INNOVATIVE KITCHEN TECHNOLOGY

COMPETENCE BOOK

No.8

COMPETENCE BOOK – FOR TRUE CONNOISSEURS

Get inspired. We invite you to discover CASO Design themes – right now, in our latest competence book.

Its seven chapters present products that meet high design standards; use innovative digital technology to open up new application possibilities and deliver fantastic gourmet moments.

Enjoy your time with CASO Design.

Innovative kitchen technology – for true connoisseurs

WHAT MOTIVATES US

CASO Design is one of the first brands to address the fusion of kitchens with daily living spaces through mobile appliances. In recent years, we have continuously developed this basic idea and made it our mission to design products that positively affect your daily life.
Through innovative functions, aesthetic shapes and ideas that are simply good.

We have entered many new areas and sustainably positioned ourselves as an innovative brand. Modern technologies, a consistent design strategy and intuitive operating concepts make this possible.

Peter Braukmann, Bernd Braukmann

Microwaves, ovens, air fryer & more

Intelligent functions in compact devices

What is CASO Design? The best preparation methods, such as steam cooking, microwaves with inverter technology, true convection or grilling, and products ranges that provide state-of-the-art user convenience.

CHOOSE THE BEST COOKING METHOD

High convection for cakes and pastries, steam cooking for vegetables that are rich in vitamins or a grill for crispy fried chicken?

CASO Design microwaves, ovens, steam cookers and air fryers have a range of different technical functions, allowing you to choose the right cooking method for your recipe.

A variety of design and product lines with innovative technical functions.

Our Cooking & Baking series presents comprehensive, modern product lines with functions such as hot air, steam cooking and grilling.

Discover the various operating options, from analogue to digital, and let CASO Design expand your range of options.

12

CASO Design **Steam oven**

Gentle cooking for savoury, vitamin-rich enjoyment.
· Modern steam cooker with touch control for savoury dishes that are rich in vitamins
· Extra-gentle food preparation

13

CASO Design **Mini ovens**

Modern compact ovens with touch control function and a wide range of accessories.
· Five functions for the perfect cooking method
· Tasty baked goods from pizza and cake to roast chicken

18

CASO Design **Air fryer, pizza, crêpe & waffle makers**

Air fryers for healthy food preparation
· High speed convection function
· Ideal for lower fat food preparation

Designer waffle and crêpes makers
· For tasty treats just like fresh from the fair

Pizza oven
· Particularly fast, particularly crispy

32

CASO Design **Microwaves**

CASO Design multifunctional devices offer numerous cooking functions and intuitive operation.
· Modern microwave technology for even cooking
· Convection function for baking
· Grill function

Design built-in oven with steam (45 niche)
SteamMaster E 56

Item 7420

	Steam function 50 - 100 °C	Steaming PLUS 101 - 250°C	Big water tank 1,2 l	COMBI function	Sensor-touch

Special functions

+ High-quality, multifunctional steam oven with a powerful 3000 watts for gentle cooking, roasting, baking and steaming
+ The right setting for any dish, thanks to the combination and diversity of heating and steaming functions
+ Additional functions for the best results:
  · **Steam assistant:** Enables an additional supply of steam to the normal heating functions
  · Practical **keep-warm function**
  · Gentle **defrosting function** with the help of a steam supply
  · **COMBO function:** Practical combination of 2 cooking programmes
+ **Temperature settings:**
  · **Normal functions: 50 – 250 °C (in 5 °C increments)***
  · **Steaming function: 50 – 100 °C (in 1 °C increments)**
  · **Steaming PLUS: 101 – 250 °C (in 1 °C increments)**
+ Precision timer up to 23 hours, 59 minutes
+ Easy and intuitive operation thanks to LED display and sensor-touch control panel
+ **High-quality stainless steel oven interior with 45 litres of useable volume**
+ **Removable water tank with 1.2 litres capacity**
+ Switchable interior lighting
+ **A variety of accessories:**
  · Universal baking pan (can be used as a baking tray and grease drip collector)
  · Perforated metal sheet
  · Cooking grate
  · Oven glove

Accessories:

Universal baking pan   Cooking grate

Perforated metal sheet   Oven glove

*250 °C: hot air and top heat + grill function.
All other functions up to 220 °C

The extra large cooking chamber with 32 litre capacity means that preparation of large portions is no longer a problem. Or what about a crispy spit-roast chicken?

Description like TO 26 Electronic, additionally:
+ **32 liter volume**
+ **Power up to 1870 watt**
+ **Equipped with 4 shelf levels**

Up to **50% faster** and up to

70% more energy-efficient than an oven

One device for everything!

The CASO Design hot air fryers are incredibly multifunctional and a perfect replacement for an oven – and they are even faster and more energy-efficient. Baking, broiling, gratinating, dehydrating, and much more are no problem for these compact all-rounders. Hot air fryers are ideal for preparing meat, fish, vegetables, cakes, pizza, French fries and a whole lot more.

The perfect symbiosis

With the CASO Design hot air fryer, a **healthy diet** and **quick preparation** go hand in hand. As cooking is effected by the direct supply of hot air, no additional fat is needed. As added value, meals can be prepared faster since preheating is not required. With lower power consumption and faster preparation, the hot air fryer is a true energy saver, which also means saving on costs and time.

Less fat, but 100% flavour

If you think that fat is solely responsible for flavor, you'll be amazed by the CASO Design hot air fryers. This cooking method saves a lot of fat and oil without affecting the taste. If desired, you can add a tablespoon of oil to French fries, but otherwise no additional fat is needed. Especially nowadays, when many people prioritize conscious and healthy food, hot air fryers are more popular than ever.

Exceptionally quiet

These impressive space-saving devices have plenty of power but are extremely quiet at the same time. Depending on the model, hot air fryers operate at a noise level between 38 and 42 dB, which is more quiet than many microwaves.
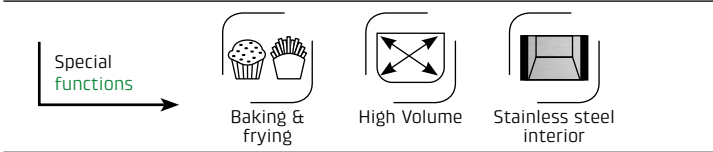

Air fryer
AF 250

Item 3171

Special functions →	Baking & frying	High Volume	Stainless steel interior

+ Fat-reduced preparation of any kind of food for a crispy, uniform appearance on the outside and a juicy interior at the same time
+ **Perfect and fast baking results by virtue of the innovative CASO airflow technology - for improved and more efficient heat distribution**
+ Temperature can be precisely controlled in 5 °C increments of 60 - 200 °C
+ Timer can be precisely set from 1 to 60 minutes in 1 minute increments
+ High-quality stainless steel interior
+ **Large frying basket with 3 litre net capacity**
+ Diverse application options: Heating, frying, roasting, toasting, grilling, backing and keeping the food hot
+ **4 selectable programmes: Preheating, warming up food, keeping food warm, thawing food**
+ **Simple and intuitive operation using a sensor-touch control panel**
+ Safety lock for the removal of the frying basket

Accessories for AF 250

Barbecue accessories

+ Accessories available individually
+ Perfect in combination with the AF 250 air fryer
+ For easy grilling, cooking and baking
+ **Large frying tray for preparation of steak, kebabs, fish, burgers, etc.**
+ Practical wire shelf and three large meat skewers

Item 3169

Air fryer & barbecue accessories
AF 255 (Set)

Item 3179

Special functions →	Baking & frying	High Volume	Stainless steel interior

+ Air fryer AF 250 and barbecue accessories in a practical combination set

Air fryers – Mini all-rounders

Even though their name implies that they have something to do with frying, air fryers are actually more like small-format convection ovens and are true all-rounders.

French fries are just a tiny part of what these efficient kitchen aids can deliver. Meat, fried chicken, fish, vegetables, muffins, sausages, frozen bread rolls, crisps – the list is endless! In addition to this, air fryers are not only economical and environment-friendly, they also cook food in minutes.

Whatever your oven can do, an air fryer can do better!

Design air fryer
AF 600 XL

Item 3180

Special functions →	Baking & frying	XL volume	Stainless steel interior	Particularly quiet	Even heat distribution	Ready to start straight away

+ **Modern XL AirFryer with extra-large basket with 6 litre capacity – also for large portions such as whole fried chicken and up to 1.2 kg French fries**
+ **Even PowerConvection – even heat distribution throughout the cooking chamber**
+ **Rapid HeatControl – immediately ready for use, no warming up required**
+ Temperature adjustable from 50 - 200 °C – in 5 °C increments (40 - 70 °C for Dehydrate programme)
+ **Direct selection from 12 automatic programmes for fish, vegetables, Pastry and much more besides**
+ Healthy, low fat preparation of all kinds of food – juicy on the inside, crispy on the outside
+ Black design with intuitive sensor touch operation
+ **SHAKE Reminder – for even, extra crispy results**
+ Safe removal of food thanks to cool touch handle and nonslip feet
+ Timer adjustable from 1 - 60 minutes with acoustic signal when the time is up (1 - 480 minutes for dehydrate programme)
+ Easy cleaning thanks to removable frying basket (and dishwasher-proof accessories)

Design air fryer

AF 660 Duplex   Item 3181

CASO Design microwaves

Whether analogue operation or touch control; classic turntables or innovative bases made from robust borosilicate glass; whether small, medium or large cooking chambers; a silver, black or playful design; whether a straightforward microwave or with a grill function and true convection, we have the microwave for every personal preference.

The following is an overview and description of all the microwave functions that we offer.
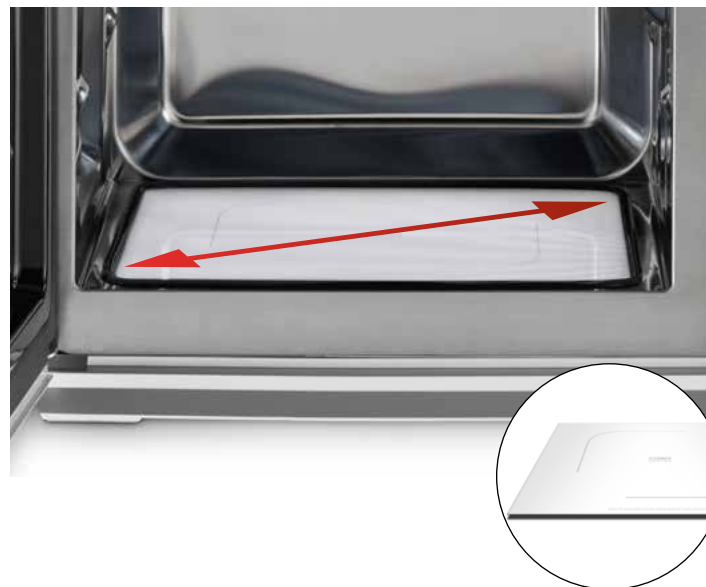

Microwaves with an innovative COSOTEK® borosilicate glass base

The borosilicate glass base with microwave reflector ensures even distribution of microwaves so that food is perfectly cooked from all sides. The flat base is very easy to clean and enables you to use large rectangular casserole dishes and plates.

The advantages:
· High high-quality, heat-resistant borosilicate glass
· Optimum heating thanks to even distribution of microwaves
· No turntable – significantly more usable space, e.g. for large rectangular casserole dishes
· Smooth surface for easy cleaning
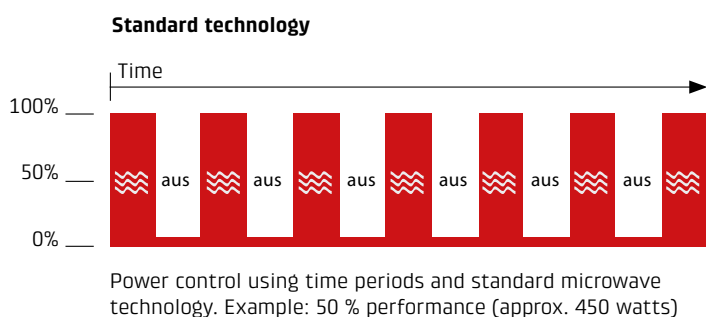

Inverters

Inverter = "Real power control"
Inverter technology enables continuous control of microwave power; in other words, it is linear. Until now microwave power was primarily controlled using time periods. A low power level is achieved by interrupting the non-adjustable maximum power.

Gentler & more precise
Inverter technology makes it possible to defrost food more gently and to heat it more evenly. This preserves its flavour.

0%

Linear power control using new microwave inverter technology. Example: 50 % performance (approx. 450 watts)

Grill function

Some of the CASO design microwaves are equipped with a grill function. The types of grills also vary here – for example, some devices have high-quality quartz grills built in, which can produce great results.

High convection / True convection

CASO Design stands for innovative kitchen technology. This vision resulted in this high-performance convection technology. Up until now, ovens and microwaves have been used separately.

