grill 1100 watt
- + High Convection / hot air 2500 Watt – Real oven hot air from 150 - 240 °C for crispy pizzas, bread rolls etc.
- + 10 convection levels
- + With practical preheating function
- + **High quality stainless steel interior**
- + Noble front with brushed stainless steel and mirror glass
- + Glass turntable with 31,5 cm Ø
- + **Cooking on 2 levels thanks to the standing grill rack**
- + Intuitive operation through easy pictograms
- + 5 microwave levels
- + 10 automatic cooking programmes
- + 4 combination programmes
- + Sound on/off – individually adjustable
- + 95 minutes timer with end signal

Inverter microwave

MI 30 Ceramic

Item 3336

- + **Approx. 30 litres cooking chamber***
- + **Inverter technology for particularly gentle and even cooking**
- + **Even borosilicate glass with microwave reflector: Easy to clean and ideal e.g. for large square casserole dishes**
- + Intuitive semi-digital control
- + Extra-large lettering with icons
- + **High quality stainless steel interior**
- + Stylish housing made of brush-finished stainless steel
- + Extremely powerful 1000 watt microwave output
- + 5 microwave levels
- + 8 automatic programs (incl. defrost function)
- + 95 minutes timer with end signal

Microwave semi-digital + grill function + convection

HCMG 25 Ceramic Chef

240 °C real oven hot air

CASOTEK®

Nothing revolves here – so the entire area can be used.

Item 3355

Special
functions

Real oven hot air
up to 240 °C

Borosilicate
glass base

CASO-clean
interior

- + Compact microwave for defrosting and heating, cooking and baking, grilling and gratinating
- + **Approx. 25 litre cooking chamber* with base made of robust and heat-resistant borosilicate glass (approx. 26 x 26 cm) – ideal for example for square casseroles**
- + 900 watt microwave (output) / 1000 watt (input) grill / 2100 watt (input) hot air
- + 5 microwave power levels
- + **10 hot air temperatures from 150 - 240 °C**
- + 10 automatic cooking programmes (for vegetables, meat etc.)
- + 4 combination programmes, for example microwave & hot air
- + Defrost function via weight or time setting
- + 95 minutes timer with end signal
- + Clear LED display with clock display
- + **Stainless steel interior with LED lighting**
- + With 2 anti-slip feet
- + Incl. grill rack with 2 height options and pizza pan

Keen cooks everywhere are delighted that microwaves are offering an increasing number of functions and technologies. The new **HCMG 25 Ceramic Chef** impresses with its triple cooking functions – microwave, grill and **true convection up to 240 °C**. This covers virtually every base. And that's not all. If you want to defrost an item and then grill it without having to select multiple settings, then the designer microwave's combined programmes are just what you need.

Thanks to its large heat-resistant borosilicate glass base, the 25-litre cooking chamber is ideal for even rectangular plates and casserole dishes. And you can even make your own pizza using the pizza tray (included) and the convection setting.

CUBE Design series

M 20 Cube Ceramic

Item 3314

- + High-quality design microwave, perfect for cooking, reheating and defrosting food
- + **Intuitive control through innovative, design exclusive CUBE controller**
- + **High-quality stainless steel interior with a volume of 20 litres***
- + **Even borosilicate glass with microwave reflector: Easy to clean and ideal e.g. for large square casserole dishes**
- + 800 watt microwave and 10 power levels deliver optimum results
- + Integrated designer LED light bar (can be turned on and off manually)
- + **Incl. 8 automatic cooking programmes and a defrosting programme**
- + LED display with standby clock
- + Precise 95 minutes timer with end signal
- + Quite mode: Key tones that can be switched on/off
- + Particularly safe thanks to the switchable child lock

CUBE Design series

MG 20 Cube Ceramic

Item 3325

Description like M 20 Cube Ceramic, additionally:

- + Incl. quartz grill with powerful 1000 watt for even browning without preheating
- + Wire shelf (included) allows dual-level grilling
- + **Incl. 13 automatic programmes and 2 combi-programmes with microwave + grill (30% MW + 70% grill or 55% MW + 45% grill)**
- + With practical defrost function

CASO Design presents the CUBE Design series with a double award-winning design

Chapter 2

Mobile induction

Smart induction for perfect results

Perfect control is the basis for optimum cooking results. Induction is fast, safe and energy-saving. The new thermometer allows you to precisely control the hob's temperature for a guaranteed perfect result.

HEAT IS ONLY GENERATED IN THE PAN – WHERE IT SHOULD BE

CASO Design mobile hobs are all equipped with state-of-the-art induction technology. This makes using them feel like cooking with gas. Quick & responsive!

In addition to this, all CASO Design induction hobs have optimum heat distribution thanks to innovative induction coils.

Induction hobs are suitable as full-function hobs and food warming plates at home, on holiday and at cooking events.

CASO Design mobile induction hobs can be used flexibly. A standard plug socket is all that is required for full power.

All models have intuitive sensor touch controls, making cooking child's play. Simmering, boiling, searing and keeping food warm can be easily controlled with the touch of a finger. All functions are under glass, so using these hobs is also a clean affair.

This is induction technology, the quick, responsive way to cook.

Modern induction technology generates heat inside the pan, resulting in quicker, more responsive and energy-saving cooking. The cooking surface does not heat up, but instead only absorbs the heat emitted by the pan. This ensures that the contents of the pan cannot burn, for pleasant and safe cooking.

52

CASO Design mobile single or double induction hobs

Flexible, mobile single and double induction hobs for practical, quick cooking.

57

CASO Design induction hob with precision thermometer

In combination with the precision thermometer the induction technology delivers completely new ways of controlling heat.

The precision thermometer is ideal for cooking, pan frying, keeping food warm, fondues, sous vide and core-temperature cooking.

56

CASO Design XL induction hob with three cooking zones

The CASO Design Master P3 offers mobile induction with three cooking zones for a generously sized cooking experience.

58

CASO Design built-in induction hobs

Versatile uses, e.g. In small and outdoor kitchens, in camper vans and holiday homes, for breakfast buffets, etc.

Single induction hob

Touch 2000

Item 2008

- + Mobile induction hob with 2000 watt
- + **Glass ceramic surface**
- + Sensor-touch operation
- + For induction cookware from 12 - 24 cm Ø
- + Timer, power levels and temperature individually adjustable
- + **Safe thanks to automatic pot detection**
- + Fast and energy-saving
- + Precise, easy operation
- + **10 temperature levels**
- + **10 power levels**
- + Timer function 1 - 180 minutes
- + **Temperature preselection ca. 60 - 240 °C**
- + Safety switch to protect against overheating
- + Extra large digital display
- + Very easy cleaning

Double induction hob

Touch 3500

Item 2018

- Description like Touch 2000, additionally:**
- + Mobile double induction hob with 3500 watt
 - + 6 power levels

Single induction hob

Comfort C 2000

Item 2006

- + Mobile single induction hob with 2000 watt
- + **Sensor-touch display (operation under glass) and big digital display**
- + For induction cookware from 12 - 22 cm Ø
- + 10 power levels
- + **10 temperature levels, approx. from 60 - 200 °C adjustable**
- + Booster function for full performance
- + Keep Warm - keeps your food warm at ca. 60 °C
- + Child lock
- + Timer function up to 180 minutes
- + **Glass ceramic all-glass surface**
- + Safe thanks to automatic pot detection and overheating protection
- + Very easy cleaning

Single induction hob

ProMenu 2100

Item 2224

- + Mobile design induction hob with up to 2100 watt
- + Glass ceramic all-glass surface
- + **Precision cooking with SmartControl with 12 different power and temperature levels**
- + **Sensor-touch display (operation under glass) and big digital display**
- + Timer function from 1 - 180 min
- + Adjustable temperature range from 60 - 240 °C
- + Automatic pot detection
- + For induction cookware from 12 - 24 cm Ø
- + Safe thanks to overheating protection
- + Very easy cleaning

Single induction hob

S-Line 2100

Item 2225

- + Mobile design induction hob
- + Up to 2100 watt
- + Modern design with all-round edge made of brushed stainless steel – a piece of jewellery in every kitchen
- + **Precision cooking with SmartControl with 12 different power and temperature levels**
- + Sensor-touch display and big digital display
- + **Adjustable temperature range from 60 - 240 °C**
- + High quality all-glass surface
- + Automatic pot detection
- + For induction cookware from 12 - 24 cm Ø
- + Selectable timer function from 1 - 180 minutes
- + Safe thanks to overheating protection
- + Very easy cleaning

Double induction hob

S-Line 3500

Item 2227

- + Mobile double induction hob with 3500 watt
- + **PowerSharing Technologie*** (see below)
- + Optimum efficiency via the PowerSharing technology
- + Modern design – piece of jewellery in every kitchen with brushed stainless steel frame
- + **Precision cooking with SmartControl: 12 power and temperature levels**
- + Sensor-touch display and big digital display
- + **Temperature pre-selection approx. 60 - 240 °C**
- + Hight quality glass ceramic surface
- + Safe thanks to automatic pot detection
- + For induction cookware from 12 - 24 cm Ø
- + Timer function from 1- 180 minutes
- + Safe due to overheating protection
- + Very easy cleaning

max. 2100 Watt

max. 2100 Watt

***PowerSharing Technologie:**

Total power 3500 watt

Optimum efficiency: The two hobs share 3500 watts via the PowerSharing. By using only the left or right cooking plate, it is a max. of 2100 watts. Turn on the second plate, 3500 power of watt will be distributed to both cooktops.

Single induction hob

Maître 2400

Item 2230

- + **Particularly fast and powerful – ca. 2400 watt**
- + Modern design with easy to read, beveled control panel
- + For induction cookware from 12 - 26 cm Ø
- + **Precise cooking with Smart Control on 12 temperature and power levels**
- + Sensor-touch control
- + Large digital display
- + **Temperature precisely adjustable from 60 - 240 °C**
- + Timer function 1-180 minutes with 1 minute interval
- + Safe thanks to overheating protection
- + Very easy cleaning

Double induction hob

Maître 3500

Item 2231

- + **Very fast and powerful - max. 3500 watts in total, max. 2400 watts for one-sided use**
- + **PowerSharing Technologie*** (see below)
- + Extra large hob
- + For induction cookware from 12 - 26 cm Ø
- + Modern design with easy to read, beveled control panel
- + **Precision cooking with Smart Control on 12 temperature and power levels**
- + Sensor-touch control
- + Large digital display
- + **Temperature precisely adjustable from 60 - 240 °C**
- + Timer function 1 - 180 minutes with 1-minute interval
- + Very easy cleaning

max. 2400 Watt

max. 2400 Watt

***PowerSharing Technologie:**

Gesamtleistung 3500 Watt

Optimum efficiency: The two hobs share 3500 watts via the PowerSharing. By using only the left or right cooking plate, it is a max. of 2400 watts. Turn on the second plate, 3500 power of watt will be distributed to both cooktops.

Single induction hob

ProChef 3500

Also for the catering industry

Item 2364

- + **Powerful 3500 watts**
- + High-quality glass ceramic surface with a robust and extra flat stainless steel housing
- + **Precision cooking with Smart Control at 12 different power levels**
- + Intuitive sensor touch operation
- + Timer function up to 23 hours 59 minutes
- + **Precise temperature setting from 60 - 240 °C (in 10 °C increments)**
- + Automatic pan detection
- + For induction cookware from 12 - 26 cm Ø
- + **With practical „keep warm“ function (70 °C)**
- + Overheating protection
- + Secure positioning due to non-slip feet
- + Very easy cleaning

Induction hob with 3 cooking zones

Master P3 Plus

Item 2151

- + **Mobile induction hob with 3 cooking zones**
- + **Total power 3500 watts:**
 - 1 x max. 2100 watt with **PowerSharing*** (front left)
 - 1 x max. 1000 watt (back left)
 - 1 x max. 1400 watt (right)
- + For induction cookware from 12 - 22 cm Ø
- + High quality all-glass surface
- + **Brushed stainless steel frame**
- + Sensor-touch operation
- + Easy to read and large digital display
- + **Timer, power levels and temperature individually adjustable**
- + 10 power stages for each hob (backmost hob 5)
- + **Temperature pre-selection approx. 60 - 240 °C**
- + Timer function from 1 - 180 minutes
- + Safe thanks to automatic pot detection and overheating protection
- + Lock function (setting protection / child safety lock)
- + Very easy cleaning

***PowerSharing Technology:**
Total power 2100 watt
 Optimum efficiency: The two hobs on the left share 2100 watts via the PowerSharing. If you only use the front left plate, it has a maximum of 2100 watts. If you switch on the second rear plate, the power is distributed across both hobs.

Single induction hob with precision thermometer

TC 2400 ThermoControl

The multi talent:
 + Cooking
 + Frying
 + Keeping warm
 + Fondue
 + SousVide
 + Core temperatures

Item 2235

- + **Roasting and cooking with accuracy down to the degree thanks to the innovative, precise ThermoControl thermometer for exact temperature control**
 - Perfectly suited to, for example, sous vide, keeping food hot, accurately roasting meat and fish by means of a core temperature sensor
 - Adjustable temperature range from 40 - 160 °C, accurate to 1 °C thanks to FineTemp
 - Including holder for the thermometer
- + **Induction plate can also be used without ThermoControl thermometer**
 - Adjustable temperature range from 60 - 240 °C
- + Powerful 2400 watts
- + Automatic pot detection
- + For induction cookware from 12 - 26 cm Ø
- + Intuitive sensor-touch operation
- + Precision cooking with SmartControl with 12 different power levels
- + Selectable timer function up to 180 minutes
- + Safe thanks to overheating protection
- + Very easy cleaning

1000 and 1 ideas: Variable cooking techniques using one device

The combination of an induction hob with CASO Design ThermoControl technology is so inspiring that cooks won't want to put down their "digital wooden spoon". Endless recipes, whether vegetables, fish or meat, can be perfectly prepared thanks to the precise measuring of temperatures in 1 °C steps. When the ThermoControl thermometer measures the temperature it is automatically compared with the induction cooking zone's heat control system, ensuring that an extremely precise temperature can be achieved.