CASO Design offers microwaves with compact convection and true convection up to 240°C, allowing for perfect multi-level baking. These models can replace a traditional convection oven and fit into nearly any kitchen, thanks to their significantly slimmer design.

CASO clean protective coating

The special non-stick coating makes the surface very easy to clean and any residues can be quickly removed.

CASO Clean protective coating is available for a range of models (see description).

Nothing revolves here – so
the entire area can be used.

Item 3355

Special
functions →

Real oven hot air
up to 240 °C

Borosilicate
glass base

Stainless steel
interior

+ Compact microwave for defrosting and heating, cooking
  and baking, grilling and gratinating
+ **Approx. 25 litre cooking chamber* with base made of
  robust and heat-resistant borosilicate glass (approx.
  26 x 26 cm) – ideal for example for square casseroles**
+ 900 watt microwave (output) / 1000 watt (input) grill /
  2100 watt (input) hot air
+ 5 microwave power levels
+ **10 hot air temperatures from 150 - 240 °C**
+ 10 automatic cooking programmes (for vegetables,
  meat etc.)
+ 4 combination programmes, for example microwave &
  hot air
+ Defrost function via weight or time setting
+ 95 minutes timer with end signal
+ Clear LED display with clock display
+ **Stainless steel interior with LED lighting**
+ With 2 anti-slip feet
+ Incl. grill rack with 2 height options and pizza tray

Keen chefs everywhere are delighted that microwaves
are offering an increasing number of functions and
technologies. The new **HCMG 25 Ceramic Chef** impresses
with its triple cooking functions – microwave, grill
and **true convection up to 240 °C.** This covers virtually
every base. And that's not all. If you want to defrost an
item and then grill it without having to select multiple
settings, then the designer microwave's combined
programmes are just what you need.

Thanks to its large heat-resistant borosilicate glass base,
the 25-litre cooking chamber is ideal for even rectangular
plates and casserole dishes. Additionally you can even
make your own pizza using the pizza tray (included) and
the convection setting.

Induction

———

Mobile induction

Smart induction for perfect results

Perfect control is the basis for optimum cooking results. Induction is fast, safe and energy-saving. The new thermometer allows you to precisely control the hob's temperature for a guaranteed perfect result.

HEAT IS ONLY GENERATED IN THE PAN – WHERE IT SHOULD BE

CASO Design mobile hobs are all equipped with state-of-the-art induction technology. This makes using them feel like cooking with gas. Quick & responsive!
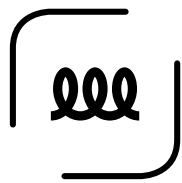

In addition to this, all CASO Design induction hobs have optimum heat distribution thanks to innovative induction coils.

Induction hobs are suitable as full-function hobs and food warming plates at home, on holiday and at cooking events.

CASO Design mobile induction hobs can be used flexibly. A standard plug socket is all that is required for full power.

All models have intuitive sensor touch controls, making cooking child's play. Simmering, boiling, searing and keeping food warm can be easily controlled with the touch of a finger. All functions are under glass, so using these hobs is also a clean affair.

This is induction technology, the quick, responsive way to cook.

Modern induction technology generates heat inside the pan, resulting in quicker, more responsive and energy-saving cooking. The cooking surface does not heat up, but instead only absorbs the heat emitted by the pan.

PLUG & COOK

56

CASO Design mobile single and double induction hobs

Flexible, mobile single and double induction hobs for practical, quick cooking.

62

CASO Design induction hob with precision thermometer

In combination with the precision thermometer the induction technology delivers completely new ways of controlling heat.

The precision thermometer is ideal for cooking, pan frying, keeping food warm, fondues, sous vide and core-temperature cooking.

63
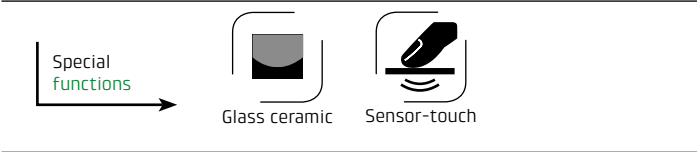

CASO Design built-in induction hobs

Versatile uses, e.g. In small and outdoor kitchens, in camper vans and holiday homes, for breakfast buffets, etc.

Single induction hob
Touch 2000

Item 2008

Special functions → Glass ceramic — Sensor-touch

+ Mobile induction hob with 2000 watt
+ **Glass ceramic surface**
+ Sensor-touch operation
+ For induction cookware from 12 - 24 cm Ø
+ Timer, power levels and temperature individually adjustable
+ **Safe thanks to automatic pot detection**
+ Fast and energy-saving
+ Precise, easy operation
+ **10 temperature levels**
+ **10 power levels**
+ Timer function 1 - 180 minutes
+ **Temperature preselection ca. 60 - 240 °C**
+ Safety switch to protect against overheating
+ Extra large digital display
+ Very easy cleaning

Item 2006

Special functions → Glass ceramic — Sensor-touch

+ Mobile single induction hob with 2000 watt
+ **Sensor-touch display (operation under glass) and big digital display**
+ For induction cookware from 12 - 22 cm Ø
+ 10 power levels
+ **10 temperature levels, approx. from 60 - 200 °C adjustable**
+ Booster function for full performance
+ Keep Warm - keeps your food warm at ca. 60 °C
+ Child lock
+ Timer function up to 180 minutes
+ **Glass ceramic all-glass surface**
+ Safe thanks to automatic pot detection and overheating protection
+ Very easy cleaning

Item 2224

Special functions → Glass ceramic — Sensor-touch
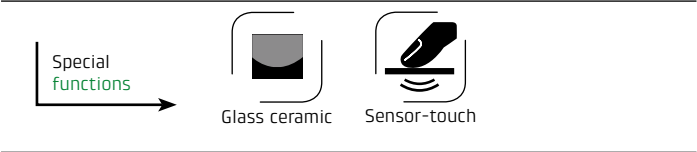

+ Mobile design induction hob with up to 2100 watt
+ Glass ceramic all-glass surface
+ **Precision cooking with SmartControl with 12 different power and temperature levels**
+ **Sensor-touch display (operation under glass) and big digital display**
+ Timer function from 1 - 180 min
+ Adjustable temperature range from 60 - 240 °C
+ Automatic pot detection
+ For induction cookware from 12 - 24 cm Ø
+ Safe thanks to overheating protection
+ Very easy cleaning

Double induction hob

ProGourmet 3500

Item 2233

Special functions → Sensor-touch | Power Sharing

+ Mobile Double Induction Hob with 3500 watt
+ **PowerSharing Technologie*** (see below)
+ **Glass ceramic surface**
+ **Precision cooking** with SmartControl:
  12 power and temperature levels
+ For induction cookware from 12 - 22 cm Ø
+ **Incl. 4 practical direct functions:**
  - Heat I (Level 1)
  - Heat II (Level 2)
  - Boil (Level 8)
  - Fry (Level 10)

+ **Sensor touch display** and big digital display
+ Timer function up to 180 minutes
+ Temperature pre-selection approx. 60-240 °C
+ **Safe thanks to automatic pot detection and overheating protection**
+ Very easy cleaning
+ Brushed stainless steel frame

*PowerSharing Technology:
Total power 3500 watt
Optimum efficiency: The two hobs share 3500 watts via the PowerSharing. By using only the left or right cooking plate, it is a max. of 2400 watts. Turn on the second plate, 3500 power of watt will be distributed to both cooktops.

max. 2400 Watt | max. 2400 Watt
left cooktop | right cooktop

Single induction hob

S-Line 2100

Item 2225

Special functions → Stainless steel frame | Sensor-touch

+ Mobile design induction hob
+ Up to 2100 watt
+ Modern design with all-round edge made of brushed stainless steel – a piece of jewellery in every kitchen
+ **Precision cooking with SmartControl with 12 different power and temperature levels**
+ Sensor-touch display and big digital display
+ **Adjustable temperature range from 60 - 240 °C**
+ High quality all-glass surface
+ Automatic pot detection
+ For induction cookware from 12 - 24 cm Ø
+ Selectable timer function from 1 - 180 minutes
+ Safe thanks to overheating protection
+ Very easy cleaning

Double induction hob

S-Line 3500

Item 2227

Special functions → Stainless steel frame | Sensor-touch | Power Sharing
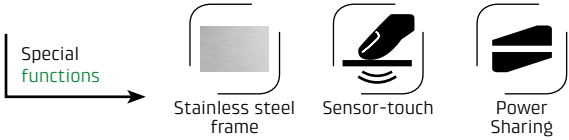

+ Mobile double induction hob with 3500 watt
+ **PowerSharing Technologie*** (see below)
+ Optimum efficiency via the PowerSharing technology
+ Modern design – piece of jewellery in every kitchen with brushed stainless steel frame
+ **Precision cooking with SmartControl: 12 power and temperature levels**
+ Sensor-touch display and big digital display
+ **Temperature pre-selection approx. 60 - 240 °C**
+ Hight quality glass ceramic surface
+ Safe thanks to automatic pot detection
+ For induction cookware from 12 - 24 cm Ø
+ Timer function from 1- 180 minutes
+ Safe due to overheating protection
+ Very easy cleaning
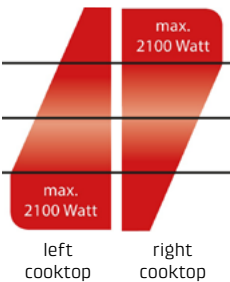

*PowerSharing Technology:

Item 2235

Special functions

Sensor-touch | ThermoControl

+ **Roasting and cooking with accuracy down to the degree thanks to the innovative, precise ThermoControl thermometer for exact temperature control**
  · Perfectly suited to, for example, sous vide, keeping food hot, accurately roasting meet and fish by means of a core temperature sensor
  · Adjustable temperature range from 40 - 160 °C, accurate to 1 °C thanks to FineTemp
  · Including holder for the thermometer
+ **Induction plate can also be used without ThermoControl thermometer**
  · Adjustable temperature range from 60 - 240 °C
+ Powerful 2400 watts
+ Automatic pot detection
+ For induction cookware from 12 - 26 cm Ø
+ Intuitive sensor-touch operation
+ Precision cooking with SmartControl with 12 different power levels
+ Selectable timer function up to 180 minutes
+ Safe thanks to overheating protection
+ Very easy cleaning

1000 and 1 ideas: Variable cooking techniques using one device

The combination of an induction hob with CASO Design ThermoControl technology is so inspiring that chefs won't want to put down their "digital wooden spoon". Endless recipes, whether vegetables, fish or meat, can be perfectly prepared thanks to the precise measuring of temperatures in 1 °C steps. When the ThermoControl thermometer measures the temperature it is automatically compared with the induction cooking zone's heat control system, ensuring that an extremely precise temperature can be achieved.

Single induction hob for built-in or freestanding use

ProAdvanced E1

Item 3043

Special functions

Sensor-touch | Built-in device

+ **Single induction hob – can be used as a built-in or freestanding mobile solution**
+ Versatile uses, e.g. in small and outdoor kitchens, in tiny houses, in camper vans and holiday homes, for breakfast buffets, on balconies and patios, etc.
+ Also ideal as an additional food warming plate
+ **Particularly sustainable thanks to fast, energy- and money-saving cooking***
+ Elegant, timeless black design
+ For induction cookware of 12 - 24 cm Ø
+ Quickly ready for use thanks to automatic pot recognition and powerful 2100 watt performance
+ **12 power levels for precise results**
+ Temperature adjustable from 60 - 240 °C
  · 60 - 100 °C in 10 °C intervals
  · 100 - 240 °C in 20 °C intervals
+ Practical, optional timer function from 1 - 180 min
+ Black all-glass surface with touch operating panel for easy cleaning
+ Digital screen with red LED display
+ Incl. sealing strip for built-in installation and a magnet to recognise suitable cookware

*In comparison to electric / gas cookers

Chapter 3
Vacuum & SousVide

Enjoy food more

As a premium brand CASO Design stands for sustainable, respectful and also creative handling of food. We are continuously striving to offer products that enable you to keep food fresh for longer; to store it better and to enjoy it more intensively.
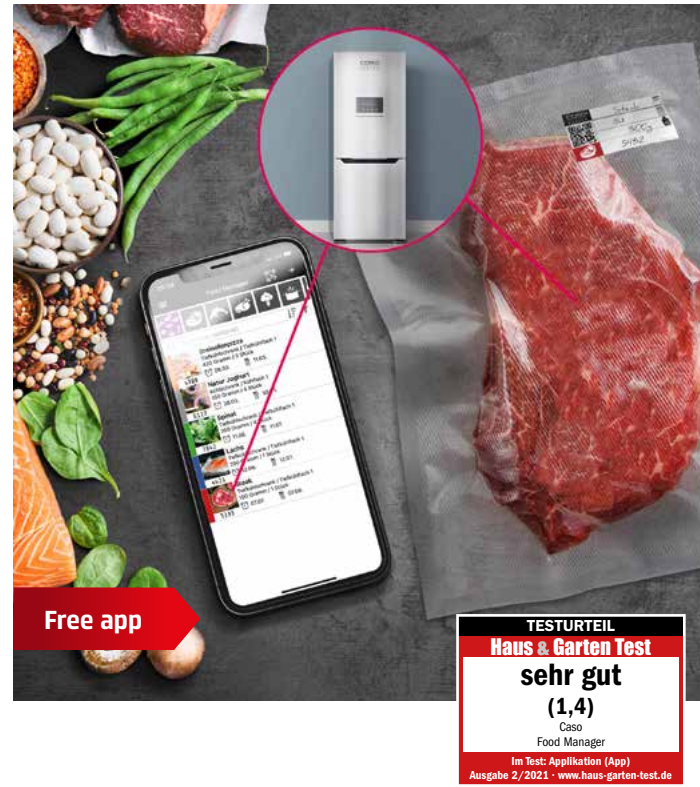

PREMIUM VACUUM SEALERS FROM CASO DESIGN

up to 8x longer FRESH

CASO Design vacuum sealing technology enables you to enjoy food that is always fresh and the very best quality.