Single induction hob for built-in or freestanding use

ProAdvanced E1

Item 3043

Special functions

Sensor-touch

Built-in device

- + **Single induction hob – can be used as a built-in or freestanding mobile solution**
- + Versatile uses, e.g. in small and outdoor kitchens, in tiny houses, in camper vans and holiday homes, for breakfast buffets, on balconies and patios, etc.
- + Also ideal as an additional food warming plate
- + **Particularly sustainable thanks to fast, energy- and money-saving cooking***
- + Elegant, timeless black design
- + For induction cookware with a base diameter of 12 - 24 cm Ø
- + Quickly ready for use thanks to automatic pot recognition and powerful 2100 watt performance
- + **12 power levels for precise results**
- + 12 Temperature levels
- + Temperature adjustable from 60 - 240 °C
 - 60 – 100 °C in 10 °C intervals
 - 100 – 240 °C in 20 °C intervals
- + Practical, optional timer function from 1 – 180 mins
- + Black all-glass surface with touch operating panel for easy cleaning
- + Digital screen with red LED display
- + Incl. sealing strip for built-in installation and a magnet to recognise suitable cookware
- + Safe thanks to overheating protection

*In comparison to electric / gas cookers

Double induction hob for built-in use

Master E2

Item 3041

Special functions

Sensor-touch

Built-in device

- + **Induction hon for built-in use with 2 zones with 3500 watt total (1500 watt & 2000 watt)**
- + **All-glass Schott Ceran® surface from environmentally friendly Ceran Suprema®**
- + Sensor-touch operation
- + Easy to read and big digital display
- + Timer, power levels and temperature individually adjustable
- + **9 power levels per cooking field**
- + Timer function 1 - 99 minutes in 1-minute-intervalls
- + Lock-function (setting protection / child safety lock)
- + Safe thanks to automatic pot detection and overheating protection
- + For induction cookware from 12 - 20 cm Ø
- + Automatic switch-off when not in use
- + Very easy cleaning

Chapter 3

Vacuum & SousVide

Enjoy food more

As a premium brand CASO Design stands for sustainable, respectful and also creative handling of food. We are continuously striving to delivery products that enable you to keep food fresh for longer; to store it better and to enjoy it more intensively.

PREMIUM VACUUM SEALERS FROM CASO DESIGN

CASO Design vacuum sealing technology enables you to enjoy food that is always fresh and the very best quality.

Discover the advantages of innovative systems and a variety of models that offer a wide range of options to redefine enjoyment and freshness.

Boilable, tear-resistant bags and rolls with either a ribbed structure or a smooth surface ensure a perfect vacuum. They are available in a range of sizes; microwave-proof and suitable for sous vide cooking. CASO Design vacuum sealers create one or two welded seams, ensuring an airtight seal for food items. Some models also have a special function that allows you to adjust the welding time.

The CASO food manager app

The CASO food manager app provides a perfect overview of what food items and dishes you have on hand. Simply scan the special CASO Food Manager write-on stickers, each with their own QR code, to save information on the food items you are storing in the app. You will always have an overview of the items in your fridge or freezer and can see which ones are available; need to be replaced or need to be used. Find out more about the free app and its practical features to start using your items more sustainably today.

66

CASO Design Hand-held vacuum sealer + accesories

- Long-lasting freshness – easy, fast and everywhere

68

CASO Design Bar vacuum sealer

- VC Series, Advanced Series, GourmetVAC Series
- Modular vacuum systems
- Extensive vacuum sealing functions
- Some with stainless steel applications

76

Vacuum & SousVide

CASO Design Chamber vacuum sealers

- Vacuum sealers with power pumps and a highly robust design including stainless steel casing

81

BPA-FREE

CASO Design accesories

- Premium accessories for vacuum sealers
- Structured film, ZIP and edge seal bags, glass vacuum containers and much more besides

92

CASO Design Sous Vide

- Cooking in a vacuum bag at a low temperature
- Fantastically tender taste experiences

Hand-held vacuum sealer

Vacu OneTouch

Item 1301

Hand-held vacuum sealer

Vacu OneTouch Eco-Set

Item 1169

Special functions

Cordless

ZIP bags = reusable

- + Long-lasting freshness – simple, fast and everywhere
- + Keep food fresh longer in the blink of an eye
- + Pump capacity: 3 liters / minute at -0.4 bar pressure
- + **Cordless one-hand operation**
- + **Long-life lithium-ion battery for up to 150 minutes runtime – vacuum even while charging**
- + Convenient LED display – white when battery is full and red when battery is empty battery
- + **Auto stop when vacuum is reached**
- + **Safety stop after 2 minutes if the device is switched on unintentionally**
- + Easy cleaning thanks to removable vacuum seal
- + Compact design for space-saving storage
- + Incl. 10 ZIP bags (5 pieces 20x23 cm, 3 pieces 26x23 cm, 2 pieces 26x35 cm), 2 ZIP Lockers, USB-C charging cable and CASO food manager stickers

Description like VacuOne Touch, additionally:

- + **Stackable glass vacuum container set with plastic lids for space-saving storage**
 - 1 container with 1500 ml capacity
 - 2 containers with 500 ml capacity each
- + Containers particularly suitable for items which are pressuresensitive and for liquids
- + Date display (day and month) integrated into the lid
- + **Versatile use thanks to microwavable, heat-resistant (up to 350 °C) glass bodies**
- + Glass bodies and lids can be used in the freezer (up to -18 °C) and are dishwasher-proof

Professional hand-held vacuum sealer

Vacu OneTouch Pro

Item 1333

Special functions

Cordless

- + Cordless professional vacuum sealer – simple, fast and everywhere
- + Keep food fresh up to 8-times longer in no time at all
- + **Fully automatic vacuum sealing**
- + Powerful pump capacity at 12 litres/minute
- + **Also perfect for the catering trade**
- + **Extensive range of accessories available separately**
 - VacuBoxx series and VacuBoxx Eco series available in many sizes and perfectly suited for liquid and pressure-sensitive foods
 - Reusable Vacu ZIP Bags in different sizes – also suitable for Sous-vide cooking
 - Vacuum aroma closure, e.g. for wine and oil bottles
- + **Long-life lithium-ion battery for up to 85 min runtime**
- + **Incl. charging station (USB-C connection) – always a full battery, always at hand**

Accessories Vacu OneTouch

WineLock – Vacuum aroma seal

Item 1257

Special functions

Reusable

- + The perfect accessory for the CASO Design hand vacuum sealer Vacu OneTouch and Vacu OneTouch Pro
- + **For long-lasting enjoyment & protection of the aromas of your favorite wine**
- + **Easy, airtight sealing of the opened wine**
- + **Versatile uses** such as wine, oil, vinegar, juices (non-carbonated liquids)
- + Fits all bottle necks with a diameter of 16-19 mm
- + Dishwasher safe
- + Can be used with suitable hand-held vacuum sealers (e.g. CASO Vacu OneTouch / Pro, Art.No. 1301 and 1169) or with vacuum sealers with hose connection and suitable adapter (e.g. CASO Vacu ZIP Adapter set, Art. 1258)

Vacuum sealer

VC 15

Vacuum sealer

VC 150

Item 1371

Item 1382

- + Fully automatic vacuuming and sealing
- + Housing with high quality stainless steel front
- + **Weld seam up to max. 30 cm width**
- + **Ideal for storing and maintaining freshness of fish, meat, vegetables and fruit**
- + **Variable vacuum strength through vacuum-stop-button:** Particularly suitable for pressure-sensitive foods
- + Practical, separate welding function
- + Electronic temperature monitoring
- + Compact design, light weight
- + Incl. 10 professional bags (20 x 30 cm) + 1 vacuum hose for vacuum containers*

- + Fully automatic vacuuming and sealing
- + Housing with high quality stainless steel front
- + **Double weld seam up to max. 30 cm width**
- + **Ideal for storing and maintaining freshness of fish, meat, vegetables and fruit**
- + **Variable vacuum strength through vacuum-stop-button:** Particularly suitable for pressure-sensitive foods
- + Practical, separate welding function
- + Setting the welding time (wet and dry)
- + Electronic temperature monitoring
- + **Removable drip tray for any accumulated liquid**
- + Compact design, light weight
- + Incl. 10 professional bags (20 x 30 cm) + 1 vacuum hose for vacuum containers*

Vacuum sealer

VC 10 PlusEdition

Item 1374

- + Like VC 15, with plastic housing in dark silver and lots of free accessories worth approx. 20 €
 - 25 professional bags 16 x 23 cm
 - 25 professional bags 20 x 30 cm
 - 4 sheets of Food Manager stickers
 - 1 vacuum hose

Lots of extra accessories

Vacuum sealer

VR 190 advanced

Item 1394

- + Fully automatic vacuuming and sealing
- + Housing with high quality stainless steel front
- + **Double weld seam up to max. 30 cm width**
- + **Ideal for storing and maintaining freshness of fish, meat, vegetables and fruit**
- + Vacuum stop button: interrupt the vacuum process at any time
- + **Adjustable vacuum strength: ideal for soft or sensitive foods**
- + Practical, separate welding function
- + **Setting the welding time (wet and dry)**
- + Electronic temperature monitoring
- + **Removable drip tray for any accumulated liquid**
- + **With a practical film box:** Simply insert the roll and unroll it like a kitchen roll for direct processing
- + **Fold-out cutter for cutting the film rolls**
- + Compact design, low weight
- + Incl. 2 professional vacuum rolls (20 x 300 cm and 30 x 300 cm) + 1 vacuum hose for vacuum containers*

Premium vacuum sealer

GourmetVAC 180

Item 1384

- + **Secure vacuuming with double weld seam**
- + Functional, flat design for very quiet working
- + **Weld seam of max. 30 cm for any length, ideal for fish and meat**
- + Easy to clean thanks to removable drip tray
- + Vacuum regulation: use the stop button to regulate the vacuum strength
- + Piston pump (9 l / min) and powerful motor
- + **Practical wing lock for simple closing**
- + Electronic temperature monitoring
- + Varied functions: manual welding, automated vacuuming and welding
- + Incl. 10 professional bags 20 x 30 cm, 1 vacuum hose for vacuum containers* and CASO Food Manager app

Premium vacuum sealer

GourmetVAC 280

Item 1385

- + **Secure vacuuming with double weld seam**
- + Functional, flat design for very quiet working
- + **Weld seam of max. 30 cm for any length, ideal for fish and meat**
- + Easy to clean thanks to removable drip tray
- + **Adjustable, infinitely variable vacuum strength SVS: ideal for sensitive foods**
- + Piston pump (15 l / min) and powerful motor
- + **Practical wing lock for simple closing**
- + **Adjustable welding time: Ideal for moist or marinated foods**
- + Integrated cutter for practical cutting of the foils
- + Varied functions: manual sealing, automatic vacuuming and welding
- + Incl. container function for use with CASO vacuum containers
- + Incl. 10 bags 20 x 30 cm, 1 vakuum hose for vacuum containers* and CASO Food Manager app

Premium vacuum sealer

GourmetVAC 380

Item 1386

- + **Secure vacuuming with double weld seam**
- + Functional, flat design for very quiet working
- + **Weld seam of max. 30 cm for any length, ideal for fish and meat**
- + Easy to clean thanks to removable drip tray
- + **Adjustable, infinitely variable vacuum strength SVS: Ideal for sensitive foods**
- + Piston pump (15 l/min) and powerful motor
- + **Practical wing lock for simple closing**
- + **Internal roll container with cutter**
- + Varied functions: Manual sealing, automatic vacuuming and sealing
- + Practical progress indicator
- + **Adjustable sealing time: Ideal for moist or marinated foods**
- + Container and marinating function for use with CASO vacuum containers*
- + Incl. 1 professional vacuum roll 20 x 300 cm, 1 professional vacuum roll 30 x 300 cm, 10 professional vacuum bags 20 x 30 cm, vacuum hose for containers* and CASO Food Manager app

Premium vacuum sealer

GourmetVAC 480

Item 1387

- + **Secure vacuuming with double weld seam**
- + Functional, flat design for very quiet working
- + **Weld seam of max. 30 cm for any length, ideal for fish and meat**
- + Removable vacuum chamber
- + **Adjustable, infinitely variable vacuum strength SVS: Ideal for sensitive foods**
- + **Internal roll container with cutter**
- + **“Automatic Lock” sealing system: Device closes automatically during the vacuuming action**
- + Double piston pump (20 l/min) and powerful motor
- + Practical progress indicator
- + Varied functions: manual sealing, automatic vacuuming and sealing
- + **Adjustable sealing time: Ideal for moist or marinated foods**
- + Container and marinating function for use with CASO vacuum containers
- + **Innovative memory function for the repetition of the last vacuum strength**
- + Incl. 2 professional vacuum rolls (1x 20x300 cm and 1x 30x300 cm), 10 professionell bags 20x30 cm, 1 vacuum hose for vacuum containers* and CASO Food Manager app

Vacuum sealer

HC 170

Item 1358

- + **Powerful and durable vacuum pump with up to 9 litres / min and a max. vacuum of -0.75 bar**
- + **Airtight sealing for foils up to 30 cm wide and with extra thick weld seam (2.5 mm)**
- + Versatile features:
 - Customised setting for dry and moist foods
 - Manual Pulse function for gentle vacuuming of soft foods
 - Vacuum container function
- + **Practical, removable vacuum chamber for simple and rapid cleaning**
- + Simple tracking of progress with the aid of the LED process display
- + Simple and intuitive operation
- + **Practical closure handle for convenient one-hand operation**
- + Includes 10 professional bags 20 x 30 cm and vacuuming hose for vacuum containers*

Vacuum sealer

VRH 490 advanced

Item 1525

- + **Different functions:**
 - Automatic vacuuming and sealing
 - Manual sealing
 - Manually adjustable, infinitely variable vacuum strength: ideal for sensitive foods
 - Vacuum container function*
 - Adjustable sealing time for dry and moist foods
- + **For a particularly stable, 2.5 mm thick weld seam up to 30 cm width**
- + **Multi cycle: Up to 100 cycles non-stop possible**
- + Practical locking handle for convenient one-hand operation
- + Durable vacuum pump with up to 12 liters / min and a maximum negative pressure of -0.8 bar
- + High quality stainless steel design front
- + **Removable drip tray for any accumulated liquid**
- + Electronic temperature monitoring
- + Incl. 10 free professional vacuum bags (20 x 30 cm), 1 vacuum hose for vacuum containers, CASO Food Manager sticker and CASO Food Manager app

Multi-cycles

The vacuum sealers of the CASO Design **advanced** series enable, depending on the model, up to 100 / 125 / 150 / 200 vacuum sealing processes non-stop in a row.

Vacuum sealer

VRH 590 advanced

Item 1526

- + **High quality design stainless steel front with Anti-Fingerprint coating**
- + **Multi cycle: Up to 125 welding processes non-stop (without overheating)**
- + Different functions:
 - Automatic vacuuming and sealing
 - Manual welding
 - Adjustable welding time for dry and moist foods
 - Pulse function: Manually adjustable, infinitely variable vacuum strength, ideal for sensitive foods
 - Marinating function
 - Vacuum container function*
- + **Integrated foil box with practical cutter for cutting the vacuum rolls**
- + **2,5 mm thick, stable weld seam for bags up to a maximum width of 30 cm and any length**
- + Convenient one-hand operation by foldable locking handle
- + Durable vacuum pump with up to 12 l/min and a maximum negative pressure of -0.8 bar
- + **Removable drip tray for any accumulated liquid**
- + Electronic temperature monitoring
- + Incl. 1 professional roll 28 x 300 cm, 10 professional bags 20 x 30 cm, 1 vacuum hose for vacuuming vacuum containers*, CASO Food Manager sticker and CASO Food Manager app

Vacuum sealer

VRH 690 advanced

Item 1527

- + **Different functions:**
 - Automatic vacuuming and sealing
 - **3 adjustable welding times for dry and moist foods**
 - Adjustable vacuum strength for hard and soft foods
 - Manual welding
 - Vacuum container* and marinating function
 - **Manually adjustable, infinitely variable vacuum strength: ideal for sensitive foods**
- + **Durable double piston pump with up to 20 liters / min and a maximum negative pressure of -0.9 bar**
- + **For a particularly stable, 2.5 mm thick double weld seam up to 30 cm width**
- + **Multi cycle: Up to 150 cycles non-stop possible**
- + **Integrated foil box with practical cutter**
- + Convenient one-hand operation by foldable locking handle
- + Practical progress display
- + **Removable drip tray for any accumulated liquid**
- + Electronic temperature monitoring
- + Incl. 1 vacuum roll 20 x 300 cm, 1 roll 28 x 300 cm, 1 vacuum hose for vacuum containers*, CASO Food Manager sticker and CASO Food Manager app

Vacuum sealer with CASOTEK® Liquid Function

VRH 790 advanced Pro

The patented solution to the impossible – with CASO Design you can vacuum seal liquids in the bag.