Discover the advantages of innovative systems and a variety of models that offer a wide range of options to redefine enjoyment and freshness.

Boilable, tear-resistant bags and rolls with either a ribbed structure or a smooth surface ensure a perfect vacuum. They are available in a range of sizes; microwave-proof and suitable for sous vide cooking. CASO Design vacuum sealers create one or two welded seams, ensuring an airtight seal for food items. Some models also have a special function that allows you to adjust the welding time.

CASO Design Hand-held vacuum sealer

• Long-lasting freshness – easy, fast and everywhere

72

CASO Design Bar vacuum sealer

• VC Series, Advanced Series, GourmetVAC Series
• Modular vacuum systems
• Extensive vacuum sealing functions
• Some with stainless steel applications

80

CASO Design Chamber vacuum sealers

• Vacuum sealers with power pumps and a highly robust design including stainless steel casing

85

BPA -FREE

CASO Design accessories

• Premium accessories for vacuum sealers
• Structured film, ZIP and edge seal bags, glass vacuum containers and much more besides

96

CASO Design Sous Vide

• Cooking in a vacuum bag at a low temperature
• Fantastically tender taste experiences

Hand-held vacuum sealer

Vacu OneTouch

Item 1301

	Cordless	Accessories reusable
Special functions →		

+ Long-lasting freshness – simple, fast and everywhere
+ Keep food fresh longer in the blink of an eye
+ Pump capacity: 3 liters / minute at -0.4 bar pressure
+ **Cordless one-hand operation**
+ **Long-life lithium-ion battery for up to 150 minutes runtime – vacuum even while charging**
+ Convenient LED display – white when battery is full and red when battery is empty battery
+ **Auto stop when vacuum is reached**
+ **Safety stop after 2 minutes if the device is switched on unintentionally**
+ Easy cleaning thanks to removable vacuum seal
+ Compact design for space-saving storage
+ Incl. 10 ZIP bags (5 pieces 20x23 cm, 3 pieces 26x23 cm, 2 pieces 26x35 cm), 2 ZIP Lockers, USB-C charging cable and CASO food manager stickers

Hand-held vacuum sealer set

Vacu OneTouch Eco-Set

Item 1169

Description like VacuOne Touch, additionally:

+ **Stackable glass vacuum container set with plastic lids for space-saving storage**
  - 1 container with 1500 ml capacity
  - 2 containers with 500 ml capacity each
+ Containers particularly suitable for items which are pressuresensitive and for liquids
+ Date display (day and month) integrated into the lid
+ **Versatile use thanks to microwavable, heat-resistant (up to 350 °C) glass bodies**
+ Glass bodies and lids can be used in the freezer (up to -18 °C) and are dishwasher-proof

Professional hand-held vacuum sealer set

Vacu OneTouch Pro Set

NEW

For perfect freshness in the catering industry

Item 1336

	Cordless	Freshness in just a few seconds	Accessories reusable
Special functions →			

+ **Cordless professional vacuum sealer – simple, fast, everywhere**
+ Keep food fresh **up to 8-times longer** in no time at all
+ **Fully automatic vacuum sealing in seconds**
+ Powerful pump capacity at 12 litres/minute
+ Long-life lithium-ion battery for up to 85 min runtime
+ Incl. charging station (USB-A and USB-C connection) – always a full battery, always at hand

+ **Incl. extensive accessories:**
  • 4 VacuBoxxes made of glass, stackable (2600 ml, 1500 ml, 800 ml, 500 ml)
  • 15 Vacu ZIP-Bags in different sizes
  • 3x "WineLock", the aroma seal for your good wines and oils
  • CASO Food Manager Stickers

Accessories for all Vacu OneTouch on pages 88 - 91

For wine and oil bottles etc.

WineLock – vacuum aroma seal also available in a set of three, Item 1257

Vacuum sealer with CASOTEK Liquid Function

VRH 790 advanced Pro

The patented solution to the impossible – with CASO Design you can vacuum seal liquids in the bag.

Item 1528

Special functions →

- Liquid Function for liquids
- Up to 200 cycles non-stop
- Sous Vide
- 36 months of guarantee
- Anti fingerprint

+ **Professional vacuum sealer for ambitious amateur chefs, hunters and fishermen, etc.**
+ **Store food items with 100% aroma barrier and keep them fresh up to 8x longer**
+ **With innovative patented CASOTEK® liquid function** – ideal for vacuuming liquids such as soups, sauces, stocks, etc.
  - "Liquid Stop" – vacuuming process ends before liquids can be sucked in
  - Incl. practical stand-up vacuum bags
+ Powerful double piston pump (20 l/min) for a vacuum of up to -0.90 bar
+ **Multi-cycle: seal up to 200 bags non-stop without overheating**
+ Secure sealing thanks to double weld seam up to 30 cm (each one 2.5 mm thick)
+ With integrated foil roll box (roll width max. 30 cm) and cutter
+ Sensor touch panel with white LED display and progress indicator
+ **High-quality stainless steel housing with anti fingerprint coating and stainless steel handle**
+ Removable drip tray for any accumulated liquid

+ Versatile functions:
  - **Adjustable sealing** time (incl. liquid function)
  - **Vacuum intensity** – for hard and soft food items
  - **"Vac & Seal / Cancel"** – automatic vacuuming and sealing
  - **Manual sealing**
  - **Vacuum container** – for vacuuming of suitable containers*
  - **Marinating** – quick marinating thanks to pulsating vacuum which alternately opens and closes meat pores
  - **Pulse function** – manually selectable vacuum intensity
+ **Incl. wide range of accessories:**
  - 2 vacuum foil rolls (20x300 cm, 30x300 cm)
  - 10 different practical stand-up vacuum bags with wide bottoms (5x 20x30 cm, 3x 25x35 cm, 2x 30x40 cm)
  - 1 vacuum hose to vacuum suitable containers*
  - CASO Food Manager sticker + CASO Food Manager app

Perfect for the Professional stand-up bag set

Item 1264, page 87

*Vacuum container not included

The Caso Food Manager App –

A digital look into the refrigerator

The app that organises your food – waste less, save more money.

Use the stickers and app to keep track of your food items

CASO Food Management delivers sustainability and structure. We have supplemented our vacuum bags and rolls with write-on stickers and a link to the CASO Food Manager app. A QR code provides a link to the app.

The CASO Food Manager app helps you get a better overview of your food items. This ensures that you always have an overview of the items in your fridge and can see which ones are available or need to be used.

Item 1417

Special functions →

2x25cm
Double weld seam

Sensor-touch

+ **Compact chamber vacuum system, ideal for keeping fresh and marinating**
+ Chamber size [WxHxD]: 265 x 60 x 265 mm (approx. 3 liters)
+ **Strong professionell vacuum pump: 70 l/min**
+ Almost 100% vacuum
+ **Double weld seam for bags up to a width of 25 cm**
+ With integrated clamping bracket for a firm hold of the vacuum bags
+ **Versatile functions:**
  · Combined vacuuming and sealing with individual settings for hard and soft, as well as dry and moist foods
  · Manual sealing
  · Automatic marinating in the bag
  · Also suitable for the vacuuming of vacuum containers (necessary vacuum hose included)
+ Practical progress display
+ **High-quality vacuum sealer: housing made of stainless steel and glass lid made of tempered glass**
+ Vacuuming outside of the device also possible with structured bags
+ Simple and intuitive operation via touch control panel
+ Incl. 20 vacuum bags 25 x 28 cm and 1 vacuum hose for vacuum containers*

Chamber vacuum sealers, as the name suggests, have a closed chamber in which the vacuum is created. Even liquids and pressure-sensitive foods can be vacuum-packed without any problems and without crushing anything. Containers are also no problem for the professional devices. Both even sealed edge bags and structured bags can be used for vacuum sealing.

• and the WineLock as long as you also use the ZIP adapter set (Art. No. 1258, Page 89).

SOUS VIDE – STAR KITCHEN IN 3 STEPS

Sous vide melts in your mouth
Sous vide, cooking "under a vacuum", is becoming increasingly popular, also with amateur chefs. The advantages are obvious. Food that is cooked in a vacuum retains its natural flavour; meat and fish become tender and juicy; nutrients, vitamins and trace elements are preserved and vegetables stay crunchy and colourful.

Sous vide cookers are also genuine all-rounders – perfect for preparing yoghurt; warming up baby food in jars; tempering chocolate in a water bath and much more besides.

So simple and so perfect
Cooking a sous vide recipe couldn't be any easier. No prior knowledge is required to achieve perfect results. The components of the dish can be combined when you fill the bag. When doing so, all the basic ingredients, such as oil, seasoning and vegetables, are sealed in a vacuum bag and then heated in water at a low temperature until they are fully cooked.

Marinating and seasoning the dish before it is vacuum sealed ensures even better results. **To bring "sous vide" to your kitchen, you will require a vacuum sealer and a sous vide cooker that maintains a consistent temperature during the cooking process.**