Item 1528

Special functions

Liquid Function for liquids

Up to 200 cycles non-stop

Sous Vide

36 months of guarantee

Anti fingerprint

- + Professional vacuum sealer for ambitious amateur chefs, hunters and fishermen, etc.
 - + Store food items with 100% aroma barrier and keep them fresh up to 8x longer
 - + With innovative patented CASOTEK® liquid function – ideal for vacuuming liquids such as soups, sauces, stocks, etc.
 - “Liquid Stop” – vacuuming process ends before liquids can be sucked in
 - Incl. practical stand-up vacuum bags
 - + Powerful double piston pump (20 l/min) for a vacuum of up to -0.90 bar
 - + Multi-cycle: seal up to 200 bags non-stop without overheating
 - + Secure sealing thanks to double weld seam up to 30 cm (each one 2.5 mm thick)
 - + With integrated foil roll box (roll width max. 30 cm) and cutter
 - + Sensor touch panel with white LED display and progress indicator
 - + High-quality stainless steel housing with anti fingerprint coating and stainless steel handle
 - + Removable drip tray for any accumulated liquid
- + Versatile functions:
 - Adjustable sealing time (incl. liquid function)
 - Vacuum intensity – for hard and soft food items
 - “Vac & Seal / Cancel” – automatic vacuuming and sealing
 - Manual sealing
 - Vacuum container – for vacuuming of suitable containers*
 - Marinating – quick marinating thanks to pulsating vacuum which alternately opens and closes meat pores
 - Pulse function – manually selectable vacuum intensity
 - + Incl. wide range of accessories:
 - 2 vacuum foil rolls (20x300 cm, 30x300 cm)
 - 10 different practical stand-up vacuum bags with wide bottoms (5x 20x30 cm, 3x 25x35 cm, 2x 30x40 cm)
 - 1 vacuum hose to vacuum suitable containers*
 - CASO Food Manager sticker + CASO Food Manager app

Item 1264, page 83

*Vacuum containers not included

The Caso Food Manager App – A digital look into the refrigerator

The app that organises your food – waste less, save more money.

Use the stickers and app to keep track of your food items

CASO Food Management delivers sustainability and structure. We have supplemented our vacuum bags and rolls with write-on stickers and a link to the CASO Food Manager app. A QR code provides a link to the app.

The CASO Food Manager app helps you get a better overview of your food items. This ensures that you always have an overview of the items in your fridge and can see which ones are available or need to be used.

Professional chamber vacuum sealer VacuChef 40

Item 1417

- + **Compact chamber vacuum system, ideal for keeping fresh and marinating**
- + Chamber size [WxHxD]: 265 x 60 x 265 mm (approx. 3 liters)
- + **Strong professionell vacuum pump: 70 l/min**
- + Almost 100% vacuum
- + **Double weld seam for bags up to a width of 25 cm**
- + With integrated clamping bracket for a firm hold of the vacuum bags
- + **Versatile functions:**
 - Combined vacuuming and sealing with individual settings for hard and soft, as well as dry and moist foods
 - Manual sealing
 - Automatic marinating in the bag
 - Also suitable for the vacuuming of vacuum containers (necessary vacuum hose included)
- + Practical progress display
- + **High-quality vacuum sealer: housing made of stainless steel and glass lid made of tempered glass**
- + Vacuuming outside of the device also possible with structured bags
- + Simple and intuitive operation via touch control panel
- + Incl. 20 vacuum bags 25 x 28 cm and 1 vacuum hose for vacuum containers*

Chamber vacuum sealers, as the name suggests, have a closed chamber in which the vacuum is created. Even liquids and pressure-sensitive foods can be vacuum-packed without any problems and without crushing anything. Containers are also no problem for the professional devices. Both even sealed edge bags and structured bags can be used for vacuum sealing.

Professional chamber vacuum sealer VacuChef 50

Item 1416

- + **Compact chamber vacuum sealer – ideal for hard, soft, dry and liquid food**
- + Chamber size: 310 x 90 x 220 mm, volume ca. 4 l
- + **Powerful, fast 4-piston vacuum pump with 70 l / min (achievable vacuum pressure: 0.95 bar)**
- + Double weld seam, each 2 mm thick, for bags up to 30 cm wide
- + High-quality manometer for displaying the current vacuum in the vacuum chamber
- + Intuitive touch control panel
- + **High-quality stainless steel housing and lid of very robust tempered glass with soft close**
- + With integrated clamping bracket for secure positioning of the bag in the vacuum chamber
- + Removable sealing bar, e.g. for easy cleaning of the chamber
- + **Versatile functions:**
 - Individually adjustable vacuum and welding function
 - Vacuum time: 5 – 60 sec. (in 5-sec steps)
 - Welding time: 3 – 9 sec. (in 1-sec steps)
 - Welding time manually adjustable
 - Marinating function
- + Vacuum sealing also possible outside the appliance with structured bags, e.g. for particularly large foodstuffs
- + Hose connection also for vacuum sealing vacuum containers and Vacu ZIP bags (adapter required)
- + Incl. 30 sealed-rim bags 28 x 25 cm, spare seal and vacuum hose for vacuum containers*

Larger chamber vacuum sealers in the CASO Professional catalogue.

Accessories for vacuum sealing

Sealed edge bags

Special functions

Strength: 70 µm

Quality foil made in Germany

BPA-free

- + **Strong and tear-resistant, even surface (thickness: 70 µm)**
- + Stable weld seam
- + Protects against freezer burn
- + **Extra and exclusively for chamber vacuum sealers**
- + With free CASO Food Manager app
- + Available in different sizes:
 - 15 x 20 cm, 100 pcs, item 1270
 - 20 x 30 cm, 100 pcs, item 1271
 - 25 x 35 cm, 100 pcs, item 1272

Accessories for vacuum sealing

Sealed edge bags

Special functions

Strength: 90 µm

Quality foil made in Germany

BPA-free

- + **Strong and tear-resistant, even surface (thickness: 90 µm)**
- + Stable weld seam
- + Protects against freezer burn
- + **Extra and exclusively for chamber vacuum sealers**
- + With free CASO Food Manager app
- + Available in different sizes:
 - 15 x 20 cm, 100 pcs, item 1283
 - 20 x 30 cm, 100 pcs, item 1285
 - 25 x 35 cm, 100 pcs, item 1286
 - 28 x 25 cm, 100 pcs, item 1282
 - 30 x 40 cm, 100 pcs, item 1287

Quality foil made in Germany

BPA-free

Rib structure

- + Strong and tear-resistant surface (thickness: 105 µm) – one side structured, one side even

+ Stable weld seam

+ Protects against freezer burn

+ With free CASO Food Manager app

+ Structured bags available in different sizes:
 - 20 x 30 cm, 50 pcs, item 1290
 - 25 x 35 cm, 50 pcs, item 1289
 - 30 x 40 cm, 50 pcs, item 1291

+ Strong and tear-resistant surface (thickness: 105 µm) – one side structured, one side even

+ Stable weld seam

+ Protects against freezer burn

+ With free CASO Food Manager app

+ Structured rolls available in different sizes:
 - 20 x 600 cm, 2 rolls, item 1295
 - 30 x 600 cm, 2 rolls, item 1296

Special functions

Strength: 150 µm

Particularly strong and tear-resistant

BPA-free

Rib structure

Heat and cold resistant

- + Extremely strong and tear-resistant surface (thickness: 150 µm) with structured foil on both sides

+ Innovative stand-up vacuum bags – ideal for vacuuming liquids and bulky food items

+ Wide stand-up bottom for stability when filled and vertical, space-saving storage (depending on contents)

+ Particularly suitable for CASO design vacuum sealer VRH 790 advanced Pro

+ Material thickness 150 µm: Particularly strong and tear-resistant – also for sharp items such as animal or fish bones

+ Sturdy ribbed structure for 100 % leak-proofing

+ Protection against freezer burn

+ Keep food fresher for longer – up to 8x longer

+ Microwaveable (up to 70 °C)**

+ Dishwasher-proof and reusable

+ Suitable for sous vide cooking: Can be boiled at up to 100 °C for max. 8 hours

+ Set with various sizes, all 14 cm deep*:
 - 12 bags 20 x 30 cm
 - 8 bags 25 x 35 cm
 - 5 bags 30 x 40 cm

+ With free CASO Food Manager stickers and CASO Food Manager app to organise and store food

+ Suitable for bar and chamber vacuum sealers

- + **Sous Vide-suitable:** Cook-proof up to 100 °C for max. 8 hours
- + With **free food manager stickers** to organize and store your food and 2 ZIP lockers

ZIP adapter and vacuum hose

- + For vacuuming with reusable ZIP bags without hand-held vacuum sealer
- + For vacuum sealer with a suitable hose connection

Allows you to vacuum the *VacuBoxxes Eco* and the *ZIP bags* with a bar vacuum sealer with hose connection.

Vacuum container for Vacu OneTouch

VacuBoxx Eco-Serie

- + **Stackable glass vacuum containers** with plastic lids for space-saving storage
- + Remove air from the containers to **keep your food fresh for longer**
- + **Particularly suitable for items which are pressure-sensitive and for liquids**
- + Date display (day and month) integrated into the lid
- + Perfect for storing, transporting and serving food
- + **Versatile use thanks to microwavable, heat-resistant (up to 350 °C) glass bodies**
- + Glass bodies and lids can be used in the freezer (up to -18 °C) and are dishwasher-proof
- + BPA-free – particularly suitable for baby food
- + **Available in the following sizes:**
 - **VacuBoxx Eco-Duo S**, item 1175
 - 2 containers with 500 ml capacity each
 - **VacuBoxx Eco M**, item 1166
 - 1 container with 800 ml capacity
 - **VacuBoxx Eco L**, item 1176
 - 1 container with 1500 ml capacity
 - **VacuBoxx Eco-Set**, item 1177, consisting of
 - 1 container with 1500 ml capacity
 - 2 containers with 500 ml capacity each
 - 1 vacuum hose with adapter

Vacuum container for Vacu OneTouch

VacuBoxx Inox XL

- + Vacuum container made of borosilicate glass and plastic lid with a capacity of 2700 ml
- + **For a longer shelf life of your food with the help of your vacuum sealer:** Flavours and nutrients are safely preserved, food waste is reduced
- + Particularly suitable for pressure-sensitive and liquid foods
- + Perfect for storing, transporting and serving food
- + **Versatile use thanks to microwave-safe and heat-resistant borosilicate glass (up to 350 °C for 1 hour)**
- + **Glass container and lid dishwasher and freezer safe (down to -18 °C)** – Safe freezing of food and finished dishes (vacuum reduces freezer burn)
- + Stackable, space-saving storage with other containers of the "VacuBoxx Eco" series (not included)

Accessories / vacuum glass containers

VacuBoxx R

- + **High quality, round glass vacuum container with Tritan lid**
- + Ideal e.g. for raw and cooked vegetables, meat, pastries, fruit, cold meats, cheeses, soups etc.
- + Perfect for storing, transporting and serving food - even for sensitive foods
- + **Wide range of applications thanks to freeze and microwave compatibility glass container**
- + BPA-free: also suitable for baby food
- + Exact date setting (day and month)
- + **With extra strong seal for a secure closure**
- + Dishwasher safe
- + Available in sets of 4 (including adapter + hand pump) or individually:
 - VacuBoxx RS, 370 ml, item 1180
 - VacuBoxx RM, 620 ml, item 1181
 - VacuBoxx RL, 940 ml, item 1182
 - VacuBoxx RXL, 1700 ml, item 1183
 - VacuBoxx R-Set (4 pcs), contains each box 1x + hand pump and adapter, item 1187
- + Can be vacuumed with a bar vacuum sealer with a hose connection (adapter required, item 1178) or with all Vacu OneTouch hand vacuum sealers (see pages 66 - 67)

Accessories / vacuum glass containers

VacuBoxx E

- + **Like VacuBoxx R series, only square and in the following sizes:**
- + Available in sets of 4 (including adapter + hand pump) or individually:
 - VacuBoxx ES, 370 ml, item 1190
 - VacuBoxx EM, 600 ml, item 1191
 - VacuBoxx EL, 1000 ml, item 1192
 - VacuBoxx EXL, 1500 ml, item 1193
 - VacuBoxx E-Set (4 pcs), contains each box 1x + hand pump and adapter, item 1197

Accessories / hand pump + adapter

Accessory set for the VacuBoxx series

- + Long-lasting freshness due to airtight sealing with
 - CASO vacuum hand pump or
 - All CASO vacuum sealers with container function and vacuum hose (supplied adapter required)

SOUS VIDE – STAR KITCHEN IN 3 STEPS

Sous vide – The future of cooking melts in your mouth

Sous vide, cooking “under a vacuum”, is becoming increasingly popular, also with amateur chefs. The advantages are obvious. Food that is cooked in a vacuum retains its natural flavour; meat and fish become tender and juicy; nutrients, vitamins and trace elements are preserved and vegetables stay crunchy and colourful.

Sous vide cookers are also genuine all-rounders – perfect for preparing yoghurt; warming up baby food in jars; tempering chocolate in a water bath and much more besides.

So simple and so perfect

Cooking a sous vide recipe couldn't be any easier. No prior knowledge is required to achieve perfect results. The components of the dish can be combined when you fill the bag. When doing so, all the basic ingredients, such as oil, seasoning and vegetables, are sealed in a vacuum bag and then heated in water at a low temperature until they are fully cooked.