Step 1
Vacuum food

Step 2
Set the time and temperature according to the recipe and start

Cooking time
=
Leisure time

Step 3
If necessary, fry the meat briefly and spicy again, arrange it on the plate and enjoy – so simple and perfect
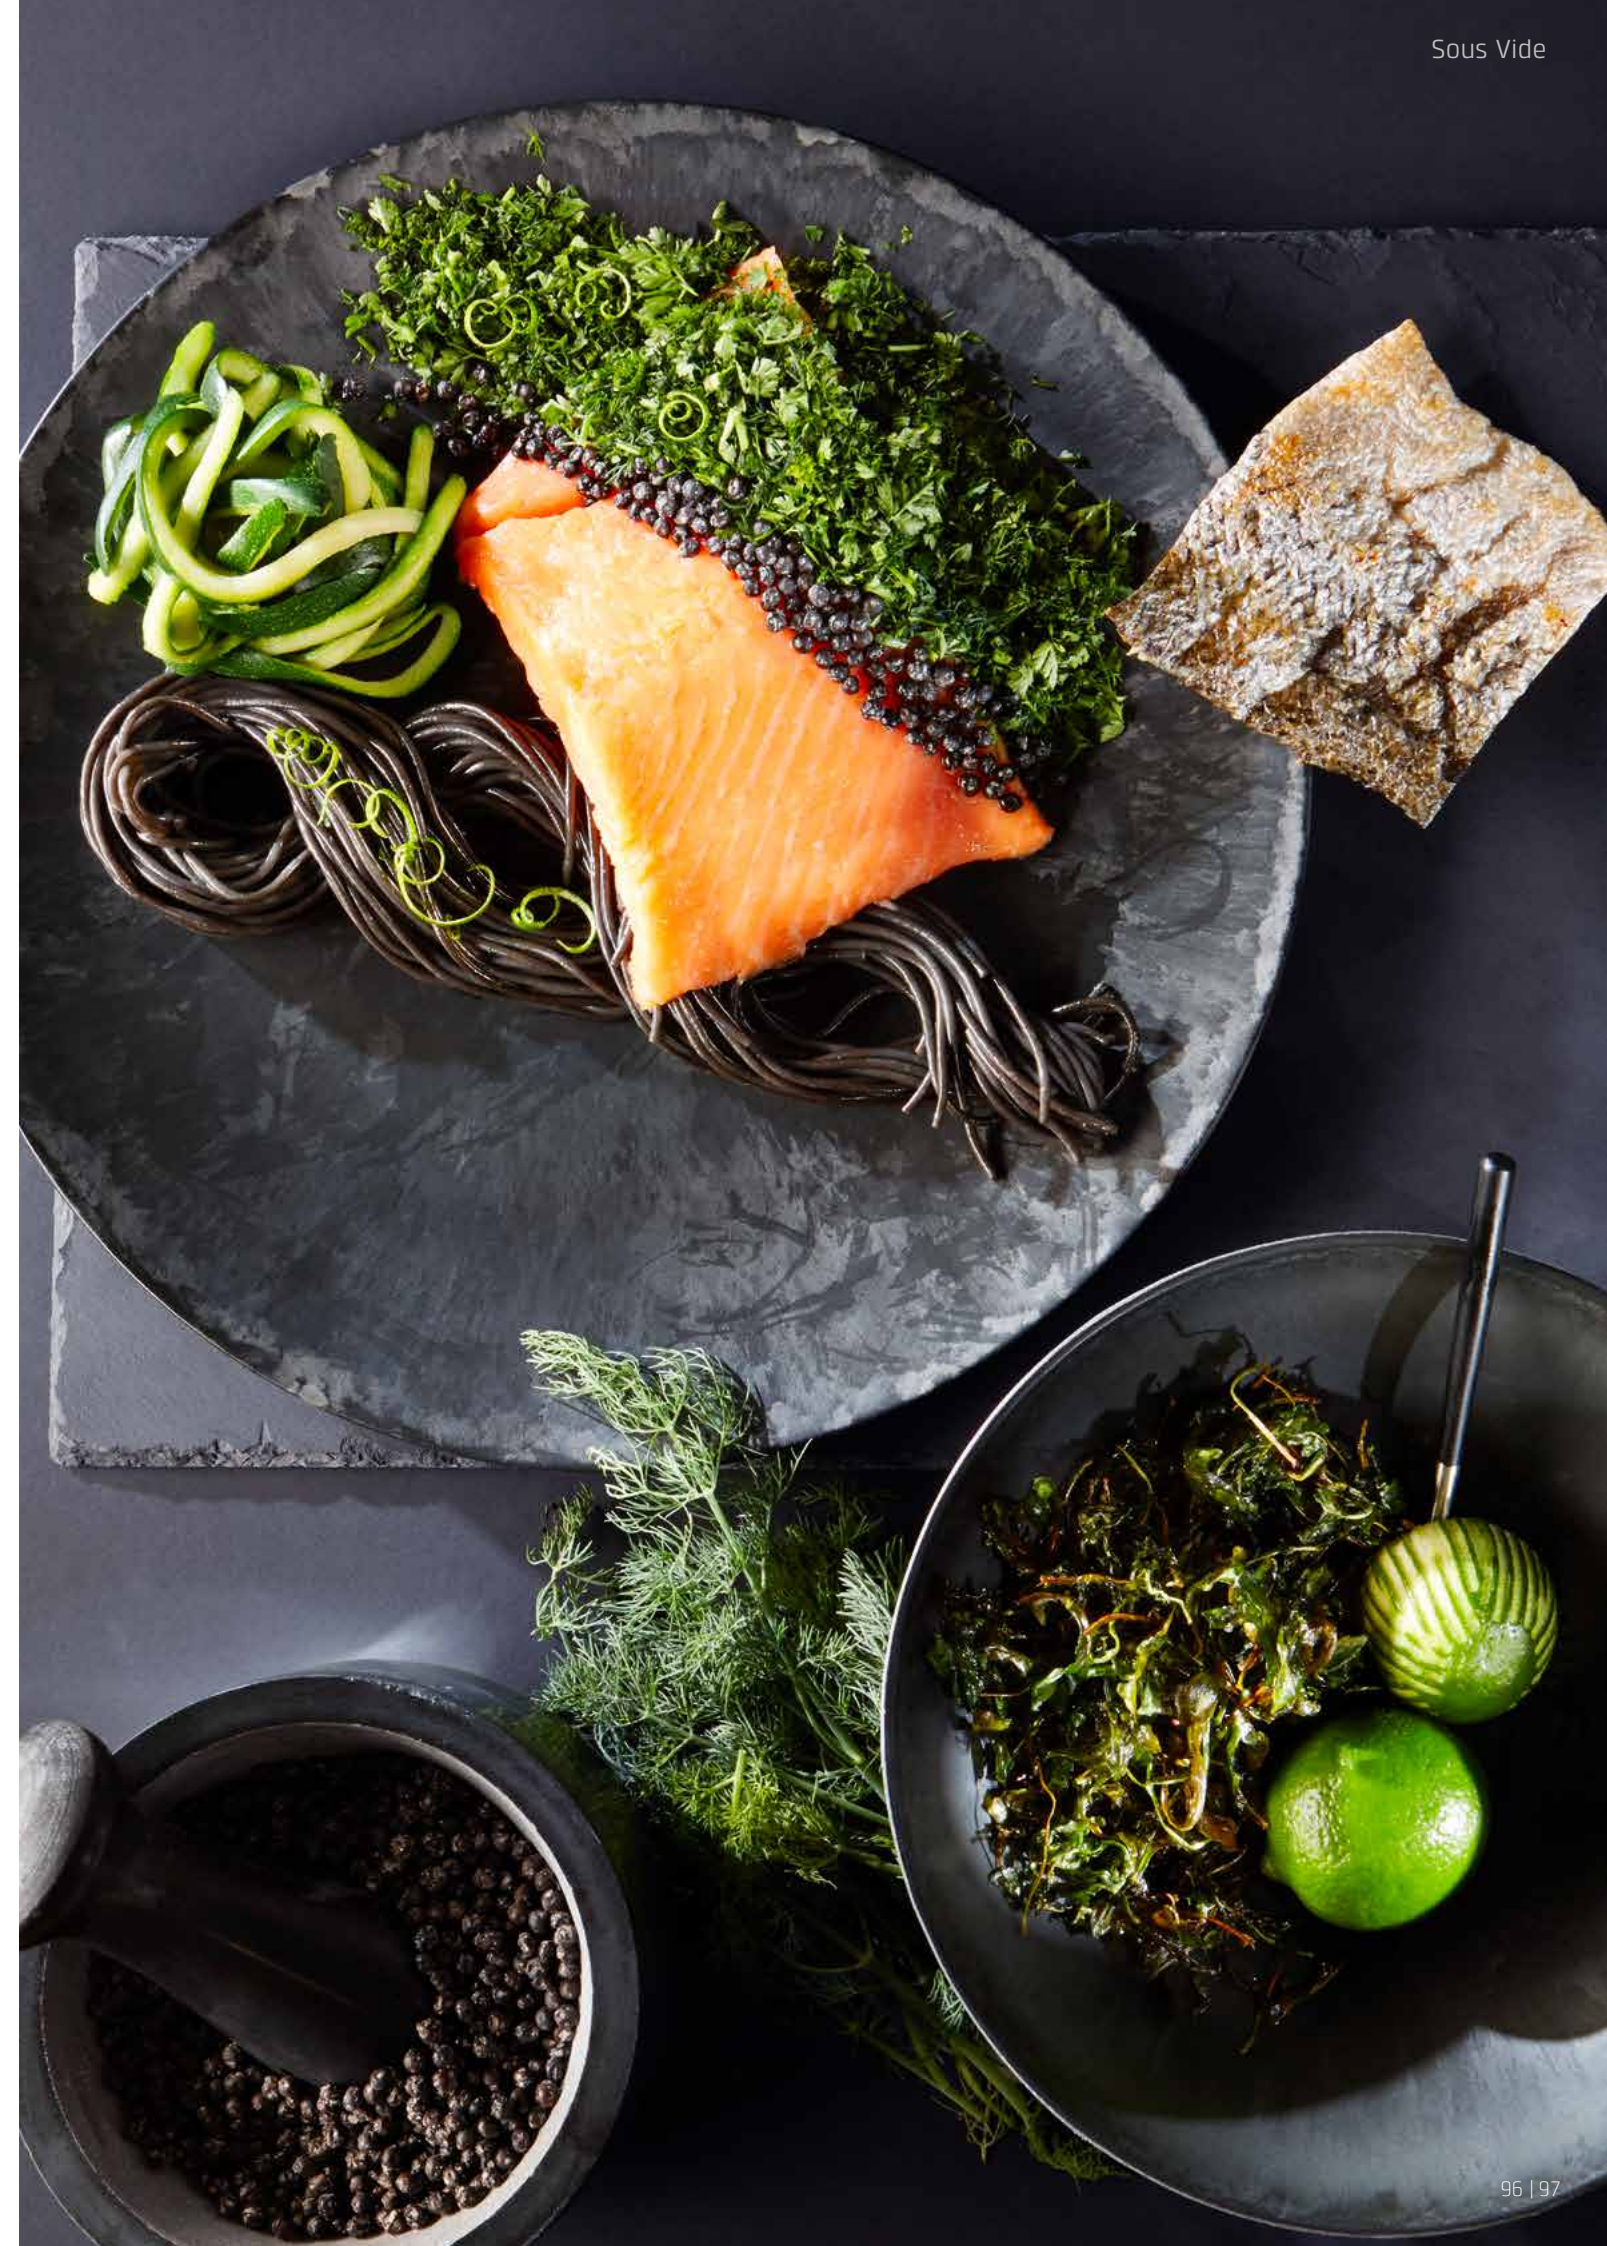

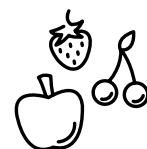

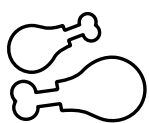

Sous vide stick

SV 400

Item 1310

Special functions	Stainless steel	Waterproof to IPX7	Container up to 20 l / **20 l**

+ **Perfect for SousVide cooking, preparing yoghurt, heating baby food in the glass, tempering couverture in the water bath and much more**
+ Strong 1000 watts of power in a compact design
+ Space-saving storage
+ **Waterproof by IPX7-standard***
+ Suitable for all heat-resistant vessels with a height of at least 16 cm and a volume of 6 to 20 liters
+ **Temperature setting: 25 - 90 °C (in 0,1 °C steps)**
+ White LED display with sensor touch control panel
+ Timer function: From 1 minute to 99 hours (up to 2 hours in 1 minute increments, from 2 hours in 5 minute increments)
+ With a practical srew cap - srew cap width: 2 cm (without rubber stopper 3 cm)

Sous vide stick

SV 1200 Smart

Item 1328

Special functions	Stainless steel	Waterproof to IPX7	Container up to 20 l / **20 l**

+ **SousVide cooker with simple clamp mounting for flexible SousVide cooking of Michelin star quality**
+ Perfect for meat, fish and vegetables
+ Also suitable for heating baby food in the glass, for tempering of couverture in a water bath, the preparation of yoghurt and for the gentle thawing of frozen products
+ **Rapid of heating of water due to powerful 1200 watt system**
+ **Applicance is completely water-resistant according to IPX7 standard***
+ Precise temperature control up to 90 °C increments in 0.5 °C increments (32 - 194 °F)
+ Timer function: can be precisely set in 1 minute increments up to 99 hours 59 minutes
+ Heats up to 20 litres water to precisely within 0.5 °C
+ **Smart Control: SousVide Stick can be controlled and read with the CASO Control App**
+ Simple operation of the LED display using a sensor-touch control panel
+ **3D circulation: Constant temperature due to water circulation**
+ Compact SousVide cooker: Space-saving storage & easy to clean
+ Suitable for virtually all heat-resistant vessels**

+ Compact SousVide cooker: Space-saving storage & easy to clean
+ Suitable for virtually all heat-resistant vessels** (minimum height 19 cm)

Professional Sous vide stick

SV 2000 Pro Smart

Speziell für die Gastro

Item 1332

Special functions	Stainless steel	Waterproof to IPX7	Container up to 60 l / **60 l**

+ **Professional sous vide stick with practical screw cap for flexible, Michelin-star quality sous vide cooking**
+ High-quality, easy-care stainless steel housing
+ Prepare meat, fish and vegetables simply, aromatically, gently and using less fat
+ **Water- and dust-resistant according to IPX7 standard***
+ **Heats up to 60 litres of water thanks to powerful 2000 watt system**
+ **Precise temperature control up to 90 °C (194 °F) in 0.5 °C increments**
+ Intuitive LED touch control panel with digital temperature and time display
+ Two timer functions:
  • For operating time – can be set in 1-minute increments up to 99 hours 59 minutes
  • To set when cooking begins – 1-minute increments up to 99 hours 59 minutes in advance
+ **Smart Control: The sous vide stick can be controlled and read using the CASO control app**
+ With 4-phase progress display for the overall process
+ Boil-dry protection: Acoustic signal, red warning indicator and "Lo" notification on the control panel if water level gets too low
+ **5 adjustable, saveable programmes ("individual", meat, poultry, fish and vegetables)**
+ Adjustable water circulation at 3 levels (based on water quantity): 12 / 15 / 18 litres per minute
+ With practical recessed grip for optimum handling

The Caso Control App –
Sous vide cooking via smartphone

Smart Control: Your app-enabled sous vide stick can be easily controlled, monitored and read using the CASO Control app.