Marinating and seasoning the dish before it is vacuum sealed ensures even better results. **To bring “sous vide” to your kitchen, you will require a vacuum sealer and a sous vide cooker that maintains a consistent temperature during the cooking process.**

Step 1
Vacuum food

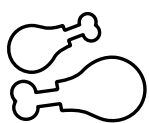

Step 2
Set the time and temperature according to the recipe and start

Cooking time
=
Leisure time

Step 3
If necessary, fry the meat briefly and spicy again, arrange it on the plate and enjoy – so simple and perfect

Item 1332

- + **Perfect for SousVide cooking, preparing yoghurt, heating baby food in the glass, tempering couverture in the water bath and much more**
- + Strong 1000 watts of power in a compact design
- + Space-saving storage
- + **Waterproof by IPX7-standard***
- + Suitable for all heat-resistant vessels with a height of at least 16 cm and a volume of 6 to 20 liters
- + **Temperature setting: 25 - 90 °C (in 0,1 °C steps)**
- + White LED display with sensor touch control panel
- + Timer function: From 1 minute to 99 hours (up to 2 hours in 1 minute increments, from 2 hours in 5 minute increments)
- + With a practical srew cap - srew cap width: 2 cm (without rubber stopper 3 cm)

- + **SousVide cooker with simple clamp mounting for flexible SousVide cooking of Michelin star quality**
- + Perfect for meat, fish and vegetables
- + Also suitable for heating baby food in the glass, for tempering of couverture in a water bath, the preparation of yoghurt and for the gentle thawing of frozen products
- + **Rapid of heating of water due to powerful 1200 watt system**
- + **Appliance is completely water-resistant according to IPX7 standard***
- + Precise temperature control up to 90 °C increments in 0.5 °C increments (32 - 194 °F)
- + Timer function: can be precisely set in 1 minute increments up to 99 hours 59 minutes
- + Heats up to 20 litres water to precisely within 0.5 °C
- + **Smart Control: SousVide Stick can be controlled and read with the CASO Control App**
- + Simple operation of the LED display using a sensor-touch control panel
- + **3D circulation: Constant temperature due to water circulation**
- + Compact SousVide cooker: Space-saving storage & easy to clean
- + Suitable for virtually all heat-resistant vessels**

- + **Professional SousVide cooker with practical suspension device for flexible SousVide cooking of star quality**
- + Perfect for meat, fish and vegetables
- + Also suitable for heating baby food in the glass, for tempering of couverture in a water bath, the preparation of yoghurt and for the gentle thawing of frozen products
- + **Rapid of heating of water due to powerful 1200 watt system**
- + Appliance is completely water-resistant according to IPX7 standard*
- + Precise temperature control up to 90 °C increments in 0.5 °C increments (32 - 194 °F)
- + Timer function: can be precisely set in 1 minute increments up to 99 hours 59 minutes
- + **Smart Control: SousVide Stick can be controlled and read with the CASO Control App**
- + Heats up to 30 litres water to precisely within 0.5 °C
- + Simple operation of the LED display using a sensor-touch control panel
- + **3D circulation: Constant temperature due to water circulation (ca. 10 litre/min)**
- + Compact SousVide cooker: Space-saving storage & easy to clean
- + Suitable for virtually all heat-resistant vessels** (minimum height 19 cm)

- + **Professional sous vide stick with practical screw cap for flexible, Michelin-star quality sous vide cooking**
- + High-quality, easy-care stainless steel housing
- + Prepare meat, fish and vegetables simply, aromatically, gently and using less fat
- + **Water- and dust-resistant according to IPX7 standard***
- + **Heats up to 60 litres of water thanks to powerful 2000 watt system**
- + **Precise temperature control up to 90 °C (194 °F) in 0.5 °C increments**
- + Intuitive LED touch control panel with digital temperature and time display
- + Two timer functions:
 - For operating time – can be set in 1-minute increments up to 99 hours 59 minutes
 - To set when cooking begins – 1-minute increments up to 99 hours 59 minutes in advance
- + **Smart Control: The sous vide stick can be controlled and read using the CASO control app**
- + With 4-phase progress display for the overall process
- + Boil-dry protection: Acoustic signal, red warning indicator and “Lo” notification on the control panel if water level gets too low
- + **5 adjustable, saveable programmes (“individual”, meat, poultry, fish and vegetables)**
- + Adjustable water circulation at 3 levels (based on water quantity): 12 / 15 / 18 litres per minute
- + With practical recessed grip for optimum handling

The **Caso Control App** –
Sous vide cooking via smartphone

Smart Control: Your app-enabled sous vide stick can be easily controlled, monitored and read using the CASO Control app.

Sous vide cooking with an app – Tender and smart

CASO Design offers sous vide sticks that can not only be controlled manually, but also via a smartphone for maximum convenience. Cooking using this method can sometimes take several hours, so using the app means that you don't have to be near the sous vide cooker all the time. Instead, you can treat yourself to some me time while using the app to take an occasional look at how cooking is progressing and, if required, making adjustments.

Simply download the free CASO Control app from the app store of your choice; connect everything via Wi-Fi and then prepare your gourmet dishes more easily than ever before.

Chapter 4

Coffee & tea

Aroma for the senses

CASO Design coffee makers, hot water dispenses, electric kettles and milk frothers are the expression of sensuality and enjoyment. Take in the aroma of the coffee beans; create fluffy frothed milk; prepare wonderful teas and then simply savour the moment. Coffee grinders ensure that your favourite coffee is gently ground to perfection.

AROMA, PLEASURE AND PERFECTION

Coffee and tea are passion

Whether a mild coffee for your breakfast; a strong espresso for true connoisseurs; a cream latte macchiato for gentle souls or hot, aromatic tea after a long autumn walk, CASO Design will warm your heart.

Germany's favourite hot drinks have long since become more than just a way to warm up – they are pure, personal passion!

Fine grinders; functions that can be controlled down to the smallest detail; high-quality designer surfaces and optimum temperatures for the best enjoyment reflect our idea that preparing a hot drink should be something you enjoy.

Experience the fascination of coffee and tea with CASO Design products.

- The classic in the most beautiful guise

Tips for incredibly aromatic coffee

For an optimum aroma we recommend that you keep your ground coffee in an airtight container in your refrigerator.

In contrast, coffee beans are best stored in a freezer as this protects their flavour.

Fresh water is perfect for brewing coffee. If your tap water is too hard, then you can use bottled still mineral water instead.

Sprinkle a pinch of salt in your ground coffee to neutralise any bitter substances it may contain.

Vacuum flasks will do their best job of keeping coffee warm if you rinse them out and prewarm them with hot water before pouring in the coffee. You can also do this with cups.

Compact coffee maker CoffeeCompact electronic

Item 1848

- + **Space-saving compact coffee maker with integrated grinder**
- + Powerful 600 Watt
- + Powerful impact grinder
- + **For up to 4 cups of freshly ground coffee**
- + Including Automatic 30 minute warming function
- + **Also processes pre-ground coffee powder if desired**
- + **LCD display with clock and practical timer function**
- + No paper filter necessary, thanks to the permanent filter
- + Including a handy glass jug
- + Practical, integrated permanent filter
- + Integrated water container with easy-to-read scale
- + Automatic switch-off after 30 minutes
- + Easy cleaning as a result of a completely removable brewing unit and grinder
- + Incl. coffee scoop

Coffee maker Selection C 12

Item 1858

- + Modern coffee machine design with stainless steel body
- + **1,5 litre water tank with practical water level display**
- + **With large glass pot for up to 12 cups of coffee (1,5 l)**
- + Optimum brewing temperature of 92 - 96 °C
- + Easy handling due to touch control panel and rotary knob
- + Large LED clock display
- + **17-hole brewing head for optimal and uniform wetting of the coffee powder**
- + Time-delayed brewing thanks to the integrated timer function
- + **Aroma-PLUS function**
- + Ca. 40 % smaller footprint*
- + Drip-stop prevents subsequent dripping
- + **Long-lasting coffee enjoyment thanks to the heating plate (35 min)**
- + Removable filter basket for easy cleaning
- + Including permanent filter for environmentally-friendly, flavour-preserving brewing and a coffee scoop to measure the right amount of coffee

Coffee maker Selection C 10 Thermo

Item 1874

- + Modern coffee machine design with stainless steel body
- + **1,2 Litre water tank with practical water level display**
- + **With insulated jugt for up to 10 cups of coffee (1,2 l)**
- + Optimum brewing temperature of 92 - 96 °C
- + Easy handling due to touch control panel and rotary knob
- + Large LED clock display
- + **17-hole brewing head for optimal and uniform wetting of the coffee powder**
- + Time-delayed brewing thanks to the integrated timer function
- + **Aroma-PLUS function**
- + Ca. 40 % smaller footprint*
- + Drip-stop prevents subsequent dripping
- + Removable filter basket for easy cleaning
- + Including permanent filter for environmentally-friendly, flavour-preserving brewing and a coffee scoop to measure the right amount of coffee

You can find the right toaster on page 151.

Coffee maker

Coffee Taste & Style

Item 1846

Special functions

12

For up to 12 cups

Filter size 1x4

Keep warm 35 min

- + Modern design coffee machine in stainless steel look
- + **1,5 liter water tank with practical water level display**
- + **With big glass carafe for up to 12 cups of coffee**
- + Easy handling due to touch control panel
- + Large LED clock display
- + 17-hole brewing head for optimum moistening of the coffee powder
- + **Time-delayed brewing thanks to integrated timer function**
- + Aroma function: For a brew strength from mild to strong
- + **Optimum brewing temperature of 92 - 96 °C**
- + Approximately 40% less stand space*
- + Drip-stop: Prevents dripping
- + **Long-lasting coffee enjoyment through built-in warming plate (35 min)**
- + Removable filter basket for easy cleaning
- + Incl. permanent filter for aroma-friendly brewing and coffee spoon for portioning

Coffee maker

Coffee Taste & Style Thermo Duo

NEW

Like Coffee Taste & Style Thermo, but with a second insulating jug

Item 1845

Design coffee maker

AromaSense

Item 1851

Special functions

10

For up to 10 cups

Filter size 1x4

Keep warm 40 min

1

Single cup

Aroma regulator

- + **Stylish design with intuitive touch control panel**
- + Every cup a pleasure – perfectly wetted coffee powder thanks to 9-hole brewing arm – aromatic as if brewed by hand
- + **Ideal brewing temperature** of 92 - 96 °C thanks to innovative pump system
- + Large water tank (1.25 l) for up to 10 cups of coffee
- + **Full aroma development thanks to aroma spout** – allows the coffee to circulate in the pot and ensures even coffee enjoyment
- + **Filter holder with aroma regulator** – stepless adjustment of the dripping speed for a perfect extraction of the aromas
- + Manual drip stop for early dispensing of the coffee or for pre-brewing
- + **Practical timer function for time-delayed brewing**
- + **Single cup:** For a cup of coffee directly into the (heat-resistant) coffee/to-go mug
- + **Long-lasting coffee enjoyment with keep-warm function (40 min)**
- + With descaling function and reminder after 50 brewing units
- + **Incl. permanent filter made of titanium-coated stainless steel** (reusable, long-lasting and taste-neutral)
- + Incl. measuring scoop for the right amount of ground coffee

ECBC – European Coffee Brewing Centre

The **AromaSense** designer coffee maker has been awarded the ECBC seal of approval (European Coffee Brewing Centre) – an independent testing authority that tests coffee brewing equipment to the Gold Cup Standard.

This seal of approval is given only to coffee makers that meet the highest preparation quality standards.

Espresso maker

EspressoGourmet

NEW

High-quality, heavy stainless steel portafilter for perfect crema, temperature and aroma. With 19 bar Ulka pump and complete barista accessories.

Item 1820

Special functions

19 bar Ulka pump

Stainless steel portafilter

With cup warming tray

- + Stainless steel housing with non-slip feet
- + Powerful 19 bar Ulka pump
- + **High-quality stainless steel portafilter with black handle**
- + **Practical manometer shows brewing pressure**
- + 4 user-friendly soft touch buttons with white lights
- + Automatic pre-brew function for even infusion
- + Stainless steel steam wand for preparation of creamy frothed milk and pre-warming of cups
- + Integrated cup warming tray for pre-warming of cups
- + Removable transparent water tank (1.5 l)
- + Removable stainless steel drip tray with integrated float – for easy cleaning
- + Wide range of accessories:
 - 3 stainless steel filter inserts for 1 or 2 cups and for ESE / coffee pads
 - Tamper with removable black wooden handle
 - Stainless steel measuring spoon
 - Stainless steel milk pitcher (with scale up to 330 ml / 11 oz)

Fully automatic coffee machine

Café Crema One

Item 1881

Special functions

Only 18 cm wide

For all coffee specialties

Sensor touch

- + **Saves space thanks to its particularly sleek design**
- + Pre-brewing function for a perfect coffee aroma
- + Display with intuitive sensor touch operation
- + **Pump pressure: max. 19 bar**
- + Innovative heating system: ready to start in a jiffy
- + **Fast: First coffee in 60 seconds**
- + Practical hot water function to make tea for instance
- + Steam nozzle for the heating and the production of milk foam
- + **Extremely quiet stainless steel conical grinder**
- + Height adjustable coffee spout up to 160 mm cup height
- + Integrated cup lighting
- + **Easy to clean due to the removable brewing unit**
- + Bean container 160 g, water tank 1,2 l capacity
- + Energy-saving automatic power-off function
- + High quality stainless steel draining surface
- + Coffee grounds container can be removed from the front
- + Incl. accessories:
 - Descaler
 - Cleaning brush
 - Push needle for brewing unit
 - Microfiber cloth

Fully automatic coffee machine

Café Crema Touch

Item 1882

Special functions

Only 18 cm wide

For all coffee specialties

Sensor touch

Milk tank

- + **Saves space thanks to its particularly sleek design**
- + **Unique pleasure: Classic coffee specialties and mixed drinks with creamy milk foam simply by touch**
- + LED touch display with direct selection buttons
- + Pre-brewing function for a perfect coffee aroma
- + **Diverse beverage selection at the push of a button:**
 - Hot water
 - Milk foam (with the hose from the milk tank or directly from the milk carton)
 - Cappuccino Small & Grande
 - Latte Macchiato Small & Grande
 - Espresso
 - Café Crema
- + Bean container 160 g, water tank 1,2 l capacity
- + Extremely quiet stainless steel conical grinder, infinitely variable
- + **Height adjustable coffee and milk spout (up to 160 mm)**
- + Integrated cup lighting
- + Ideal pump pressure: max. 19 bar
- + Energy-saving automatic power-off function
- + Easy to clean due to integrated cleaning function, removable brewing unit, drip tray and easy to remove coffee grounds container
- + Incl. accessories:
 - Milk tank
 - Descaler
 - Cleaning brush
 - Push needle for brewing unit
 - Microfiber cloth

Milk frother

Fomini // Fomini Inox

Item 1610 // item 1611

Item 1656 // item 1662

Fomini

- + Milk frother with stainless steel spring
- + High rotational speed for fast frothing of milk and milkshakes
- + Rubberised handle for firm grip
- + Easy cleaning
- + With stand
- + Approx. 12.000 revolutions/min

Fomini Inox

- + Milk frother with stainless steel spring and extra large whisk
- + High rotational speed for fast frothing of milk and milkshakes
- + Ideal for mixing dressing
- + High quality inox surface
- + High quality stainless steel housing
- + Rubberised handle for firm grip
- + Easy cleaning
- + With stainless steel base
- + Approx. 12.000 revolutions/min

FominiCrema

- + **Design milk frother for creamy froth (cold & hot)**
- + Ideal for Latte Macchiato, hot chocolate, Cappuccino or Frappé
- + Milk froth within a very short time
- + Capacity:
 - Frothing milk: up to 100 ml
 - Heating milk: up to 200 ml
- + **Also perfect for small amounts of milk froth**
- + No burning due to non-stick coating – **Lowering the temperature before frothing is complete**
- + **Easy to clean and no burning thanks to the double non-stick coating**
- + High quality housing with heat isolated grip surface
- + Transparent lid and 360° base station
- + Automatic switch-of
- + Transparent lid and 360° base station

FominiCrema Inox

- + Like FominiCrema, but with a high-quality **stainless steel housing** with a heat-insulating grip surface

Milk frother

Crema & Choco Black

Item 1665

- + Design milk frother for hot and cold milk drinks
- + **Versatile milk enjoyment thanks to four functions:**
 - **Hot milk foam for extra foamy cappuccino**
 - **Hot milk foam for latte macchiato**
 - **Cold milk foam for e.g. iced coffee, frappé**
 - **Hot milk for e.g. latte, cocoa, hot chocolate**
- + **Thanks to precise temperature control, also suitable for foaming and heating plant-based drinks**
- + LED function display and intuitive one-touch operation
- + **Includes function to make hot chocolate from small pieces of chocolate or cocoa powder**
- + With two removable, magnetic attachments for frothing and warming
- + High-quality stainless steel housing with heat-insulating handle
- + Transparent lid and 360° base station in smart black
- + Automatic switch-off or manual stop
- + Easy to clean thanks to dishwasher safe attachments, stainless steel housing and lid
- + Second attachment can be stored on the underside of the base
- + Capacity for
 - Milk foam up to 250 ml
 - Hot milk up to 350 ml

Milk frother

Crema & Choco Inox

Crema & Choco Inox

- + Like Crema & Choco Black, only with 360° base station made of high-quality **stainless steel**

Coffee grinder

CoffeeFlavour

Item 1830

Coffee grinder

BaristaCrema

Item 1833

- + Electric coffee grinder
- + Suitable to grind and chop coffee, nuts, spices etc.
- + Pulse switch with transparent lid
- + **Case, blade and housing made of durable stainless steel**
- + **Capacity for up to 90 g coffee beans (capacity for approx. 4 - 8 cups)**
- + Individual grinding degree from coarse to fine (due to the duration of grinding)
- + Powerful 200 watt motor
- + Safety function: can only be used with the lid on
- + Cable winding facility

- + **Grinder settings from fine to coarse – for the perfect enjoyment of espressos and coffee**
- + **Slow, aroma-friendly grinding through a professional disc grinder**
- + Removable collection container for up to 140 g of coffee powder (up to 12 cups of coffee)
- + Removable bean container with a maximum filling capacity of up to 190 g
- + Powerful 150 watt motor
- + Fast and simple cleaning due to the removable individual parts
- + **High quality stainless steel front**
- + Small and compact
- + Secure positioning due to non-slip rubber feet
- + Incl. cleaning brush

Coffee grinder

BaristaFlavour

Item 1832

- + **Slow, aroma protecting grinding by conical grinder made of robust stainless steel**
- + Removable bean container with approx. 300g maximum filling capacity
- + **Grinding degree adjustable in 15 steps – for perfect espresso and coffee**
- + For up to 10 servings of coffee
- + **Grinder easily accessible for easy cleaning (removable)**
- + High quality stainless steel housing
- + Stone protection
- + Digital quantity control with LED display
- + Powerful 150 watt motor
- + Aroma-proof container for coffee powder (max 150 g)

Coffee grinder with Portafilter holder

BaristaChef Inox

NEW

Item 1834

- + Slim and compact coffee grinder with stainless steel housing and "anti-fingerprint" surface
- + **With modular portafilter holder e.g. for espresso and portafilter machines**
- + **High-quality and durable stainless steel cone grinder**
- + Flavour-preserving grinding speed of 450 rpm for an even grinding pattern and reduced heat development
- + **48 precise grinder settings for every preparation method and coffee speciality from extra-fine espresso powder to coarser French Press powder**
- + Removable bean container with 250 g capacity
- + **Individual dosing via cup quantities (up to 12 cups) or timer (up to 40 sec) and manual for portafilter**
- + Flavour-sealed collection container for 100 g ground coffee with innovative anti-static technology without the coffee powder sticking to the surfaces
- + Powerful 150 watt DC motor
- + Grinder, bean container and drip tray are easy to remove for easy cleaning

Turbo hot water dispenser

Boiling water thought ahead

CASO Design turbo hot water dispensers only heat the amount of water required by the user – in just a few seconds and to the desired temperature. This saves valuable water and up to 50 % energy in comparison to conventional electric kettles, making the dispensers extra **environment friendly**.

Water temperatures from 40 to 100 °C can be selected – perfect for the preparation of all types of tea, instant coffee, baby food, hot lemon and much more besides. The continuously adjustable water flow makes filling a hot water bottle on a cold day child's play.

A water filter ensures that water is extra soft and protects the device, ensuring that you can enjoy it for many years to come.

CASO Design also has the perfect model for professional kitchens, hotel buffets, office kitchens or mobile catering - the PerfectCup 1000 Pro with a large 4-litre removable water tank and buttons that can be programmed according to your needs.

Turbo hot water dispenser

HW 550

Item 1880

Turbo hot water dispenser

HW 600

Item 1868

- + Hot water in just a few seconds using touch control
- + For the preparation of tea, instant coffee, instant noodles and baby food
- + **Energy and water-saving – only the required amount of water is heated to the desired temperature**
- + **Large, removable 2.9 litre water tank**
- + **7 selectable temperature settings from 40 - 100 °C in 10 °C intervals**
- + Can also be used as a water dispenser without heating the water
- + **7 dispensing quantities: 100 / 150 / 200 / 250 / 300 / 350 / 400 ml**
- + FlowFunction for individual water amount - e.g. cooking water, thermos flasks, hot water bottles, etc.
- + Timeless elegant black design
- + Removable drip tray for large mugs up to 17 cm in height
- + Auto-lock function provides added safety

- + Hot water in just a few seconds due to powerful 2600 watts
- + Compact, elegant design in high-quality stainless steel
- + Perfect for the preparation of tea, instant coffee, instant noodles and baby food
- + **Energy-saving: 50% less than conventional electric kettles**
- + **Big 2.7 liter water tank – removable, easy to fill and easy to clean**
- + **7 different temperature settings: 40 - 100 °C in 10 °C intervals**
- + Direct selection button for optimum preparation of baby food (40 °C)
- + 8 pre-set quantities as required: 100 / 150 / 200 / 250 / 300 / 350 / 400 ml and continuous
- + Touch display positioned at the top - easy and intuitive to use
- + Integrated descaling reminder
- + Incl. water filter for perfect water quality

Turbo hot water dispenser

HW 660

Item 1879

- + Hot water in just a few seconds due to powerful 2600 watts
- + Compact, elegant design in high-quality stainless steel
- + Perfect for the preparation of tea, instant coffee, instant noodles and baby food
- + **Energy-saving: 50% less than conventional electric kettles**
- + **Big 2.7 liter water tank – removable, easy to fill and easy to clean**
- + **7 different temperature settings: 40 - 100 °C in 10 °C intervals**
- + Direct selection button for optimum preparation of baby food (40 °C)
- + 7 pre-set quantities as required: 100 / 150 / 200 / 250 / 300 / 350 / 400 ml and continuous

Electric kettle

WK 2100 compact

Item 1869

- + **Powerful 2200 watt**
- + **High quality stainless steel housing and interior**
- + Compact size with capacity of 1.2 litres
- + Precise temperature control for precise control of water temperature with cooking stop function
- + **Temperature control in 10 °C increments from 10 - 100 °C – ideal for the perfect preparation of tea and baby food**
- + Practical heat retention function
- + Safe thanks to automatic power-off function
- + Anti-scale filter that can be removed for cleaning

Electric kettle

WK 2200

Item 1870

- + **Powerful 2200 watt**
- + **High quality stainless steel housing and interior**
- + Capacity of 1,7 litres
- + Precise temperature control for precise control of water temperature with cooking stop function
- + **Temperature control in 10 °C increments from 10 - 100 °C**
- + Display of current water temperature – ideal for the perfect preparation of tea and baby food
- + Practical „keep warm“ function
- + Acoustic signal
- + Safe thanks to automatic power-off function
- + Lateral water level indicator
- + Cable storage under the base station
- + Anti-scale filter that can be removed for cleaning

Electric kettle

WK Cool Touch

Item 1873

- + **Double-walled cool-touch housing made of high-quality stainless steel: does not become hot on the outside**
- + Interior made of high quality stainless steel
- + **Thanks to its heat insulation it runs with an economical 1800 watts**
- + Compact size with capacity of 1.0 litres
- + Precise temperature control for precise control of water temperature with cooking stop function
- + **Temperature control in 5 °C increments from 40 - 100 °C – ideal for the perfect preparation of tea and baby food**
- + Practical heat retention function
- + Safe thanks to the automatic switch-off
- + Anti-scale filter and lid can be removed for cleaning

Electric kettle

Classico WK 2200

Item 1886

- + **Modern design kettle with a capacity of 1,7 litres for up to 7 cups at maximum fill level**
- + Powerful heating element with max. 2200 watts for fast and efficient boiling of water
- + **Housing and interior made of high-quality, tasteless, dimensionally stable and rustproof stainless steel**
- + 360° base station for easy positioning of the boiling vessel
- + Easy-to-read, external water level indicator with LED indicator light
- + Intuitive operation by on/off tilt switch
- + Easy and safe lid opening at the touch of a button – directly on the heat-insulated handle
- + **Strix technology for safe automatic switch-off and dry-running/overheating protection**
- + Practical cord storage
- + Easy cleaning thanks to removable anti-limescale filter and concealed heating element

Electric kettle

Selection WK 2200

Item 1887

- + **Modern design kettle with a capacity of 1,7 litres for up to 7 cups at maximum fill level**
- + **Temperature setting from 40 – 100 °C (in 10 °C steps + special setting at 95 °C) for individual preparation of different types of tea, baby food, boiling water etc.**
- + Powerful heating element with max. 2200 watts for fast and efficient boiling of water
- + Practical keep-warm function with automatic switch-off
- + Large LED display with temperature display and intuitive sensor-touch operation
- + Housing and interior made of high-quality, tasteless, dimensionally stable and rustproof stainless steel
- + 360° base station for easy positioning of the boiling vessel
- + Easy-to-read, external water level indicator
- + Easy and safe lid opening at the touch of a button – directly on the heat-insulated handle
- + **Strix technology for safe automatic switch-off and dry-running/overheating protection**
- + Practical cord storage
- + Easy cleaning thanks to removable anti-limescale filter and concealed heating element

Chapter 5

Juicer & blender

Freshly prepared

CASO Design offers a range of different techniques, allowing you to create tasty, healthy drinks. Whether vitamin-rich smoothies and juices or amazingly good milk shakes to cool you down, there are no limits on your imagination.

A FIT AND HEALTHY WAY TO START AND ENJOY YOUR DAY

CASO Design helps you create a diverse range of culinary delights with its powerful **blenders** for vitamin-rich breakfast smoothies; tasty milk shakes for young and old people with a sweet tooth or your own creations with or without alcohol.

Our powerful **citrus juicers** can get juice out of almost every citrus fruit. Whether limes, tangerines, grapefruit or oranges, the universal press cone and easy-to-handle lever press arm enable you to press a wide variety of fruit easily and with no mess, for tasty juices.

CASO Design **hand blenders** are perfect aids for making sauces, dips and soups. Despite their compact size, these small powerhouses are true giants.

And if you want to prepare extra gently pressed juices from fruit, vegetables or herbs, then our **slow juicers** are made for you. The juicing auger rotates much more slowly than a centrifugal juicer, so does not generate any heat. This ensures that important nutrients and flavours are preserved. There is no healthier way to start your day.

130

CASO Design Stick blender

- Handy, practical and powerful

134

CASO Design Blender

- For healthy smoothies and delicious shakes

132

CASO Design Citrus juicer

- Gently pressed juices for your vitality

136

CASO Design Slow juicer

- Slowly squeezing the fruit ensures that important nutrients and flavors are preserved

Stick blender

HB 1000

Item 3603

Special functions

Perfect grip

Vario speed

- + Powerful multifunction hand blender
- + Powerful 1000 watt motor
- + **Variable speed regulation by 2 softpress keys:**
 - 1st stage: Infinitely adjustable 10,000 -17,000 rpm
 - 2nd stage: Turbo button (up to 17,000 rpm)
- + Housing made of high quality anodized aluminum
- + **Immersion blender with 4 stainless steel wing knives**
- + Ergonomically shaped handle for a pleasant operation
- + Easy change for an easy assembly and disassembly of the accessories
- + Easy to clean thanks to removable parts
- + **3-piece accessories set:**
 - Whisk for easy whipping cream and egg whites
 - Shredder container with 4-fold stainless steel knife for herbs, vegetables, meat, etc.
 - Transparent measuring cup with scaling

Stick blender

HB 2200 Pro

Item 3602

Special functions

22.000 RPM

AC motor / 170 watt

- + **Powerful and quiet mixer for mixing, stirring, whisking, pureeing and mincing**
- + **Powerful 22,000 rpm for numerous application possibilities such as for the preparation of: smoothies, soups, creams, baby food, meat, crushed ice, etc.**
- + Durable, rugged AC motor with 170 watts for constant speed, high efficiency and energy efficiency
- + **Length stainless steel rod: 140 mm**
- + Ergonomic handle for maximum ease of use
- + Easy and quick cleaning of the items
- + Easy, quick replacement of the plug-on parts
- + Overheating protection
- + Practical accomodation of the accessories thanks to compact 2 in 1 socket: housing of the accessories and holder for the hand blender

Professional stick blender

HB 2400 Pro XL

Particularly long blender (29 cm)

Item 3604

Special functions

24.000 RPM

AC motor / 350 watt

- Description like HB 2200 Pro, additionally:**
- + **High-performance 24 000 rpm for a wide range of uses such as preparing smoothies, soup, purees, egg whites, baby food, mince, etc.**
 - + Durable 350-watt AC motor for a consistent speed, high effectiveness and energy efficiency
 - + Extra-long stainless steel shaft (29 cm) for easy processing of up to 20 litres of liquid
 - + Comes with an extra-long cable

Various accessories:

CASO multi knife (titanium coated)

CASO whirling disc (stainless steel)

CASO meat knife (stainless steel)

Stainless steel fork to swap the blades

Citrus juicer

CP 200

Item 3540

- + Powerful electric designer citrus juicer with stainless steel housing
- + **Universal press cone for all common citrus fruits from lime to grapefruit**
- + Easy handling thanks to lever press arm
- + High-quality stainless steel strainer insert
- + **Soft-touch handle with convenient automatic start**
- + Very easy to clean, individual parts removable and dishwasher-safe
- + Extra quiet engine
- + Suction feet for a very secure stand
- + Juice stop (drip stop)