Sous vide cooking with an app – Tender and smart

CASO Design offers sous vide sticks that can not only be controlled manually, but also via a smartphone for maximum convenience. Cooking using this method can sometimes take several hours, so using the app means that you don't have to be near the sous vide cooker all the time. Instead, you can treat yourself to some me time while using the app to take an occasional look at how cooking is progressing and, if required, making adjustments.

Simply download the free CASO Control app from the app store of your choice; connect everything via Wi-Fi and then prepare your gourmet dishes more easily than ever before.

Centre

Aroma for the senses

CASO Design coffee makers, hot water dispenses, electric kettles and milk frothers are the expression of sensuality and enjoyment. Take in the aroma of the coffee beans; create fluffy frothed milk; prepare wonderful teas and then simply savour the moment. Coffee grinders ensure that your favourite coffee is gently ground to perfection.

AROMA, PLEASURE AND PERFECTION

Coffee and tea are passion
Whether a mild coffee for your breakfast; a strong espresso for true connoisseurs; a cream latte macchiato for gentle souls or hot, aromatic tea after a long autumn walk, CASO Design will warm your heart.

Germany's favourite hot drinks have long since become more than just a way to warm up – they are pure, personal passion!

Fine grinders; functions that can be controlled down to the smallest detail; high-quality designer surfaces and optimum temperatures for the best enjoyment reflect our idea that preparing a hot drink should be something you enjoy.

Experience the fascination of coffee and tea with CASO Design products.

CASO Design Electric kettles

• The classic in the most beautiful guise

Tips for incredibly

aromatic coffee

For an optimum aroma we recommend that you keep your ground coffee in an airtight container in your refrigerator.

In contrast, coffee beans are best stored in a freezer as this protects their flavour.

Fresh water is perfect for brewing coffee. If your tap water is too hard, then you can use bottled still mineral water instead.

Sprinkle a pinch of salt in your ground coffee to neutralise any bitter substances it may contain.

Vacuum flasks will do their best job of keeping coffee warm if you rinse them out and prewarm them with hot water before pouring in the coffee. You can also do this with cups.

Compact coffee maker

CoffeeCompact electronic

Item 1848

| Special functions → | With impact grinder | For up to 4 cups | Keep warm 30 min |

Aroma Triple Brew

Balance interaction:
1. Ideal brewing temperature 92-96 °C
2. Even wetting
3. Perfect brewing time

Item 1851

Special functions →	10 For up to 10 cups	Filter size 1x4	Keep warm 40 min	1 Single cup	Aroma regulator

+ **Stylish design with intuitive touch control panel**
+ Every cup a pleasure – perfectly wetted coffee powder thanks to 9-hole brewing arm – aromatic as if brewed by hand
+ **Ideal brewing temperature** of 92 - 96 °C thanks to innovative pump system
+ Large water tank (1.25 l) for up to 10 cups of coffee
+ **Full aroma development thanks to aroma spout** – allows the coffee to circulate in the pot and ensures even coffee enjoyment
+ **Filter holder with aroma regulator** – stepless adjustment of the dripping speed for a perfect extraction of the aromas
+ Manual drip stop for early dispensing of the coffee or for pre-brewing
+ **Practical timer function for time-delayed brewing**
+ **Single cup:** For a cup of coffee directly into the (heat-resistant) coffee/to-go mug
+ **Long-lasting coffee enjoyment with keep-warm function (40 min)**
+ With descaling function and reminder after 50 brewing units
+ **Incl. permanent filter made of titanium-coated stainless steel** (reusable, long-lasting and taste-neutral)
+ Incl. measuring scoop for the right amount of ground coffee

APPROVED
European Coffee Brewing Centre

ECBC – European Coffee Brewing Centre

The **AromaSense** designer coffee maker has been awarded the ECBC seal of approval (European Coffee Brewing Centre) – an independent testing authority that tests coffee brewing equipment to the Gold Cup Standard.

This seal of approval is given only to coffee makers that meet the highest preparation quality standards.

Espresso maker

# EspressoGourmet

Perfect for: BaristaChef Inox, page 115

High-quality, heavy stainless steel portafilter for perfect crema, temperature and aroma. With 19 bar Ulka pump and complete barista accessories.

Item 1820

Special functions →

19 bar Ulka pump

Stainless steel portafilter

With cup warming plate

+ Stainless steel housing with non-slip feet
+ Powerful 19 bar Ulka pump
+ **High-quality stainless steel portafilter with black handle**
+ **Practical manometer shows brewing pressure**
+ 4 user-friendly soft touch buttons with white lights
+ **Automatic pre-brew function for even infusion**
+ Stainless steel steam wand for preparation of creamy frothed milk and pre-warming of cups
+ Integrated cup warming tray for pre-warming of cups
+ Removable transparent water tank (1.5 l)
+ Removable stainless steel drip tray with integrated float – for easy cleaning
+ Wide range of accessories:
  · 3 stainless steel filter inserts for 1 or 2 cups and for ESE / coffee pads
  · Tamper with removable black wooden handle
  · Stainless steel measuring spoon
  · Stainless steel milk pitcher (with scale up to 330 ml / 11 oz)

Turbo hot water dispenser

Boiling water thought ahead

CASO Design turbo hot water dispensers only heat the amount of water required by the user – in just a few seconds and to the desired temperature. This saves valuable water and up to 50 % energy in comparison to conventional electric kettles, making the dispensers extra environment friendly.

Water temperatures from 40 to 100 °C can be selected – perfect for the preparation of all types of tea, instant coffee, baby food, hot lemon and much more besides. The continuously adjustable water flow makes filling a hot water bottle on a cold day child's play.

A water filter ensures that water is extra soft and protects the device, ensuring that you can it enjoy it for many years to come.

CASO Design also has the perfect model for professional kitchens, hotel buffets, office kitchens or mobile catering - the **PerfectCup 1000 Pro** with a large 4-litre removable water tank and buttons that can programmed according to your needs.

Item 1879

Special functions	40 - 100 °C	Sensor-touch	2,7 l
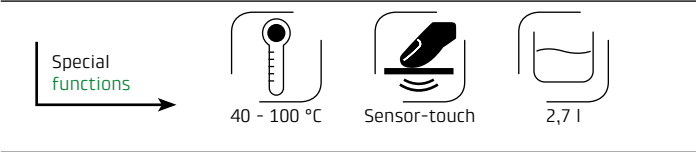

+ Hot water in just a few seconds due to powerful 2600 watts
+ Compact, elegant design in high-quality stainless steel
+ Perfect for the preparation of tea, instant coffee, instant noodles and baby food
+ **Energy-saving: 50% less than conventional electric kettles**
+ **Big 2.7 liter water tank – removable, easy to fill and easy to clean**
+ **7 different temperature settings: 40 - 100 °C in 10 °C intervals**
+ Direct selection button for optimum preparation of baby food (40 °C)
+ 7 pre-set quantities as required: 100 / 150 / 200 / 250 / 300 / 350 / 400 ml and continuous
+ Front-positioned touch display - easy and intuitive to use
+ Integrated descaling reminder
+ Incl. water filter for perfect water quality

BESTSELLER

Turbo hot water dispenser

HW 770 Advanced

Item 1889

Special functions	40 - 100 °C	Sensor-touch	2,7 l
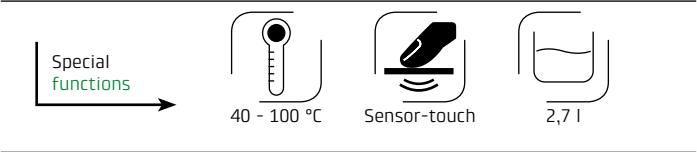

+ **Next generation hot water: Saves up to 50% energy, water and time over electric kettles –** only heats up as much water as you really need
+ **Hot water in 7 seconds**
+ Perfect for every kind of tea thanks to **individual temperature selection with 13 settings from 40 – 100 °C in 5 °C increments – also for preparing baby food**
+ **7 pre-set quantities for the desired filling volume:** 100 / 150 / 200 / 250 / 300 / 350 / 400 ml and continuous dispensing
+ **The "Memory" button saves your preferred brewing temperature and water quantity – always immediately ready for use**
+ High-quality stainless steel housing and easy-to-read display with sensor touch controls
+ **Large, removable 2.7-litre water tank – easy to fill**
+ **Incl. water filter for perfect water quality and the longevity of your device**
+ Also suitable for extra-tall (to-go) mugs
+ Integrated descaling reminder and cleaning mode

Replacement water filter

3er-Set // 6er-Set

3x

6x

Set of 3, item 1861
Set of 6, item 1841

Special functions	5 layers	4 - 6 months, 160 litres
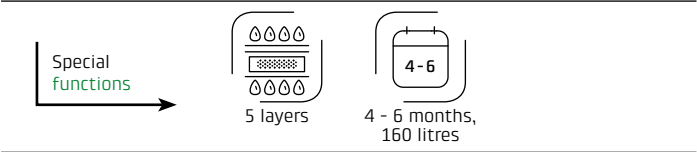

+ Universal water filter – suitable for all CASO Turbo hot water dispensers with filter insert and other water filter systems
+ **Improves water quality and increases the life of the device**
+ Perfect seal thanks to silicone ring
+ 5-layer filtration principle
  · Coarse particle filter
  · First fine particle filter
  · Ion exchange resin
    - Removes heavy metals, reduces limescale and preserves important minerals
  · Activated carbon filter
    - Reduces chlorine and pollutants, removes odours and improves taste, prevents bacterial growth
  · Final fine particle filter
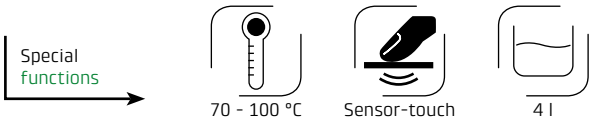

Professional turbo hot water dispenser

PerfectCup 1000 Pro

Also for the catering industry

Item 1878

Special functions → 70 - 100 °C | Sensor-touch | 4 l
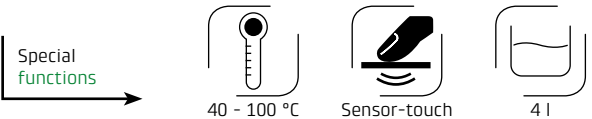

+ **Ideal for mobile catering, B&Bs, conference rooms, breakfast buffets, office kitchens etc.**
+ Saves time: hot water within just a few seconds
+ Practical sensor touch control
+ Selectable temperatures from 70 - 100 °C (in 10 °C steps) – perfect for all types of tea, instant coffee and food, etc.
+ **Simple operation thanks to direct selection buttons for small and large cups**
+ **Individual key assignment: Two different dispensing quantities can be set depending on the cup size**
+ Water supply quantity selectable up to infinity
+ With a removable, large 4 liter water tank - flexible and mobile use without water connection
+ Incl. water filter
  • For perfect water quality
  • Protecting your device from limescale
  • Filter capacity up to 150 l
+ Elegant and compact design
+ Powerful 2600 watt
+ Removable water collecting tray for easy and quick cleaning

Turbo hot water dispenser

HW 1660

With cup pedestal

Item 1884

Special functions → 40 - 100 °C | Sensor-touch | 4 l

+ Time-saving: hot water in just a few seconds thanks to powerful 2600 watt performance
+ **Energy and water-saving – only the required amount of water is heated to the desired temperature**
+ Perfect for the preparation of tea, instant coffee, instant noodles and baby food
+ **Large, removable 4 litre water tank – removable, easy to fill and easy to clean**
+ **7 different temperature settings: 40 - 100 °C (in 10 °C intervals)**
+ Can also be used as a water dispenser without heating the water
+ 7 pre-set quantities as required: 100 / 150 / 200 / 250 / 300 / 350 / 400 ml
+ *FlowFunction* for individual water amount – e.g. cooking water, thermos flasks, hot water bottles, etc.
+ **Elegant design in high-quality stainless steel with intuitive touch control panel**
+ Front-positioned touch display – easy and intuitive to use
+ **Direct selection button for optimum preparation of baby food (37 °C)**
+ Integrated descaling reminder
+ Incl. cup pedestal for small cups
+ Maximum cup height: with drip tray 17,5 cm / without drip tray 20.5 cm / with platform: 10,5 cm
+ Auto-lock function provides added safety
+ Incl. water filter for perfect water quality

Electric kettle

Coffee Classic Kettle

The trend for real coffee lovers

Item 1877

Special functions → Curved spout | Stainless steel interior | Coffee & tea
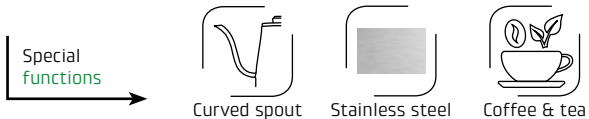

+ High-quality matt black design with curved water spout
+ **Ideal for brewing fresh coffee by hand**
+ 360° base station with integrated cable rewind function
+ Cool-touch handle
+ ON/OFF switch
+ Elegant LED lighting
+ Automatic switching off
+ **High-quality stainless steel interior**
+ Capacity of 0,6 litres
+ **Minimum filling quantity 200 ml: Also suitable for small amounts of water**
+ Non-slip rubber feet
+ Overheating protection

Electric kettle

WK 2100 compact

Item 1869

Special functions → 10 - 100 °C | Keep warm function | 1,2 l | Water level display

+ **Powerful 2200 watt**
+ **High quality stainless steel housing and interior**
+ Compact size with capacity of 1,2 litres
+ Precise temperature control for precise control of water temperature with cooking stop function
+ **Temperature control in 10 °C increments from 10 - 100 °C – ideal for the perfect preparation of tea and baby food**
+ Practical heat retention function
+ Safe thanks to automatic power-off function
+ Anti-scale filter that can be removed for cleaning

# Electric kettle

WK 2200

Item 1870

Juicer & blender

Chapter 5
Juicer & blender

Freshly prepared

CASO Design offers a range of different techniques, allowing you to create tasty, healthy drinks. Whether vitamin-rich smoothies and juices or amazingly good milk shakes to cool you down, there are no limits on your imagination.

A FIT AND HEALTHY WAY TO START AND ENJOY YOUR DAY

CASO Design helps you create a diverse range of culinary delights with its powerful **blenders** for vitamin-rich breakfast smoothies; tasty milk shakes for young and old people with a sweet tooth or your own creations with or without alcohol.

Our powerful **citrus juicers** can get juice out of almost every citrus fruit. Whether limes, tangerines, grapefruit or oranges, the universal press cone and easy-to-handle lever press arm enable you to press a wide variety of fruit easily and with no mess, for tasty juices.

CASO Design **hand blenders** are perfect aids for making sauces, dips and soups. Despite their compact size, these small powerhouses are true giants.

And if you want to prepare extra gently pressed juices from fruit, vegetables or herbs, then our **slow juicers** are made for you. The juicing auger rotates much more slowly than a centrifugal juicer, so does not generate any heat. This ensures that important nutrients and flavours are preserved. There is no healthier way to start your day.

24.000 RPM | AC motor / 350 watt

Description like HB 2200 Pro, additionally:
+ **High-performance 24 000 rpm for a wide range of uses such as preparing smoothies, soup, purees, egg whites, baby food, mince, etc.**
+ Durable 350-watt AC motor for a consistent speed, high effectiveness and energy efficiency
+ Extra-long stainless steel shaft (29 cm) for easy processing of up to 20 litres of liquid
+ Comes with an extra-long cable

Various accessories:

CASO multi knife (titanium coated)

CASO whirling disc (stainless steel)

CASO meat knife (stainless steel)

**Stainless steel fork** to swap the blades

Citrus juicer
CP 200

Lever press arm for easy juicing

Item 3540

Special functions →
Universal press cone
Quiet, powerful engine

+ Powerful electric designer citrus juicer with stainless steel housing
+ **Universal press cone for all common citrus fruits from lime to grapefruit**
+ Easy handling thanks to lever press arm
+ High-quality stainless steel strainer insert
+ **Soft-touch handle with convenient automatic start**
+ Very easy to clean, individual parts removable and dishwasher-safe
+ Extra quiet engine
+ Suction feet for a very secure stand
+ Juice stop (drip stop)

With universal press cone

Citrus juicer
CP 300

Item 3550

Special functions →
Universal press cone
Quiet, powerful engine

+ Powerful electric designer citrus juicer with stainless steel housing
+ **Universal press cone for all common citrus fruits from lime to grapefruit**
+ Easy handling thanks to lever press arm
+ High-quality stainless steel strainer insert
+ **Soft-touch handle with convenient automatic start**
+ Very easy to clean, individual parts removable and dishwasher-safe
+ Extra quiet engine
+ Suction feet for a very secure stand
+ Juice stop (drip stop)

With universal press cone

Citrus juicer
CP 330 Pro

Lever press arm for easy juicing

Item 3560

Special functions →
Universal stainless steel press cone
Quiet, powerful engine

+ Powerful electric designer citrus juicer with stainless steel housing
+ **Universal pressing cone made of stainless steel:**
  • For all common citrus fruits from lime to grapefruit
  • High juice yield
+ Easy handling with little effort by lever pressing arm
+ Juice spout directly into the glass
+ No dripping thanks to fold-up spout
+ Stainless steel sieve insert
+ **Soft touch handle with practical automatic start-up**
+ Very easy cleaning due to removable and dishwasher-safe components
+ Low noise motor
+ Suction feet to secure stability

With stainless steel universal press cone

Blender
MX 1000

Item 3617

Special functions → 8-fold titanium coated blades

+ Powerful 1000 Watt motor
+ **8-fold titanium coated blades**
+ **Housing made of durable stainless steel**
+ **Multifunctional - Ideal for preparing smoothies, milkshakes, frappés, long drinks etc.**
  · Blend function (infinitely variable and manually)
  · Smoothie function (14.000 rpm)
  · Ice-Crush function (9.500 rpm average)
  · Pulse function (up to 17.000 rpm)
+ Speed control knob with LED display
+ High quality glass mixing jar with 1.5 l capacity and heat resistance up to 80 °C
+ Easy cleaning – easy dismantling of the knife insert and dishwasher-safe glass jar
+ Overheating protection and double safety lock

Blender
B 1800 PowerBlender

Item 3618

Special functions → 6-fold titanium coated blades | Mix & go | Versatile accessories

+ **Multifunctional – ideal for preparing smoothies, milk shakes, baby food, soup, crushed ice, long drinks, etc.**
+ **Strong 1800-watt motor with an infinitely variable speed of up to 28 000 rpm**
+ **Robust 6-blade cutter with gold titanium coating**
+ Quick preparation thanks to pre-set extra programmes: Smoothie, Crushed Ice, Auto Pulse
+ With separate auto pulse
+ **High-quality large glass mixing jug (1,75 l)**
+ High-quality stainless steel housing
+ Dishwasher-proof and knife attachment
+ With integrated safety lock (EK 1 standard) and overheating protection
+ **Accessories:**
  · **Stainless steel chopper** (750 ml) with stainless steel blades for coffee beans, nuts, pesto, baby food, dried herbs etc.
  · "Mix & go" **drink bottle** (700 ml)
  · Pestle
  · Measuring cup integrated in the lid

Power Blender also available separately, item 3619

Blender
B 1800 PowerBlender Set

NEW

Item 3621

Special functions → 8-fold titanium coated blades | Powerful motor with 2000 watts | **XXL** Tritan container with 2 litre capacity | 30.000 RPM | CASOTEK® inner bottom design

+ **Powerful 2000 watts with speed settings of up to 30.000 rpm can handle any kind of fruit, vegetable and fibre structure**
+ Multifunctional – Ideal for the preparation of tasty smoothies, soups, milk shakes, nut flour, baby food, crushed ice, long drinks, etc.
+ **Smart CASOTEK® inner bottom design for a more efficient, finer blending result**
+ **Large, break-proof Tritan blender container with 2 l capacity** (BPA-free and heat-resistant to 100 °C)
+ **Robust 8-blade system with gold titanium coating**
+ Three programme functions for soft and hard foods: Pulse function, Shake function and Smoothie function
+ Elegant, matt black housing
+ With intelligent safety lock – blender can only be used if the lid is locked (EK 1 norm)
+ Rubber-coated base – secure, non-slip grip for the container
+ Comes with a pestle and integrated measuring cup in the lid

Slow juicer

SJW 300

Juice sieve

Sorbet sieve

Item 3509

Special functions →

Slow juice technology
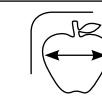

Whole fruits up to 75 mm ø

+ Slim design slow juicer with noble silver matte finish
+ For delicious, healthy juices with a natural taste from fruits, vegetables and herbs
+ **Gentle juicing thanks to lower RPM (60 rpm)**
  → The slow-rotating screw press prevents heat generation and preserves valuable nutrients and vitamins
+ **Up to 30% higher juice yield compared to conventional juicers**
+ Large filling opening with 75 mm Ø for whole fruits
+ **With juice and sorbet sieve for a variety of applications possibilities**
+ Juice spout can be closed with a double lip
  • Multi juices are mixed automatically
  • Serves as a drip stop
+ Quick to use thanks to simple design
+ **Strong, quiet 300 watt motor for hard and soft fruits**
+ Two large containers for juice and pomace, each with 0,7 l content
+ Easy and quick cleaning thanks to included cleaning brush and removable parts

Slow juicer

JuiceFit

NEW

Item 3512

Vitamin-preserving

Special functions	Slow juice technology	Whole fruits up to 105 mm ø	Gentle 40 rpm

+ Compact matt black design
+ **Fill'n Juice – large 105 mm Ø filling opening for large / whole pieces of fruit and vegetables, no pre-cutting**
+ **Gentle cold juicing at a low speed** of 40 rpm preserves natural taste plus valuable nutrients and vitamins
+ **Up to 30 % more juice compared to conventional centrifugal juicers** – for tasty, healthy juices from fruit, vegetables and herbs
+ Also suitable for making home-made almond milk
+ Included in the scope of delivery: Two large containers for juice and pulp, both with 800 ml capacity & cleaning brush

Slow juicer

JuiceFit Pro

Item 3511

Special functions	Slow juice technology	Whole fruits up to 130 mm ø	Gentle 40 rpm

+ Slow juicer with high quality matt black housing
+ **Gentle juicing thanks to low speed (40 rpm) –** slow rotation of the juicing auger means less heat build-up, so preserves valuable nutrients and vitamins
+ **Up to 30 % more juice compared to conventional juicers – for tasty, healthy juices with the natural taste of fruit, vegetables and herbs**
+ **Fill & go! – Large 130 mm Ø filling opening for whole fruits, no pre-cutting**
+ **Overflow stop can be closed for automatic mix function for juice mixes**
+ Ready to use quickly thanks to simple assembly with a small number of components
+ Powerful and extra quiet 250 watt AC motor for hard and soft fruit
+ **With 'safety stop' function: Rotation stops immediately when the lid is opened**
+ Two large containers for juice and pulp, both 1 l capacity
+ Use of juicing pulp - juicing pulp can be used as an ingredient in sauces, muesli and much more besides
+ Simple, fast cleaning thanks to cleaning brush
+ Space-saving storage thanks to removable components
+ Non-slip feet ensure stability

+

Chapter 6

Kitchen & small household appliances

Little helpers, big enjoyment

Our kitchen and small household appliances combine good ideas with stylish products, making them the ideal companion for a life full of enjoyment. Whether at breakfast, when baking or as part of a healthy lifestyle, fall in love with our little helpers that will make your life easier.

GET THE MOST OUT OF EVERYDAY LIFE

CASO Design makes everyday life easier – with high-quality kitchen and small household appliances that not only impress with powerful functions and intuitive operability but also look great. The diverse range of products offers something for every taste.

For example, in addition to numerous designer egg boilers and toasters, CASO Design also offers a wide selection of innovative kitchen aids. From choppers to food dehydrators; elegant food processors, timeless mincers and environment-friendly scales. We have something for everyone and our innovative devices make cooking and food prep twice as much fun.