Citrus juicer

CP 300

Item 3550

- + Powerful electric designer citrus juicer with stainless steel housing
- + **Universal press cone for all common citrus fruits from lime to grapefruit**
- + Easy handling thanks to lever press arm
- + High-quality stainless steel strainer insert
- + **Soft-touch handle with convenient automatic start**
- + Very easy to clean, individual parts removable and dishwasher-safe
- + Extra quiet engine
- + Suction feet for a very secure stand
- + Juice stop (drip stop)

Citrus juicer

CP 330 Pro

Item 3560

- + Powerful electric designer citrus juicer with stainless steel housing
- + **Universal pressing cone made of stainless steel:**
 - For all common citrus fruits from lime to grapefruit
 - High juice yield
- + Easy handling with little effort by lever pressing arm
- + Juice spout directly into the glass
- + No dripping thanks to fold-up spout
- + Stainless steel sieve insert
- + **Soft touch handle with practical automatic start-up**
- + Very easy cleaning due to removable and dishwasher-safe components
- + Low noise motor
- + Suction feet to secure stability

Blender

B 800

Item 3616

- + Powerful 1000 watt motor
- + Max. 17.000 revolutions / min.
- + **6-fold stainless steel blades and housing made of high quality and durable stainless steel**
- + Multifunctional – Ideal for the preparation of Smoothies, milkshakes, frappés, long drinks, etc.
- + **2-stage speed adjustment via practical control dial with LED lighting**
- + Heat-resistant glass blender jug with max. 1,5 l capacity
- + Overheating protection and double safety lock

Blender

MX 1000

Item 3617

- + Powerful 1000 Watt motor
- + **8-fold titanium coated blades**
- + **Housing made of durable stainless steel**
- + **Multifunctional – Ideal for preparing smoothies, milkshakes, frappés, long drinks etc.**
 - Blend function (infinitely variable and manually)
 - Smoothie function (14.000 rpm)
 - Ice-Crush function (9.500 rpm average)
 - Pulse function (up to 17.000 rpm)
- + Speed control knob with LED display
- + High quality glass mixing jar with 1.5 l capacity and heat resistance up to 80 °C
- + Easy cleaning – easy dismantling of the knife insert and dishwasher-safe glass jar
- + Overheating protection and double safety lock

Blender

B 1800 PowerBlender

Item 3619

- + **Multifunctional – ideal for preparing smoothies, milk shakes, baby food, soup, crushed ice, long drinks, etc.**
- + **Strong 1800-watt motor with an infinitely variable speed of up to 28 000 rpm**
- + **Robust 6-blade cutter with gold titanium coating**
- + Quick preparation thanks to pre-set extra programmes:
 - Smoothie
 - Crushed ice
 - Auto pulse
- + With separate auto pulse
- + **High-quality large glass mixing jug (1,75 l)**
- + High-quality stainless steel housing
- + Safe stand thanks to non-slip rubber
- + Easy to clean because dishwasher-proof and knife attachment is simple to dismantle
- + With integrated safety lock (EK 1 standard) and overheating protection
- + Accessories:
 - Pestle
 - Measuring cup integrated in the lid

Blender

B 1800 PowerBlender Set

Item 3618

Description like B 1800 PowerBlender, additionally:

+ Additional accessories:

- **Stainless steel chopper** (750 ml) with stainless steel blades for coffee beans, nuts, pesto, baby food, dried herbs etc.
- “Mix & go” **drink bottle** (700 ml)

Slow juicer

SJW 300

Item 3509

- + Slim design slow juicer with noble silver matte finish
- + For delicious, healthy juices with a natural taste from fruits, vegetables and herbs
- + **Gentle juicing thanks to lower RPM (60 rpm)**
 - The slow-rotating screw press prevents heat generation and preserves valuable nutrients and vitamins
- + **Up to 30% higher juice yield compared to conventional juicers**
- + Large filling opening with 75 mm Ø for whole fruits
- + **With juice and sorbet sieve for a variety of applications possibilities**
- + Juice spout can be closed with a double lip
 - Multi juices are mixed automatically
 - Serves as a drip stop
- + Quick to use thanks to simple design
- + **Strong, quiet 300 watt motor for hard and soft fruits**
- + Two large containers for juice and pomace, each with 0,7 l content
- + Easy and quick cleaning thanks to included cleaning brush and removable parts

Slow juicer

SJW 500

Item 3506

- + Slim design slow juicer with high quality stainless steel application
- + For delicious, healthy juices with a natural taste from fruits, vegetables and herbs
- + **Gentle juicing thanks to lower RPM (50-60 rpm)**
 - The slow-rotating screw press prevents heat generation and preserves valuable nutrients and vitamins
- + **Up to 30% higher juice yield compared to conventional juicers**
- + Large filling opening with 75 mm Ø for whole fruits
- + **With juice and sorbet sieve for a variety of applications possibilities**
- + Juice spout can be closed with a double lip
 - Multi juices are mixed automatically
 - Serves as a drip stop
- + Quick to use thanks to simple design
- + Strong, quiet 150 watt motor for hard and soft fruits
- + Two large containers for juice and pomace, each with 0,7 l content
- + Easy and quick cleaning thanks to included cleaning brush and removable parts

Slow juicer

SJW 600 XL

NEW

Juice from a
centrifuge –
settles

Item 3511

Special
functions

Slow juice
technology

Whole fruits
up to 130 mm Ø

- + Slow juicer with high quality matt black housing
- + **Gentle juicing thanks to low speed (40 rpm)** – slow rotation of the juicing auger means less heat build-up, so preserves valuable nutrients and vitamins
- + **Up to 30 % more juice compared to conventional juicers – for tasty, healthy juices with the natural taste of fruit, vegetables and herbs**
- + **Fill & go! – Large 130 mm Ø filling opening for whole fruits, no pre-cutting**
- + **Overflow stop can be closed for automatic mix function for juice mixes**
- + Ready to use quickly thanks to simple assembly with a small number of components
- + Powerful and extra quiet 250 watt AC motor for hard and soft fruit
- + **With 'safety stop' function: Rotation stops immediately when the lid is opened**
- + Two large containers for juice and pulp, both 1 l capacity
- + Use of juicing pulp – juicing pulp can be used as an ingredient in sauces, muesli and much more besides
- + Simple, fast cleaning thanks to cleaning brush
- + Space-saving storage thanks to removable components
- + Non-slip feet ensure stability

Fill & go! Large filling opening for whole fruits

Chapter 6

Kitchen & small household appliances

Little helpers, big enjoyment

Our kitchen and small household appliances combine good ideas with stylish products, making them the ideal companion for a life full of enjoyment. Whether at breakfast, when baking or as part of a healthy lifestyle, fall in love with our little helpers that will make your life easier.

GET THE MOST OUT OF EVERYDAY LIFE

CASO Design makes everyday life easier – with high-quality kitchen and small household appliances that not only impress with powerful functions and intuitive operability but also look great. The diverse range of products offers something for every taste.

For example, in addition to numerous designer egg boilers and toasters, CASO Design also offers a wide selection of innovative kitchen aids. From choppers to food dehydrators; elegant food processors, timeless mincers and environment-friendly scales. We have something for everyone and our innovative devices make cooking and food prep twice as much fun.

CASO Design Body scales

Egg boiler

E 3

Item 2774

- + Egg boiler for up to 3 eggs
- + **Space-saving design**
- + **Saves time, energy and water in comparison to boiling eggs on the stove**
- + High-quality stainless steel operating panel
- + Electronic control of boiling time, no water measuring required
- + **Infinitely variable control knob for the desired degree of hardness from soft to hard (boiling time up to 15 mins)**
- + Removable egg holder allows quick cooling of eggs under running water
- + Removable transparent cover with handle
- + White LED indicates the operating mode
- + Automatic switch-off with acoustic signal at the end of boiling time thanks to overheating protection
- + Easy-to-clean heating plate
- + Incl. measuring cup with integrated egg piercer

Egg boiler

E 7

Item 2770

- + Electronic egg cooker for 7 eggs
- + High-quality stainless steel design
- + **Elektronically controlled – measuring of water not necessary**
- + No residues (lime & minerals) on the base plate, because water doesn't evaporate completely
- + No release of odor due to leaking eggs
- + **Non stick-coated cooking bowl**
- + 13 cooking levels, electronically controlled
- + Control lamp with ON/OFF switch
- + Acoustic signal
- + Removable egg holder
- + Incl. measuring cup with egg piercer

Egg boiler

E 9

Item 2771

- + Electronic egg cooker for 8 eggs
- + **Elektronically controlled – early shutdown, hence no dry cooking, no bad smells and no baking of water residues**
- + High-quality stainless steel design
- + LED operating display
- + **Non stick-coated cooking bowl**
- + Transparent plastic cover & steam-cooking attachment
- + Acoustic signal at the end of cooking time
- + Removable egg holder
- + ON/OFF switch
- + Cable winding facility
- + Incl. measuring cup with egg piercer and two poaching bowls

Egg boiler & steamer

ED 10

Item 2772

- + **Optional use as egg boiler for up to 8 eggs or as a steam cooker for gentle preparation of fish, vegetables, potatoes etc.**
- + **With two inserts for poached eggs and two inserts for steam cooker**
- + Elektronically controlled – early shutdown, hence no dry cooking, no bad smells and no baking of water residues
- + High-quality stainless steel design
- + ON/OFF switch with LED operating display
- + **Rotary knob for adjusting the degree of hardness and cooking time up to 40 minutes**
- + Non stick-coated cooking bowl
- + Transparent plastic cover & steam-cooking attachment
- + Removable egg tray and steamer attachment for easy cleaning
- + Acoustic signal at the end of cooking time
- + Incl. measuring cup with egg piercer, two inserts for poached eggs and two inserts for steam cooker

Toaster

Classico T 2

Item 1916

- + Modern design toaster for 2 slices of toast
- + High-quality stainless steel housing
- + Easy to use thanks to the LED-illuminated rotary knob and control buttons
- + **With an extra long toast slot for all types of toast, bread, bagels etc.**
- + Optimal toasting level setting with 5 levels
- + **With additional rewarming, defrosting and stop functions**
- + Self-centring slots for uniform browning
- + Pull-out crumb drawer for easy cleaning
- + With practical power cord storage
- + **Incl. practical and stable bun attachment**

Toaster

Classico T 2 Duo

Item 1917

- + Stainless steel toaster for 2 slices of bread of all sizes – for perfect toast every day
- + **Two wide toasting slots (38 mm) for bread, toast, bagels, etc.**
- + Simple to use thanks to LED illuminated turning knob and operating buttons
- + 5 browning levels for optimum toasting – individually adjustable to personal taste
- + **With additional reheat, frozen and cancel functions**
- + **Integrated bread slice centring for an even, crunchy result**
- + Removable crumb tray for easy cleaning
- + With practical power cord storage
- + **Incl. practical and stable bun attachment**

Toaster

Classico T 4

Item 1926

- + Modern toaster design for 4 slices of toast
- + High-quality stainless steel housing
- + Easy to use thanks to the LED-illuminated rotary knob and control buttons
- + **With 2 extra long toast slots for all types of toast, bread, bagels etc.**
- + Optimal toasting level setting with 5 levels
- + **With additional rewarming, defrosting and stop functions**
- + **Self-centring slots for uniform browning**
- + Pull-out crumb drawer for easy cleaning
- + With practical power cord storage
- + **Incl. practical and stable bun attachment**

Toaster

Selection T 2

Item 2769

- + Modern toaster design for 2 slices of toast or bread
- + With high-quality stainless steel body and LED display
- + **Easy handling due to touch control panel and rotary knob**
- + **Optimal toasting level setting with 7 levels**
- + With additional rewarming, defrosting and stop functions
- + Crumb drawer for easy cleaning
- + Self-centring slots for uniform browning
- + With practical power cord storage
- + **With separate bun warmer**

Toaster

Inox 2

Item 2778

- + Elegant design made of high quality stainless steel
- + **2-slices toaster with extra wide toast slots**
- + Ideal for crispy toast, sandwiches or bagels
- + Practical toast automatic
- + **Extra big LCD display to show the browning degree**
- + Adjustment with 6 browning levels
- + **With additional defrost, stop and warming function**
- + Accessories: Stable and large-area bun warmer for fast baking or thawing rolls
- + Automatic shutdown
- + Practical crumb tray

Toaster

Inox 4

Item 2779

- + Elegant design made of high quality stainless steel
- + **4-slices toaster with extra long and wide toast slots**
- + Ideal for crispy toast, sandwiches or bagels
- + Practical toast automatic
- + **Extra big LCD display to show the browning degree**
- + Adjustment with 6 browning levels
- + **With additional defrost, stop and warming function**
- + Accessories: Stable and large-area bun warmer for fast baking or thawing rolls
- + Automatic shutdown
- + Practical crumb tray

Toaster

Novea T 2

Item 2776

- + Precious design made off brushed stainless steel with chrome accents
- + 2-slices toaster with extra big roasting shafts
- + **Toast automatic with motorlift**
- + **Front slot for one slice of toast, can be used singly**
- + LCD display with countdown timer
- + **Precise setting with 9 browning levels**
- + **With additional defrost, stop and warming function**
- + Accessories: Stable and large bun warmer for quickly baking or defrosting rolls
- + Automatic shutdown
- + Practical crumb tray

Toaster

Novea T 4

Item 2777

- + Precious design made off brushed stainless steel with chrome accents
- + 4-slices toaster with extra long and big roasting shafts
- + **Toast automatic with motorlift**
- + **Front slot for two slice of toast, can be used singly**
- + LCD display with countdown timer
- + **Precise setting with 9 browning levels**
- + **With additional defrost, stop and warming function**
- + Accessories: Stable and large bun warmer for quickly baking or defrosting rolls
- + Automatic shutdown
- + Practical crumb tray

Kitchen scales

FinoCompact

Item 3201

- + **Highly precise weighing scales for spices, tea, coffee, medicine, etc.**
- + Exact weighing scale from 0.1 g - 500 g in 0.1 g increments
- + Additional units of measurement: 0.1 - 500 ml / 0.01 - 17.7 oz
- + Incl. brushed stainless steel weighing bowl (also suitable for other containers)
- + Tara function for adding of additional objects
- + White LED display and touch control
- + Battery operated (2x 1.5V AAA*)
- + With practical fixing band for easy storage

*not included

Kitchen scales

Slim

Item 3210

- + Large glass surface
- + Sensor touch operation
- + Practical tare function
- + **Very accurate load sensor up to 5 kg**
- + Exact 1g measurements
- + Choice between grams (g) und oz
- + Super flat, space saving design
- + Automatic switch-off
- + Battery included

Kitchen scales

LX 20

Item 3294

- + **Also suitable for particularly heavy vessels:**
- + **Weighing scale up to a maximum of 20 kg**
- + **Big, valuable glass weighing surface**
- + Precise weighing sensor in 5 g increments
- + Selectable units: g / kg / oz / lb /ml / fl.oz
- + Intuitive sensor touch control
- + Practical tare function
- + Big, well readable display
- + Extra flat design

Kitchen scales

L 15

Item 3292

- + **Extra large weighing surface (30 x 22 cm) made of brushed stainless steel**
- + Weighing scale up to max. 15 kg
- + Accurate weighing sensor with 1 g increments
- + Elegant touch operation
- + Large, clearly visible display
- + **HOLD function: The scales shows the last measured weight permanently – for easy weighing, even with a hidden display**
- + Tara function
- + Battery and overload indicator
- + Automatic shutdown

Eco kitchen scales

KitchenEcostyle

Item 3266

- + **Moving of the leg of the scales generates electricity for the scales for a short time (kinetic energy = energy of movement)**
- + **No use of batteries necessary: environmentally friendly & sustained**
- + Easy to read digital display
- + Weighing units: grams, oz, water in ml, milk in ml
- + Weighing scale up to 5 kg in 1 g increments
- + **With practical tare function**
- + Very flat, compact design made off brushed stainless steel
- + Depending on the size of the bowl closed or open usable
- + Automatic switch-off

Motion creates energy
All of the kinetic scales shown on this double page work without batteries. Turning the swivel arm or energy wheel produces energy for a short period of time. This makes batteries superfluous and these great kitchen aids sustainable and environment friendly.