Egg boiler

E 3

Item 2774

Special functions → **3** Up to 3 eggs
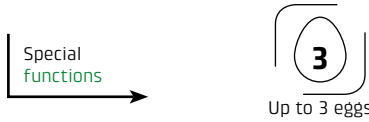

+ Egg boiler for up to 3 eggs
+ **Space-saving design**
+ **Saves time, energy and water in comparison to boiling eggs on the stove**
+ High-quality stainless steel operating panel
+ Electronic control of boiling time, no water measuring required
+ **Infinitely variable control knob for the desired degree of hardness from soft to hard (boiling time up to 15 mins)**
+ Removable egg holder allows quick cooling of eggs under running water
+ Removable transparent cover with handle
+ White LED indicates the operating mode
+ Automatic switch-off with acoustic signal at the end of boiling time thanks to overheating protection
+ Easy-to-clean heating plate
+ Incl. measuring cup with integrated egg piercer

Egg boiler

E 7

Item 2770

Special functions → **7** Up to 7 eggs
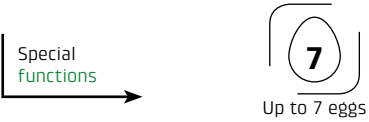

+ Electronic egg cooker for 7 eggs
+ High-quality stainless steel design
+ **Elektronically controlled – measuring of water not necessary**
+ No residues (lime & minerals) on the base plate, because water doesn't evaporate completely
+ No release of odor due to leaking eggs
+ **Non stick-coated cooking bowl**
+ 13 cooking levels, electronically controlled
+ Control lamp with ON/OFF switch
+ Acoustic signal
+ Removable egg holder
+ Incl. measuring cup with egg piercer

Egg boiler

E 9

Item 2771

Special functions → **8** Up to 8 eggs

+ Electronic egg cooker for 8 eggs
+ **Elektronically controlled – early shutdown, hence no dry cooking, no bad smells and no baking of water residues**
+ High-quality stainless steel design
+ LED operating display
+ **Non stick-coated cooking bowl**
+ Transparent plastic cover & steam-cooking attachment
+ Acoustic signal at the end of cooking time
+ Removable egg holder
+ ON/OFF switch
+ Cable winding facility
+ Incl. measuring cup with egg piercer and two poaching bowls

Toaster

Classico T 2

Bun attachment

Item 1916

| Special functions | → | 2 Up to 2 toasts | Bun attachment |
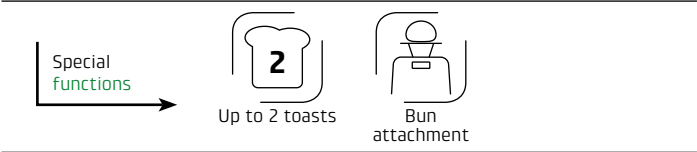

+ Modern design toaster for 2 slices of toast
+ High-quality stainless steel housing
+ Easy to use thanks to the LED-illuminated rotary knob and control buttons
+ **With an extra long toast slot for all types of toast, bread, bagels etc.**
+ Optimal toasting level setting with 5 levels
+ **With additional rewarming, defrosting and stop functions**
+ Self-centring slots for uniform browning
+ Pull-out crumb drawer for easy cleaning
+ With practical power cord storage
+ **Incl. practical and stable bun attachment**

Environmentally friendly thanks to battery-free use

Eco kitchen scales
KitchenEnergy

Item 3265

Special functions → | Weighing scale up to 5 kg | Sensor: 1,0 g | Batteryless

+ **The designer kitchen scales is always ready for action thanks to kinetic energy:** Turning the energy wheel produces energy similar to a dynamo for one minute. The kinetic energy (energy of movement) is converted into electrical energy and thus generates electricity to put the balance into operation.
+ **Maximum efficiency, minimum environmental impact (no use of batteries), therefore environmentally friendly and sustainable**
+ Weighing scale up to max. 5 kg
+ **With practical tare weight feature: Simple adding of additional ingredients**
+ Accurate weighing sensor in 1g increments
+ High quality brushed stainless steel surface
+ Digital display incl. a control display of the generated energy
+ Very flat design
+ Extremely long life
+ Automatic switch-off

Motion creates energy
All of the kinetic scales shown on this double page work without batteries. Turning the swivel arm or energy wheel produces energy for a short period of time. This makes batteries superfluous and these great kitchen aids sustainable and environment friendly.

Item 1831

Special functions → 1 cup with 2-fold blade | 1 cup with 4-fold blade

+ Electric coffee grinder with stainless steel cup with 2-fold blade suitable for grinding and crushing of coffee
+ **Incl. a further stainless steel cup with a 4-fold blade that is ideal for the processing of nuts, pesto, herbs and spices etc.**
+ **Many possible uses, e.g. as an onion cutter, pesto mixer or nut mill**
+ Pulse switch with transparent lid
+ **Case, blade and housing made of duranle stainless steel**
+ **Capacity for up to 90 g coffee beans** (capacity for approx. 4-8 cups)
+ Individual grinding degree from coarse to fine (due to the duration of grinding)
+ Powerful 200 watt motor
+ Safety function: can only be used with the lid on
+ Cable winding facility

Multi chopper

UZ 200

Item 1749

Special functions → 1 cup with 2-fold blade | 1 cup with 4-fold blade
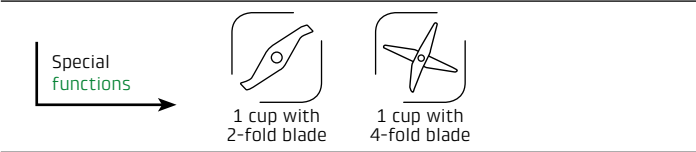

+ Electric multi-chopper with two attachments made of high quality stainless steel
+ **Container with 2-bladed stailess steel fly cutter:** Perfect as a grinder for coffee. Dried herbs / spices
+ **Container with 4-bladed stainless steel cutter:** Perfect as a chopper and grinder for nuts, onions, vegetables, etc.
+ Intuitive pulse switch with transparent cover
+ Container, fly cutter and housing made of durable stainless steel
+ With practical lid for the grinding containers
+ Powerful 2000 watts motor
+ High level of safety: It can only be operated when the lid is attached

Multi chopper

UZ 400

Item 1748

Special functions → 4-fold blade | Stainless steel drive and axle
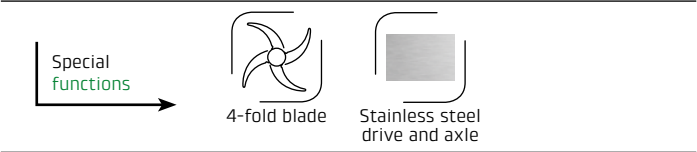

+ **Very versatile: Slices and chops up fruits, vegetables, onions, garlic, meat, fish, nuts, etc. in a matter of seconds**
+ **2 speed settings**
+ Robust glass container with a capacity of 1.2 liter
+ **4 high quality blades made of stainless steel**
+ Practical protective caps for the blades to ensure safe storage
+ Easy operation by the press of a button
+ High quality stainless steel applications
+ Secure stand thanks to removable rubber lip
+ Can be completely dismantled into individual parts for easy cleaning

Multi chopper

Chop & Go

Cordless & flexible

Kabelloser Multizerkleinerer
CASO Design „Chop & Go"
TECHNIK ZU HAUSE.de
Geschenk-Tipp

Item 1747

Special functions → 4-fold blade
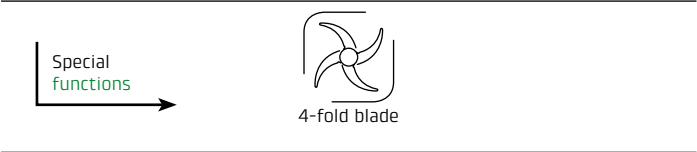

+ **Cordless multi-chopper ready for use anywhere**
+ Long-life lithium-ion battery with up to 60 min. running time (varies depending on filling quantity and speed setting)
+ Integrated battery status display via white LED light with charging indicator
+ **Knife unit with 4 stainless steel blades for chopping and pureeing vegetables, fruit, meat, fish, nuts, etc.**
+ **Emulsifying disc for whipping and blending whipped cream, dips, dressings and much more**
+ Easy to use thanks to 2 speed settings (up to 2.300 rpm.)
+ **Large 1.0 l glass container with non-slip mat and storage lid – Chop & Go!**
+ Incl. spatula and charging cable (USB-C)
+ Easy cleaning thanks to dishwasher-safe accessories

Electric multi-grater

CR 4

The perfect kitchen helper

Item 3542

Special functions	4x 4 different graters	Stainless Steel housing

+ **4 acid-etched inserts: discs, large Julienne, small Julienne and rasp insert**
+ Conical shape of inserts for easier transport of rasped goods
+ **Tilt mode for free selection of working angle**
+ **Touch control panel with five speed levels**
+ Power: ca. 200 watts
+ Soft touch surface of control panel
+ High-quality stainless steel housing
+ Security delay of 3 seconds when switching on
+ All parts can be removed easily for cleaning

Tilt mode

Multi opener

D 10

Item 2775

Special functions	3 in 1 Multi-functional	Stainless Steel housing
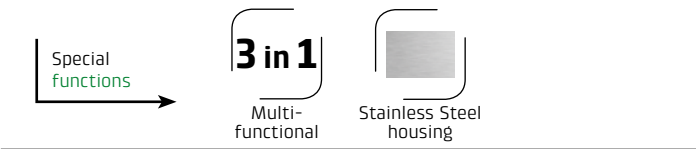

+ The perfect helper for the household
+ **Flexible to use as bottle opener, knife sharper, tin opener etc.**
+ Magnetic lid holder holds separated lids for safe working
+ Very powerful motor
+ High quality stainless steel housing
+ Easy one-hand operation
+ Incl. practical cable compartment

Dehydrator

DH 450

Item 3165

Special functions	30 - 70 °C	Temperature and time guide	Fruit leather
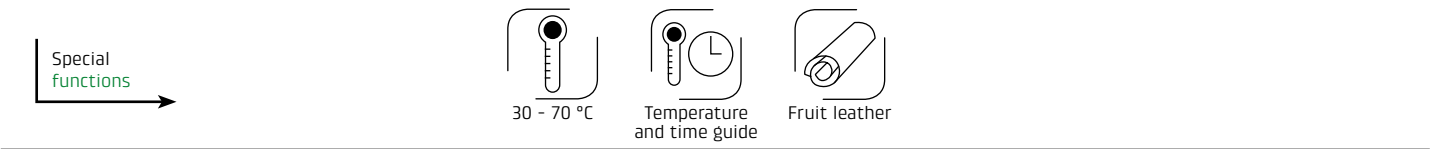

+ **For drying and preserving of fruit, vegetables, herbs, mushrooms, meat, nuts, grains, seeds, etc.**
+ Sustainable: Enjoy regional fruit and vegetables even when out of season
+ Tasty homemade creations such as fruit, vegetable and potato crisps, fruit leather, beef jerky, muesli bars, granola, tea, treats for cats / dogs, etc.
+ **Healthy alternatives: You will always know what ingredients have been used / Minerals and vitamins are preserved**
+ During the dehydration process water is removed from the food product, prolonging its shelf life while preserving nutrients
+ Plenty of space thanks to 5 stackable, height-adjustable drying racks
+ **Temperature adjustable from 30 °C to 70 °C (in 5 °C increments)**
+ Even heat distribution for optimum results
+ **Practical timer adjustable from 0,5 - 48 hours (in 0,5 h increments) with acoustic signal when the time is up**
+ **With temperature and time guide on the cover**
+ Cover and base in high-quality stainless steel
+ White LED screen with temperature and time display
+ Turning knob for easy temperature and time setting
+ Incl. 2 silicone moulds for muesli bars
+ Incl. 2 reusable dehydration sheets for fruit leather or to prevent drips

Mincer
FW 2000

Item 2870

Special functions → Strong engine · Stainless steel blades
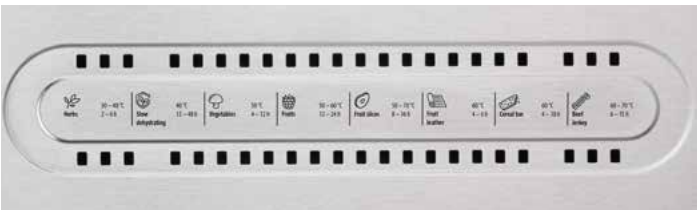

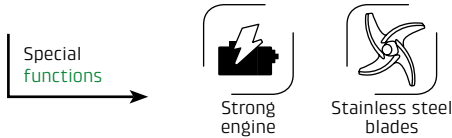

+ High-quality cast aluminum housing
+ **Powerful motor (800 W nominal power; 2000 W maximum power) for quick processing of up to 2,5 kg of food/min**
+ Easily chops raw and cooked meat, fish and vegetables
+ **With high-quality, durable titanium-refined blade**
+ **Versatile application possibilities thanks to extensive accessories:**
  · 3 perforated discs (3 mm, 5 mm and 8 mm)
  · Shortbread cookie attachment with 4 molds
  · Sausage stuffer
  · Tamper
  · Drip tray
+ **Large aluminum filling tray with additional storage options for accessories**
+ Includes drip tray, which also serves as a cover for the filling tray
+ Housing in an elegant black design
+ Easy assembly and disassembly of all parts
+ Convenient operation with 2 speed levels
+ Practical return function gently removes jams and residues

Mincer
FW 2000 Black

Item 2872

Special functions → Strong engine · Titanium-coated blades
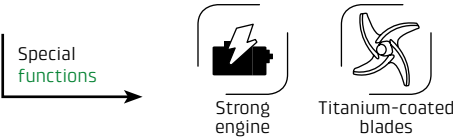

+ Like FW 2000, but with black cast aluminum housing and titanium-coated blades

Mincer
FW 2500

Item 2873

Special functions → Strong engine · Titanium-coated blades
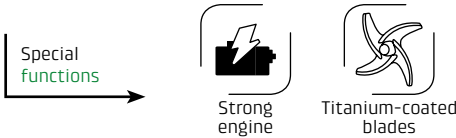