Eco kitchen scales

Kitchen EcoMaster

Item 3267

- + Highly accurate, environment-friendly kitchen weighing scales
- + **No batteries required – environment friendly & sustainable**
- + **By turning the Energy-Wheel energy is produced for up to 3 minutes**
- + Easy-to-read LCD digital display
- + Weighing units: grams, ounces, water in ml and milk in ml
- + Weighing scale up to 5 kg in 1 g increments
- + **With practical tare weight feature**
- + Slim-line design
- + Automatic switch-off

Eco kitchen scales

Kitchen EcoMate

Item 3268

- + Environment friendly, sustainable designer kitchen scales
- + **Battery-free use: By turning the swivel arm kinetic energy is produced for up to 3 minutes**
- + Space-saving storage thanks to flat, compact design
- + Magnetic base allows the scales to be stored on magnetic surfaces such as a fridge door
- + Accurate weighing scale up to 5 kg (in 1 g increments)
- + LCD display shows weight and weighing unit
- + **With practical tare weight feature: Simple adding of additional ingredients**
- + High-quality, stainless steel weighing surface (Ø 11.5 cm)
- + Units: g, oz, water (ml), milk (ml)
- + Automatic switch-off

Environmentally friendly thanks to battery-free use

Eco kitchen scales

KitchenEnergy

Item 3265

- + **The designer kitchen scales is always ready for action thanks to kinetic energy:** Turning the energy wheel produces energy similar to a dynamo for one minute. The kinetic energy (energy of movement) is converted into electrical energy and thus generates electricity to put the balance into operation.
- + **Maximum efficiency, minimum environmental impact (no use of batteries), therefore environmentally friendly and sustainable**
- + Weighing scale up to max. 5 kg
- + **With practical tare weight feature: Simple adding of additional ingredients**
- + Accurate weighing sensor in 1g increments
- + High quality brushed stainless steel surface
- + Digital display incl. a control display of the generated energy
- + Very flat design
- + Extremely long life
- + Automatic switch-off

Coffee grinder & chopper

Coffee & Kitchen Flavour

Item 1831

- + Electric coffee grinder with stainless steel cup with 2-fold blade suitable for grinding and crushing of coffee
- + Incl. a further stainless steel cup with a 4-fold blade that is ideal for the processing of nuts, pesto, herbs and spices etc.
- + Many possible uses, e.g. as an onion cutter, pesto mixer or nut mill
- + Pulse switch with transparent lid
- + Case, blade and housing made of durable stainless steel
- + Capacity for up to 90 g coffee beans (capacity for approx. 4-8 cups)
- + Individual grinding degree from coarse to fine (due to the duration of grinding)
- + Powerful 200 watt motor
- + Safety function: can only be used with the lid on
- + Cable winding facility

Multi chopper

UZ 400

Item 1748

- + **Very versatile: Slices and chops up fruits, vegetables, onions, garlic, meat, fish, nuts, etc. in a matter of seconds**
- + **2 speed settings**
- + Robust glass container with a capacity of 1.2 liter
- + **4 high quality blades made of stainless steel**
- + Practical protective caps for the blades to ensure safe storage
- + Easy operation by the press of a button
- + High quality stainless steel applications
- + Secure stand thanks to removable rubber lip
- + Can be completely dismantled into individual parts for easy cleaning

Multi chopper

Chop & Go

Item 1747

- + **Cordless multi-chopper ready for use anywhere**
- + Long-life lithium-ion battery with up to 60 min. running time (varies depending on filling quantity and speed setting)
- + Integrated battery status display via white LED light with charging indicator
- + **Knife unit with 4 stainless steel blades for chopping and pureeing vegetables, fruit, meat, fish, nuts, etc.**
- + **Emulsifying disc for whipping and blending whipped cream, dips, dressings and much more**
- + Easy to use thanks to 2 speed settings (up to 2.300 rpm.)
- + **Large 1.0 l glass container with non-slip mat and storage lid – Chop & Go!**
- + Incl. spatula and charging cable (USB-C)
- + Easy cleaning thanks to dishwasher-safe accessories

ELECTRIC MULTI-GRATER

CR 4

Item 3542

- + **4 acid-etched inserts: discs, large Julienne, small Julienne and rasp insert**
- + Conical shape of inserts for easier transport of rasped goods
- + **Tilt mode for free selection of working angle**
- + **Touch control panel with five speed levels**
- + Power: ca. 200 watts
- + Soft touch surface of control panel
- + High-quality stainless steel housing
- + Security delay of 3 seconds when switching on
- + All parts can be removed easily for cleaning

Multi opener

D 10

Item 2775

- + The perfect helper for the household
- + **Flexible to use as bottle opener, knife sharper, tin opener etc.**
- + Magnetic lid holder holds separated lids for safe working
- + Very powerful motor
- + High quality stainless steel housing
- + Easy one-hand operation
- + Incl. practical cable compartment

Dehydrator

DH 450

Item 3165

- + **For drying and preserving of fruit, vegetables, herbs, mushrooms, meat, nuts, grains, seeds, etc.**
- + Sustainable: Enjoy regional fruit and vegetables even when out of season
- + Tasty homemade creations such as fruit, vegetable and potato crisps, fruit leather, beef jerky, muesli bars, granola, tea, treats for cats / dogs, etc.
- + **Healthy alternatives: You will always know what ingredients have been used / Minerals and vitamins are preserved**
- + During the dehydration process water is removed from the food product, prolonging its shelf life while preserving nutrients
- + Plenty of space thanks to 5 stackable, height-adjustable drying racks
- + **Temperature adjustable from 30 °C to 70 °C (in 5 °C increments)**
- + Even heat distribution for optimum results
- + **Practical timer adjustable from 0,5 - 48 hours (in 0,5 h increments) with acoustic signal when the time is up**
- + **With temperature and time guide on the cover**
- + Cover and base in high-quality stainless steel
- + White LED screen with temperature and time display
- + Turning knob for easy temperature and time setting
- + Incl. 2 silicone moulds for muesli bars
- + Incl. 2 reusable dehydration sheets for fruit leather or to prevent drips

Mincer

FW 2000

Item 2870

Mincer

FW 2000 Black

Item 2872

Mincer

FW 2500

Item 2873

Mincer

FW 2500 Black

Item 2874

Special functions

Strong engine

Stainless steel blades

- + High-quality cast aluminum housing
- + **Powerful motor (800 W nominal power; 2000 W maximum power) for quick processing of up to 2,5 kg of food/min**
- + Easily chops raw and cooked meat, fish and vegetables
- + **With high-quality, durable titanium-refined blade**
- + **Versatile application possibilities thanks to extensive accessories:**
 - 3 perforated discs (3 mm, 5 mm and 8 mm)
 - Shortbread cookie attachment with 4 molds
 - Sausage stuffer
 - Tamper
 - Drip tray
- + **Large aluminum filling tray with additional storage options for accessories**
- + Includes drip tray, which also serves as a cover for the filling tray
- + Housing in an elegant black design
- + Easy assembly and disassembly of all parts
- + Convenient operation with 2 speed levels
- + Practical return function gently removes jams and residues

Special functions

Strong engine

Titanium-coated blades

- + Like FW 2000, but with black cast aluminum housing and titanium-coated blades

Special functions

Strong engine

Titanium-coated blades

- + **Powerful motor (400 W nominal power; 2500 W max. power) for fast processing of up to 2.5 kg food/min.**
- + **With long-life direct current (DC) motor – quieter in comparison to compared to AC motors**
- + Easily minces raw and cooked meat, fish, vegetables, tofu, etc.
- + **Numerous preparation options**, e.g. (fish) meatballs, burger patties, tofu sausage, vegetable patties, shortbread and much more
- + **With high-quality, long-lasting titanium-coated blade**
- + Convenient operation with 2 speed levels
- + Strong suction feet for a secure stand
- + Burger press for 2 patty sizes and for stuffed patties
- + Space-saving storage of accessories in the filling tray
- + Easy assembly and disassembly of all parts – easy cleaning
- + Practical return function gently removes jams and remnants
- + Durable metal gear and metal gear shaft
- + Burger press for 2 patty sizes and for stuffed patties
- + Space-saving storage of accessories in the filling tray
 - 3 stainless steel cutting plates (3 mm, 5 mm and 8 mm)
 - Sausage filler
 - Cookie attachment with 4 moulds
 - Stuffer

Special functions

Strong engine

Titanium-coated blades

- + Like FW 2500, with black housing

Kitchen machine

KM 1800 Black-E

Item 3156

Special functions

Versatile accessories

Timer function

- + Elegant food processor with matt black cast aluminium housing and powerful 1800 watts
- + **Large 6 l stainless steel bowl with handle (dishwasher safe)**
- + **Perfect results thanks to planetary mixer (mixing element also rotates on its own axis)**
- + LED display with touch control
- + Secure stand thanks to strong suction cups
- + 10 speed settings
- + **Practical timer function with auto-stop or counter function for an overview of the runtime**
- + Dishwasher-safe accessories:
 - Dough hook, non-stick coated
 - Flat beater, non-stick coated
 - Whisk
 - Splash guard with filling chute
 - Silicone dough scraper

Kitchen machine

KM 1800 Black-G

Item 3157

Special functions

Versatile accessories

Timer function

- + Like KM 1800 Black-E, nbut with large 4.5 l glass bowl with handle, spout and measuring scale (dishwasher safe)

Versatile accessories on page 166 - 168

Accessories KM 1800 Black

Stainless steel bowl with 3 stirrer

Item 3158

- + **6 liter stainless steel with handle for KM 1800 Black (Art.No. 3156 / Art.No. 3157)**
- + Easy to clean
- + Incl. dishwasher-safe accessories:
 - Dough hook, non-stick coated
 - Flat beater, non-stick coated
 - Whisk
 - Splash guard with filling chute

Accessories KM 1800 Black

Glass bowl with 3 stirrer

Item 3159

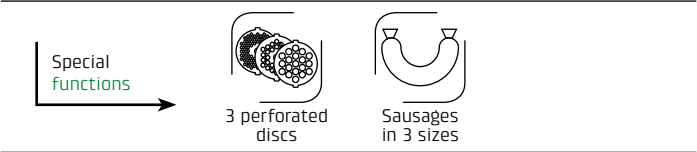

- + **4.5 liter glass bowl with handle, pouring spout and measuring markings for kitchen machine KM 1800 Black (Art. No. 3156 / Art. No. 3157)**
- + Easy to clean
- + Incl. dishwasher-safe accessories:
 - Dough hook, non-stick coated
 - Flat beater, non-stick coated
 - Whisk
 - Splash guard with filling chute

Accessories KM 1800 Black

Mincer

Item 3161

- + The perfect addition to kitchen machine KM 1800 Black, e.g. for making meatballs and burger patties
- + Mince meat in the mincer attachment and then process it directly in the KM 1800
- + Easy assembly of the meat grinder attachment on the motor head of the kitchen machine
- + **4 stainless steel blades for an easy, quick chopping of raw and cooked meat, fish and vegetables**
- + **3 stainless steel perforated discs in fine, medium and coarse**
- + The stainless steel or glass bowl of the kitchen machine can be used as a collection container and makes subsequent processing in the KM 1800 Black easier
- + **Including stainless steel sausage attachments for making homemade sausages in 3 different sizes (dishwasher safe)**
- + Practical 2 in 1 tamper: for safe use and for storing the sausage attachments
- + Large filling tray enables larger quantities to be processed

Accessories KM 1800 Black

Multigrater

Item 3160

- + Multi-grater for Kitchen Machine KM 1800 Black (Art. No. 3156 / Art.No. 3157)
- + **Versatile uses through three different, interchangeable drum inserts made of stainless steel for fine and coarse rasps and for slices**
- + For quick and easy cutting, rasping and the grating of fruits, vegetables, cheese, nuts and chocolate etc. (e.g. for salads, potato pancakes, cakes etc.)
- + Simple assembly of the filling chute on the motor head
- + Simple assembly and disassembly of the drum as well easy cleaning thanks to dishwasher suitability
- + Practical tamper for safe use

Accessories KM 1800 Black

Fettuccine cutter

Item 3163

Spaghetti cutter

Item 3164

Pasta roller

Item 3166

Special functions

Stainless steel attachment

- + The perfect addition to the kitchen machine KM 1800 Black – Make pasta dough with the food processor and then process with the Fettuccine cutter
 - + Easy assembly of the pasta attachments on the motor head food processor
 - + **High-quality attachment made of stainless steel**
 - + **Fettuccine cutter for tagliatelle with a width of 6,5 mm**
 - + Easy to clean thanks to the practical cleaning brush
- + Like Fettuccine cutter, difference: **Spaghetti cutter for even, fine spaghetti with a width of 2 mm**
- + Like Fettuccine cutter, difference: **Multifunctional pasta roller with adjustable thickness in 8 levels: For lasagne sheets, cannelloni or the further processing into spaghetti or fettuccine**

Electric pan

Party pan

- Versatile use:**
- + Pizza
 - + Hamburger
 - + Meatballs
 - + Sausages
 - + Steaks
 - + Fried potatoes
 - + Vegetables
 - + Scrambled eggs
 - + and more

Item 1491

Special functions

Non-stick coating

Temperature up to 240 °C

- + Ideal for pizzas, hamburgers, meatballs, sausages, steaks, fried potatoes, vegetables, scrambled eggs and much more
- + **High quality, non-stick coated frying surface**
- + Glass lid with vapour-escape outlet
- + **Temperature control up to approx. 240 °C**
- + Keep-hot function

BODY ENERGY TECHNOLOGY: ENERGY WITHOUT BATTERY

Designer bathroom weighing scales with Body Energy technology are powered by kinetic energy, meaning that they are always ready to use. Energy is generated for one minute by pressing the power button.