+ **Powerful motor (400 W nominal power; 2500 W max. power) for fast processing of up to 2.5 kg food/min.**
+ **With long-life direct current (DC) motor – quieter in comparison to compared to AC motors**
+ Easily minces raw and cooked meat, fish, vegetables, tofu, etc.
+ **Numerous preparation options**, e.g. (fish) meatballs, burger patties, tofu sausage, vegetable patties, shortbread and much more
+ **With high-quality, long-lasting titanium-coated blade**
+ Convenient operation with 2 speed levels
+ Strong suction feet for a secure stand
+ Burger press for 2 patty sizes and for stuffed patties
+ Space-saving storage of accessories in the filling tray
+ Easy assembly and disassembly of all parts – easy cleaning
+ Practical return function gently removes jams and remnants
+ Durable metal gear and metal gear shaft
+ Burger press for 2 patty sizes and for stuffed patties
+ Space-saving storage of accessories in the filling tray
  · 3 stainless steel cutting plates (3 mm, 5 mm and 8 mm)
  · Sausage filler
  · Cookie attachment with 4 moulds
  · Stuffer

Mincer
FW 2500 Black

Item 2874

Special functions → Strong engine · Titanium-coated blades
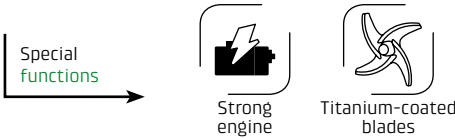

+ Like FW 2500, with black housing

  · Splash guard with filling chute

SWITCH

Accessories KM 1800 Black

Mincer

Item 3161

Special functions → 3 perforated discs | Sausages in 3 sizes
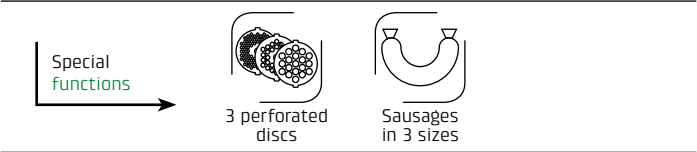

+ The perfect addition to kitchen machine KM 1800 Black, e.g. for making meatballs and burger patties
+ Mince meat in the mincer attachment and then process it directly in the KM 1800
+ Easy assembly of the meat grinder attachment on the motor head of the kitchen machine
+ **4 stainless steel blades for an easy, quick chopping of raw and cooked meat, fish and vegetables**
+ **3 stainless steel perforated discs in fine, medium and coarse**
+ The stainless steel or glass bowl of the kitchen machine can be used as a collection container and makes subsequent processing in the KM 1800 Black easier
+ **Including stainless steel sausage attachments for making homemade sausages in 3 different sizes (dishwasher safe)**
+ Practical 2 in 1 tamper: for safe use and for storing the sausage attachments
+ Large filling tray enables larger quantities to be processed

Accessories KM 1800 Black

Multigrater

Item 3160

Special functions → Stainless steel drums

+ Multi-grater for Kitchen Machine KM 1800 Black (Art. No. 3156 / Art.No. 3157)
+ **Versatile uses through three different, interchangeable drum inserts made of stainless steel for fine and coarse rasps and for slices**
+ For quick and easy cutting, rasping and the grating of fruits, vegetables, cheese, nuts and chocolate etc. (e.g. for salads, potato pancakes, cakes etc.)
+ Simple assembly of the filling chute on the motor head
+ Simple assembly and disassembly of the drum as well easy cleaning thanks to dishwasher suitability
+ Practical tamper for safe use

Accessories KM 1800 Black

Fettuccine cutter

Spaghetti cutter

Pasta roller

Item 3163

Item 3164

Item 3166

Special functions →

Stainless steel attachment

+ The perfect addition to the kitchen machine KM 1800 Black – Make pasta dough with the food processor and then process with the Fettuccine cutter
+ Easy assembly of the pasta attachments on the motor head food processor
+ **High-quality attachment made of stainless steel**
+ **Fettuccine cutter for tagliatelle with a width of 6,5 mm**
+ Easy to clean thanks to the practical cleaning brush

+ Like Fettuccine cutter, difference:
+ **Spaghetti cutter for even, fine spaghetti with a width of 2 mm**

+ Like Fettuccine cutter, difference:
+ **Multifunctional pasta roller with adjustable thickness in 8 levels: For lasagne sheets, cannelloni or the further processing into spaghetti or fettuccine**

Electric pan

Party pan

Versatile use:
+ Pizza
+ Hamburger
+ Meatballs
+ Sausages
+ Steaks
+ Fried potatoes
+ Vegetables
+ Scrambled eggs
+ and more

Item 1491

Special functions →

Non-stick coating

Temperature up to 240 °C

+ Ideal for pizzas, hamburgers, meatballs, sausages, steaks, fried potatoes, vegetables, scrambled eggs and much more
+ **High quality, non-stick coated frying surface**
+ Glass lid with vapour-escape outlet
+ **Temperature control up to approx. 240 °C**
+ Keep-hot function

Chapter 7

Cooling & dry aging

It depends on the temperature

Whether red wine with an aromatic bouquet; a crisp white wine; a well-chilled beer or cool summer drinks, CASO Design wine and barbecue coolers ensure maximum enjoyment. Ice cube makers and ice cream machines deliver that extra helping of coolness. And if you like tasty, tender meat, then you will love the CASO Design Dry Aged Cooler. There is no better way to get the best out of your meat!

ALWAYS PERFECTLY COOLED

Whether freestanding, built-in or under-counter, High-quality CASO Design wine refrigerators are perfect additions to any kitchen or living area, delivering functionality and convenience. Barbecue coolers are a great way to ensure you always have well-chilled drinks and ideal for covered patios and outdoor kitchens. Not to mention our exclusive lounge table with a sound bar.

High-quality dry aged coolers also offer a special taste experience, creating the perfect conditions for the traditional dry aging process. There is no better way to get the best out of your meat. And if you need to cool down, then try our ice cream machines that enable you to make tasty treats in the blink of an eye.

Enjoy wine with your meal

Stable temperatures thanks to CASO Design

For many connoisseurs, gourmet cuisine must be accompanied by a great white or red wine, depending on what they are eating.

Without a doubt, the perfect wine rounds off a good meal. Achieving the ideal drinking temperature is an essential element of this. Wine coolers are a great way to keep wine that has been stored in a CASO Design wine refrigerator at a desired temperature ranging from 5 to 18°C when served at the table.

Other drinks such as mineral water, lemonade or sparkling wine can also be chilled and kept cool.

Wine cooler for 1 bottle

VinoCase Black

Item 615

Special functions	For red and white wine
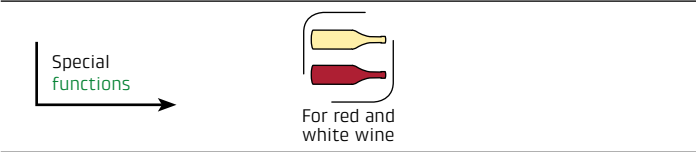

+ Modern table-top wine cooler, ideal to maintain the temperature of an already chilled bottle of wine, champagne, sparkling wine, etc.

+ With lockable door

Smart Kitchen

Temperature control easily via the CASO Control app

Our WiFi-enabled wine coolers can be conveniently controlled via your smartphone – even when you're away from home. The essential CASO Control App allows you to easily monitor and adjust storage temperature and lighting.

NEW: Temperature Profiles in the App Portal (PC/Mac)
Choose from individual temperature profiles: "Standard Celsius," "Standard Fahrenheit," and the energy-saving "Eco Celsius" and "Eco Fahrenheit" profiles. For even more enjoyment, you can also create profiles that meet your personal requirements.

+ With built-in activated carbon filter
+ Incl. Racks and hangers with meat hooks made of stainless steell + one H2O storage (two pieces for DryAged Master 380 Pro)

The special way to age meat
Fancy a Galician beef sirloin steak? An absolute dream for meat lovers. Thanks to its strong marbling this cut is extra tender and aromatic and can achieve its full potential in the CASO DryAged maturing cabinet.

This special way of aging meat makes it particularly tender and aromatic. Beef aged on the bone has been a cult in the USA for decades now.

Dry aging is the oldest known process for maturing meat and involves aging it on the bone for a certain length of time at a controlled temperature and humidity.

CASO DryAged coolers include finely adjustable air conditioning technology and a high-quality finish. A "must-have" for meat lovers who want ultimate enjoyment.
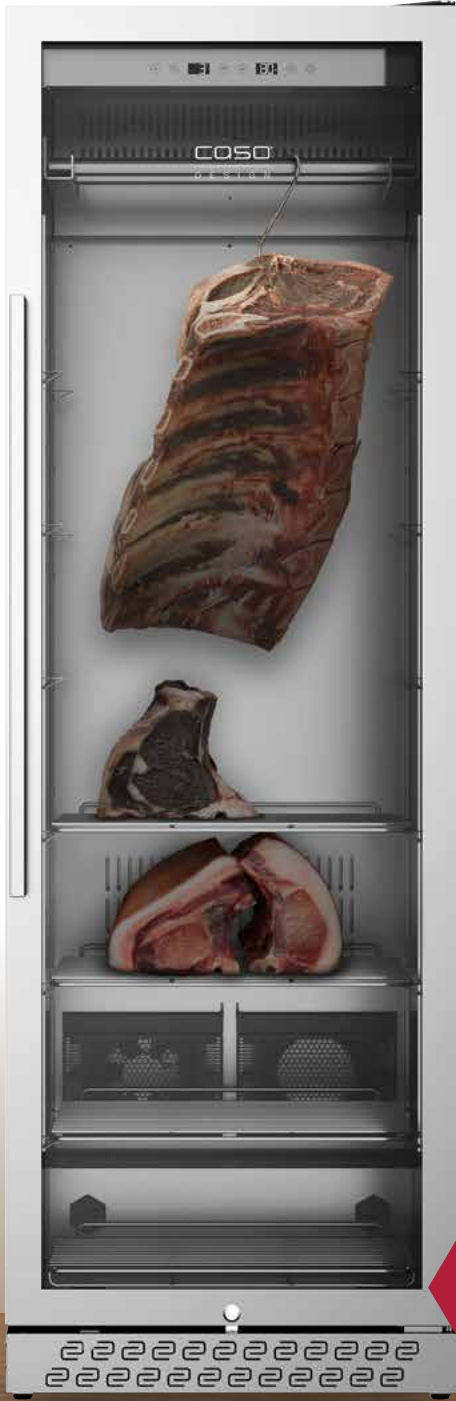

The hook supplied with the appliance ensures that every surface of the meat matures perfectly.

The dark colouring is a classic characteristic and is removed before using the meat.
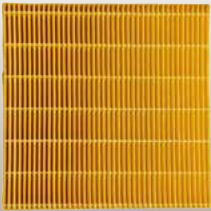

Perfectly marbled meat for an intensive taste experience.

BODY ENERGY TECHNOLOGY: ENERGY WITHOUT BATTERY

Environmentally friendly

Designer bathroom weighing scales with Body Energy technology are powered by kinetic energy, meaning that they are always ready to use. Energy is generated for one minute by pressing the power button.

Kinetic energy
Kinetic energy (created by movement) is converted into electrical energy, thus generating electricity to power the scales.

Your benefit: The scales are almost never "dead". There is no battery with toxic heavy metals to dispose of. The German Federal Environmental Agency recommends, "Avoid batteries wherever possible. Buy mains-operated or battery-free appliances."*

Item 3416

Special functions | Weighing scale up to 180 kg — **180 kg** | Sensor: 100 g | Batteryless

+ **This design personal scale is always ready for use as a result of body energy technology:** By activating the power button, energy is generated for one minute. Kinetic energy (energy of movement) is converted into electrical energy and, as a result of activation of the power button, kinetic energy generates electricity which brings the scales into operation.
+ Maximum efficiency and minimal environmantal burden (no use of batteries), so they spare the environment and are durable
+ High quality all-glass surface
+ Extremely long life
+ Digital display incl. control display of generated energy
+ Up to 180 kg in 100 g increments

Body Energy Fit

NEW

Item 3417

Special functions | Weighing scale up to 150 kg — **150 kg** | Sensor: 100 g | Batteryless | Body analysis

+ **Environment-friendly thanks to battery-free use**. Pressing the power button generates enough kinetic energy for one weighing process
+ High load capacity up to 150 kg in 0.1 kg increments
+ **Ideal for multi-person households and families** – up to 4 saveable profiles
+ **Body analysis scales (BIA) with precise measurement of the percentages of body water, body fat, muscle, bone density and the BMI for optimum success monitoring**
+ Extra-large LCD display for optimum readability
+ High-quality all-glass surface with sturdy weighing platform thanks to tempered safety glass and non-slip feet