Environmentally
friendly thanks to
battery-free use

Kinetic energy

Kinetic energy (created by movement) is converted into electrical energy, thus generating electricity to power the scales.

Your benefit: The scales are almost never "dead". There is no battery with toxic heavy metals to dispose of. The German Federal Environmental Agency recommends, "Avoid batteries wherever possible. Buy mains-operated or battery-free appliances."*

Body scales

Body Energy Ecostyle

Item 3416

- + **This design personal scale is always ready for use as a result of body energy technology:** By activating the power button, energy is generated for one minute. Kinetic energy (energy of movement) is converted into electrical energy and, as a result of activation of the power button, kinetic energy generates electricity which brings the scales into operation.
- + Maximum efficiency and minimal environmental burden (no use of batteries), so they spare the environment and are durable
- + High quality all-glass surface
- + Extremely long life
- + Digital display incl. control display of generated energy
- + Up to 180 kg in 100 g increments

Chapter 7

Cooling & dry aging

It depends on the temperature

Whether red wine with an aromatic bouquet; a crisp white wine; a well-chilled beer or cool summer drinks, CASO Design wine and barbecue coolers ensure maximum enjoyment. Ice cube makers and ice cream machines deliver that extra helping of coolness. And if you like tasty, tender meat, then you will love the CASO Design Dry Aged Cooler. There is no better way to get the best out of your meat!

ALWAYS PERFECTLY COOLED

Whether freestanding, built-in or under-counter, High-quality CASO Design wine refrigerators are perfect additions to any kitchen or living area, delivering functionality and convenience. Barbecue coolers are a great way to ensure you always have well-chilled drinks and ideal for covered patios and outdoor kitchens. Not to mention our exclusive lounge table with a sound bar.

High-quality dry aged coolers also offer a special taste experience, creating the perfect conditions for the traditional dry aging process. There is no better way to get the best out of your meat. And if you need to cool down, then try our ice cream machines that enable you to make tasty treats in the blink of an eye.

Enjoy wine with your meal

Stable temperatures thanks to CASO Design

For many connoisseurs, gourmet cuisine must be accompanied by a great white or red wine, depending on what they are eating.

Without a doubt, the perfect wine rounds off a good meal. Achieving the ideal drinking temperature is an essential element of this. Wine coolers are a great way to keep wine that has been stored in a CASO Design wine refrigerator at a desired temperature ranging from 5 to 18°C when served at the table.

Other drinks such as mineral water, lemonade or sparkling wine can also be chilled and kept cool.

Wine cooler for 1 bottle

VinoCase Black

Item 615

- + Modern table-top wine cooler, ideal to maintain the temperature of an already chilled bottle of wine, champagne, sparkling wine, etc.
- + **Suitable for all bottles with a diameter up to 9 cm**
- + High-quality, elegant matt black housing – enables you to perfectly stage your favourite wine on any table/ sideboard
- + **Temperature electronically adjustable from 5 to 18 °C* in 1 °C - increments (or 41 to 64 °F in 1 °F increments) – for the optimum drinking temperature**
- + White LED temperature display with practical sensor touch controls
- + **Quiet operation**
- + Compact size for space-saving storage

Wine cooler for 1 bottle

WineCase One Inox

Item 611

- + High quality wine cooler for one bottle (up to 9 cm Ø)
- + **Ideal for maintaining the temperature of an already cooled bottle of wine, champagne, sparkling wine, etc.**
- + Put your favourite wine in the limelight
- + Noble design with stainless steel housing
- + Compact size – perfect on every sideboard
- + **Temperature electronically adjustable from 5 - 18 °C* in 1°C steps (or 41 - 64 °F in 1 °F steps)**
- + White LED temperature display
- + Practical sensor touch operation

Wine cooler for 1 bottle

WineCase One Black

Item 614

- + Like WineCase One Inox, but with black stainless steel housing

** The achievable value in the interior can not exceed the ambient temperature at the installation site.

Wine coolers

Series **WineComfort Smart**

Special functions

Stainless steel front

Sensor-touch

2 zones

Appable

+ **Via integrated Wi-Fi module and with the CASO app controllable from almost anywhere**

+ **CASO app monitors and reports any errors in seconds**

+ Two separate temperature zones, individually adjustable for white & red wine

+ Sensor-touch operation

+ Smooth running compressors on vibration-reduced feet: provide the calm, quiet location your wine requires

+ **Active fans per temperature zone ensuring a very even temperature per zone**

+ 3-layer insulating glass with UV filter for optimum aroma protection

+ **Temperature electronically adjustable from 5 - 20 °C (41 - 68 °F)****

+ LED temperature display of the cooling zones

+ Switchable interior lighting

+ Timeless design with elegant stainless steel front and ergonomic handle

+ With lockable door

Smart Kitchen

Temperature control easily via the **CASO Control app**

Every wine has its own character that becomes more pronounced as it ages. CASO Design wine refrigerators provide the ideal conditions required for this process. The CASO CONTROL APP allows you to easily regulate the perfect storage temperature for your wine.**

- Perfect temperature control on the go
- App development 'Made in Germany'
- Monitors your wine refrigerator
- Easy control from almost anywhere
- For Android and iOS

Better view of wines and drinks

Wine & Bar Manager App – Your digital enjoyment archive

NEW

An excellent app for your best wines and drinks

The new CASO Design Wine & Bar Manager app provides you with a perfect overview of what wines and spirits/drinks (gin, vodka, whisky, cognac, liqueurs, beer) you have on hand. This practical app is a fantastic way to organise your wine and drinks portfolio as well as to add informative notes.

Structure your digital archive according to various criteria, such as type, price, vintage or quantity. Save your own photos, such as shots of vineyard labels or bottle designs. Create notes that allow you to access key information on wines or drinks whenever you want,

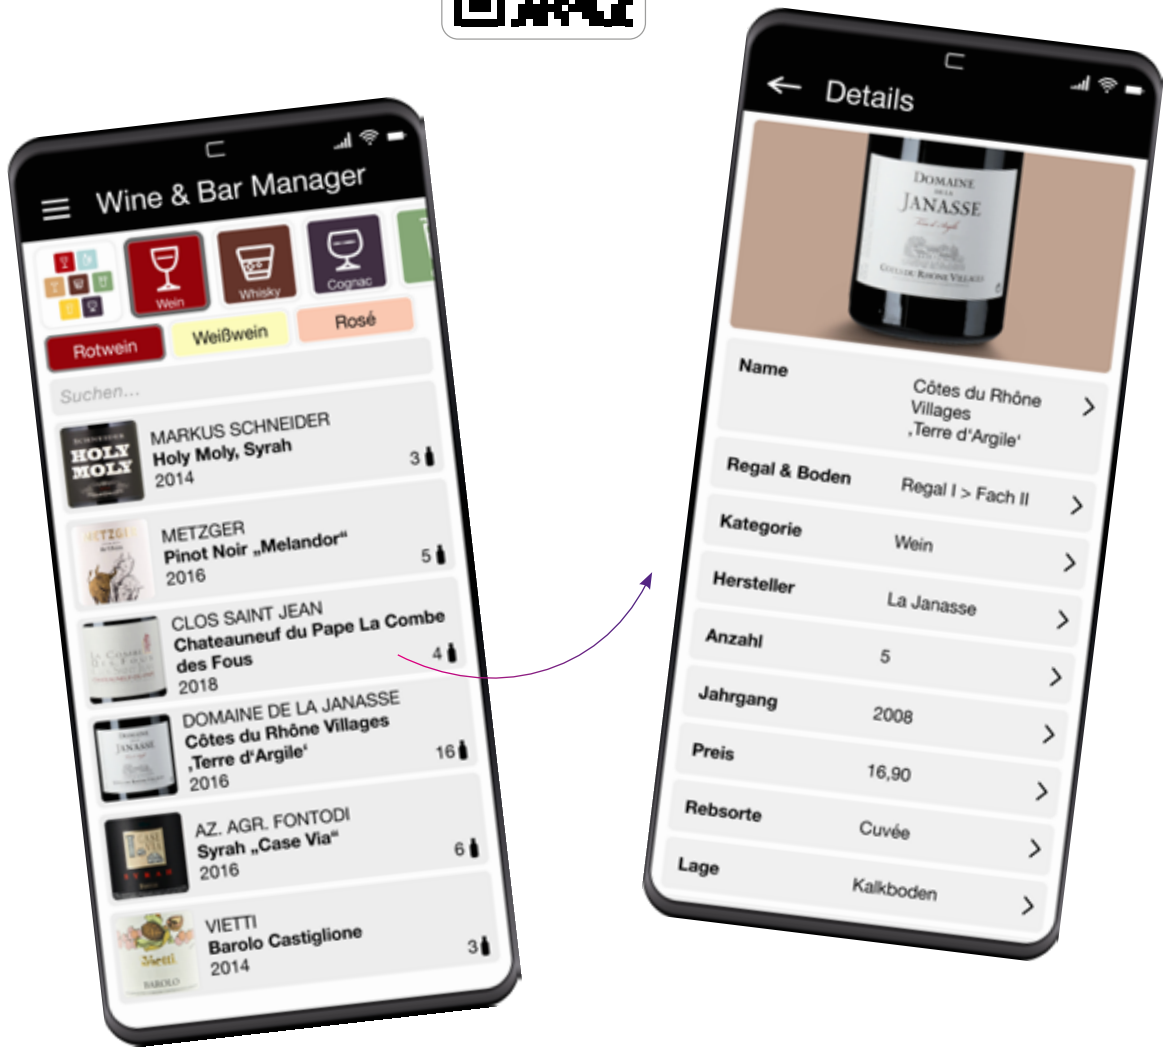

So you will always have all the details of your wine and spirits stocks at your fingertips and can check which wines or drinks are available; need to be replaced; are ready to drink or are simply there to be tried.

Find out more about the free CASO Design app and its practical features! Ideal for all wine lovers and connoisseurs!

Outdoor Cooling

BBQ-Cooler M-R

Item 696

- + **Design barbecue cooler with high-quality stainless steel housing and compressor technology**
- + **Ideal for interior and exterior use (splash water protection according to IPX-4, e.g. for covered terraces)**
- + 6 adjustable temperature increments (ca. -1 - 10 °C)
- + A lot of space for beverages and foods due to ca. 125 l interior volume
- + 4 practical shelves with height adjustability thanks to easy easy click system
- + **Also suitable as a built-in device, e.g. for kitchens, outdoor kitchens and basement party rooms**
- + **3-layer, tinted UV safety glass for optimal protection and reliable cooling of the drinks and foods**
- + Always have an overview of the drinks thanks to glass pane without opening the door
- + Door with self-closing mechanism reliable cooling
- + **Interior made of hygienic stainless steel for an easy cleaning**
- + Connectible LED interior illumination
- + Suitable for professional catering as well as for household use

Outdoor Cooling

BBQ-Cooler L-R

Item 697

- + **Like BBQ-Cooler M-R, only with a generous 190 l interior volume**

Sound & Cool

More than a lounge table

Lounge table with soundbar and cooling compartments

Sound & Cool

Item 792

- + Lounge table with cooling compartments, integrated music speakers and charging option for smartphones etc.
- + Reliable compressor cooling
- + **Two cooling compartments (total 135 l) for snacks and drinks with individually adjustable temperature:**
 - Left cooling zone: 3 – 8 °C / 70 l volume
 - Right cooling zone: 6 – 12 °C / 65 l volume
- + The practical ECO mode ensures the temperature setting with the lowest power consumption (depending on the ambient temperature)
- + **Convenient playback of music etc. via Bluetooth 5.0**
- + Different sound programme: auto, rock, film, pop, jazz
- + With RGB LED light strip for atmospheric ambience: Individual lighting depending on the music setting
- + **Practical charging options:**
 - USB ports: 2x USB (5 V) and 1x USB-C (5 V).
 - Wireless charging for compatible smartphones (up to 15 W)
- + LED display with touch control panel
- + **High-quality tempered glass with a max. load of up to 200 kg**
- + Acoustic signal if the refrigerator compartment is open for too long
- + Versions:
 - 792: Black body with black glass top
 - 793: White body with black glass top
 - 794: Wood effect body with black glass top

+ 3-layer UV glass

+ Lockable with an integrated lock

+ Switchable interior lighting

+ **Switchable, antibacterial UV light**

+ With built-in activated carbon filter

+ Incl. Racks and hangers with meat hooks made of stainless steel + one H2O storage (two pieces for DryAged Master 380 Pro)

The special way to age meat

Fancy a Galician beef sirloin steak? An absolute dream for meat lovers. Thanks to its strong marbling this cut is extra tender and aromatic and can achieve its full potential in the CASO DryAged maturing cabinet.

This special way of aging meat makes it particularly tender and aromatic. Beef aged on the bone has been a cult in the USA for decades now.

Dry aging is the oldest known process for maturing meat and involves aging it on the bone for a certain length of time at a controlled temperature and humidity.

CASO DryAged coolers include finely adjustable air conditioning technology and a high-quality finish. A “must-have” for meat lovers who want ultimate enjoyment.

Item 690

freestanding and convertible

Item 691

The hook supplied with the appliance ensures that every surface of the meat matures perfectly.

The dark colouring is a classic characteristic and is removed before using the meat.

Perfectly marbled meat for an intensive taste experience.

Accessories

- + Activated carbon filter, item 692
- + H2O storage (4 pieces), item 693

Can be ordered on www.caso-design.de

Ice cube maker

IceMaster Pro

Item 3301

- + Produces approx. 500 g ice cubes / h*
- + Quick ice cube production inn 6 - 13 min.
- + Two ice cube sizes, small & big
- + Good insulation
- + Stainless steel design
- + **Compressor technology**
- + Lid with window
- + Water level indicator
- + Automatic switch-off
- + Large water tank with a volume of 2,2 l
- + Inkl. handy ice scoop

*Average value after 3 hours

Ice cube maker

IceChef Pro

Item 3302

- + Produces approx. 500 g ice cubes / h*
- + **Rapid ice cube creation within 6 - 13 minutes due to compressor technology**
- + Two ice cube sizes, small and big
- + Adjustable cleaning function
- + Easy operation and overview by means of the LCD display
- + High quality stainless steel housing
- + Transparent lid for observing ice cube production – without opening the device
- + Practical removable ice cube container (1,3 l)
- + **Large water tank with a volume of 2,2 l**
- + Inkl. handy ice scoop

Ice cream and yoghurt maker

IceCreamer

Item 3298

- + **Produces 2 litres of ice cream or yoghurt**
- + 4 programmes for the fully automatic production of ice cream or yoghurt
- + Fast, delicious and individual:
 - Creamy ice cream creations in max. 60 minutes
 - Finest yoghurt in 5-8 hours
- + **No precooling necessary thanks to powerful compressor technology and 180 watts cooling capacity**
- + **Suitable for cow's and plant milk**
- + Intuitive and clear operation
- + Removable ice cream container
- + Incl. ice creme scoop and measuring cup
- + Housing made of high quality stainless steel
- + Ingredients can be added during operation via the refill flap
- + With practical aftercooling function up to 60 min
